*Offg. Secretary to Government, Punjab,*

*Buildings and Roads Branch.*

## Irrigation Branch.

*The 3rd January* 1913.

*No. 9 R. I.—Notification.*—In exercise of the powers conferred by the Northern India Canal and Drainage Act, 1873 (VIII of 1873), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following rules for the Upper Chenab Canal :—

**Rules under Act VIII of 1873, applicable to the Upper Chenab Canal.**

### PART III.—ON CONSTRUCTION AND MAINTENANCE OF WORKS.

1. *Orders for construction of works.*—The order which a Divisional Canal Officer may issue under section 18 shall be in writing, and shall be served on the persons concerned or their representatives in the manner prescribed in rules 79 A to 79 I, inclusive.

Section 18.

2. *Proceedings of Superintending Canal Officers on reference.*—The Superintending Canal Officer, before confirming or modifying a decision passed by the Divisional Canal Officer under section 20, shall hear and record any objections made to such decision by the parties interested or their representatives, to whom at least fifteen days' notice of the date and of the place at which Superintending Canal Officer will consider the Divisional Canal Officer's decision shall be given.

Section 20.

3. *Proceedings of Deputy Commissioner.*—The notice which the Deputy Commissioner is bound to give to the Canal Officer under section 24 shall not be less than fourteen days.

Section 24.

4. *Opening of new water-courses.*—Water shall not be admitted into any new water-course until all works necessary for the passage across such water-course, or water-courses existing previous to its construction, and of the drainage intercepted by it, and for affording proper communications across it, for the convenience of the neighbouring lands, are completed to the satisfaction of the Divisional Canal Officer.

Section 29.

Rule 5 is omitted, and the following Note stands in its place :—

" *Water will be given to a village, and not to individual applicants.*"

### PART IV.—ON THE SUPPLY OF WATER.

6. *Limit of length of water-courses.*—Water shall not ordinarily be granted to lands where the length of the water-course from its head to its point of contact with the fields exceeds two miles.

Section 31.

7. *Apprehended wastage.*—A supply of water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur. From his decision an appeal may be preferred to the Superintending Canal Officer.

Section 16.

7 A. A new supply of water shall not ordinarily be granted in respect of lands where the available supply of water in the canal, distributary or water-course is already fully utilized.

8. *Sanitary reasons.*—The Divisional Canal Officer shall not engage to grant water in the following cases, *viz* :—

Section 31.

(*a*) For the irrigation of any kharif crops upon lands within one mile from the outermost houses of any town, if such irrigation be objected to by the municipal committee (or, if there be no municipal committee, by the Deputy Commissioner), and the objection is approved by the Superintending Canal Officer and the Commissioner of the Division. Should these officers differ in opinion, the question will be referred to Government in the Irrigation Department, whose decision shall be final.

(*b*) When the Local Government has, by a notification in the official Gazette, declared that the irrigation of certain crops within a specified distance from the boundary of a cantonment ought not, on sanitary grounds, to be permitted, no engagement for a supply of water shall be made against the terms of such prohibition.

 * * * *

8 B. Every supply of water shall be deemed to be given subject to the condition that the water shall not be used for the cultivation of any particular kind of crop in any particular locality in which the use of canal water for that kind of crop has been prohibited by the Local Government on sanitary grounds by a notification in the official Gazette. When, however, the right to impose this prohibition is exercised in regard to existing cultivation, the occupiers shall be entitled to such compensation, if any, as the Local Government may think just.

Section 31.

9. *Preparation of fields.*—A Divisional Canal Officer may withhold or postpone the issue of water to any cultivator whose field he may have ascertained by personal inspection (by himself, one of his Assistants, or the Canal Deputy Collector), to be unprepared for irrigation by division into *kiaris* or compartments, not greater in area than one "*kanal,*" and by the addition of small water channels, as is customary in irrigation from wells.

(*a*) When a field is irrigated which has not been so prepared, an additional charge may be imposed not exceeding half the amount of occupier's rate leviable upon the field.

(*b*) Rice fields and gardens are exempted from the operation of this rule.

(*c*) In each case the Divisional Canal Officer, the Sub-Divisional Canal Officer, or Canal Deputy Collector must certify that he personally examined the field, and that it was not properly prepared for irrigation according to the terms of the rule.

(*d*) An appeal against the order of the Divisional Canal Officer may be preferred to the Superintending Canal Officer.

Section 31.

10. *Filling of tanks for watering cattle.*—Tanks may, subject to the following provisions, be filled with canal water without charge and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal :—

I.—Except as provided in rules 12 and 12 (*a*), no tank shall be so filled unless exclusively used for domestic purposes, for watering cattle, or for the manufacture of bricks not subsequently burnt in a kiln, or for *pisé* wall building.

II.—The lambardars of a village, in which there are one or more tanks for which a supply of canal water is desired, shall submit an application to that effect to the Divisional or Sub-Divisional Canal Officer, in which the number, names and approximate general dimensions of the tanks for which water is desired shall be stated. The Sub-Divisional Canal Officer, on receipt of the application, and after any further enquiries that he may deem necessary, shall pass an order stating the number and names of the tanks to which canal water may be supplied, whenever it can be made available without injury to the cultivation dependent on the canal, and subject to the following provisions. A written license in the terms of this order shall be given to the applicant, and shall remain in force until revoked by a written order of the Divisional Canal Officer.

III.—Tanks shall be filled at such times as may be directed by the Divisional or Sub-Divisional Canal Officer either by a general or by a special order. If it is desired to fill a tank at any other time, a written application shall be made to that effect. The filling of tanks shall be permitted only at such times and to such extent as the Divisional or Sub-Divisional Canal Officer may approve.

IV.—No tank shall be so filled which by intercepting any line of drainage is liable to overflow from an accumulation of water derived from natural sources.

V.—No tank shall be so filled when the water-course used to fill it is, in the opinion of the Sub-Divisional Canal Officer, in an unsound or unfit condition to carry the supply.

VI.—The privilege afforded by clause II of this rule may, in addition to any penalty which may be incurred under the Act, be suspended for twelve months for breach of any of the foregoing provisions under a written order of the Divisional Canal Officer passed on a regular proceeding and enquiry in each case. From such order an appeal shall lie to the Superintending Canal Officer.

VII.—In cases in which tanks have been filled without the license prescribed in clause II, or during the suspension under clause VI of the privilege afforded by such license, or in which tanks for which licenses have been granted have been filled at times other than those prescribed by the Divisional or Sub-Divisional Canal Officer under clause III, the water so admitted into such tanks may be charged for at such rate, not exceeding the rate for the time being in force for water supplied in bulk as the Divisional Canal Officer may in each case direct. Against such charges an appeal shall lie to the Superintending Canal Officer.

11. *Contracts.*—The Divisional Canal Officer, with the previous sanction of the Superintending Canal Officer, is empowered to make contracts for the supply of canal-water for purposes other than irrigation, not specified in schedule of rates, for any term not exceeding one year. For terms exceeding one year the previous sanction of the Local Government shall be necessary.

12. *Charges for water used for purposes other than irrigation.*—Tanks may be filled with canal water for purposes other than those stated in clause I of rule 10: such water will be charged for at rates and subject to conditions to be determined by the Local Government in each case.

12A. Irrigation may also be carried on from tanks, provided the previous sanction of the Sub-Divisional Canal Officer be obtained. The usual rates will be charged for such irrigation.

13. *Water supplied to cantonments, towns, &c.*—When water is supplied to forts or other military buildings, cantonments, civil stations, cities, towns, railways, public gardens or other places of public resort, either by filling of tanks or by direct flow, contracts, at special rates, may be accepted by the Divisional Canal Officer with the previous sanction of the Local Government.

14. *Water power.*—The use of water power may be granted by the Divisional Canal Officer at such rates and under such conditions as may be sanctioned by the Local Government in each case.

Section 32 (*a*).

15. *Tatils.*—Divisional Canal Officers are empowered, for purposes of administration, repairs and maintenance, to order the closure of any water-course for periods which shall not extend beyond twelve consecutive days. For longer closures the authority of the Superintending Canal Officer is required.

Section 32 (*a*).

16. Orders for closures under rule 15 must be notified either—

(*a*) by a notification,

(*b*) by a special order.

Such notification or order shall be in writing under the hand of the Divisional Canal Officer, and a copy shall be conveyed by the Canal establishment with due expedition to each village concerned, and delivered to the patwari, or, in his absence, to any lambardar. The receipt of each person to whom a copy of the notification or order is delivered shall be affixed to a schedule prepared for the purpose, which shall be recorded in the Divisional Canal Office.

It shall be the duty of the patwari or lambardar who receives the notification or order above described to affix it at once in a conspicuous position in the village and to make its purport generally known.

Section 32 (*a*).

17. *Stoppage of supply in improperly maintained water-courses.*—Stoppage of supply of water to any water-course under section 32 (*a*) (2) may be enforced when the Canal Officer ordering the stoppage has satisfied himself, by personal inspection, that the water-course is not maintained in proper repair. The order for such stoppage shall be in writing under the hand of the Divisional Canal Officer, and an immediate report shall be made to the Superintending Canal Officer, and the special grounds for stoppage explained. The Superintending Canal Officer's order shall be final.

Section 32 (*a*).

18. *Report of closures.*—Immediate report shall be made to Superintending Canal Officer of all closures under case (1), section 32 (*a*).

19. Nothing in the foregoing rules shall be taken to affect the power of a Canal Officer to close any water-course or stop any supply of water on his own authority in cases which he deems to be of pressing emergency.

20. *Claims for remissions.*—In cases of remissions of occupier's rates for failed crops—

Section 32 (*b*).

I.—(1) In case of some estates or defined parts of estates for which the Deputy Commissioner and Executive Engineer agree that the water-supply is precarious and unsatisfactory, the Zilladar is required to grant remissions on the following scale:—

(*a*) No remission shall be given—

(*i*) in respect of crops which have been cut or grazed prior to inspection,

(*ii*) when a light rate is charged for crops grown on the *Wadh* of a previous crop,

(*iii*) when a special rate has been fixed on a kharif distributary for a first watering to start a rabi crop,

(*iv*) when a crop is equal to or better than an 8-anna one.

(*b*) When a crop is equal to or better than a 4-anna one but worse than an 8-anna one, half remission shall be granted.

(*c*) When a crop is worse than a 4-anna one full remission shall be granted.

(*d*) In the case of mixed crops not specially classified the remission will be dealt with in accordance with rule 23 (*ii*).

(2) Any cultivator not satisfied with remission granted by the Zilladar may prefer an appeal within 10 days of the communication to him of the Zilladar's order. No appeal shall be allowed in respect of a crop which has been cut or grazed.

(3) Appeals against the decisions of the Zilladar may be presented to the Deputy Collector, Sub-Divisional Officer or Divisional Officer and should be promptly enquired into and decided. The decision given on appeal by the Divisional or Sub-Divisional Officer or Deputy Collector, as the case may be, shall be final

II.—In the case of estates not specified above claims for remissions which may arise from failure or stoppage of supply, or from other calamities of a special and isolated character, shall be presented to the Divisional, Sub-Divisional Officer or Deputy Collector before the crop is cut and within 10 days of the occurrence of the calamity. The unit of remission in such cases will be the field number. If the claim is admitted the Divisional Officer may remit to the limit of Rs. 100 in each individual case, provided that the aggregate remissions for any village do not exceed Rs. 1,000. If the Divisional Canal Officer consider that higher remissions should be granted than those above specified the sanction of the Superintending Canal Officer shall be required. Pending the decision, the collection shall be suspended.

Remissions are only admissible if there has been a complete failure or destruction of a crop due to causes beyond the control of the cultivator. If the failure is so nearly complete that the cultivator recovers nothing beyond the seed and the bare cost of cultivation it shall be treated as complete.

III. In case of a widespread recognised calamity affecting large areas where the total remissions of occupiers' rates are not likely to amount to more than Rs. 25,000 in any Canal Division no further sanction is required where the Deputy Commissioner and Executive Engineer concerned are in agreement; where remissions are likely to exceed that sum or where the Deputy Commissioner and the Executive Engineer are not in agreement the case will be reported to Superintending Canal Officer who has power, in consultation with Commissioner, to sanction up to one lakh of rupees in any division. Proposals for remissions in excess of the sum agreed to by Superintending Canal Officer and Commissioner and cases in which these officers are not in agreement will be reported to Chief Engineer for decision by him in consultation with the Financial Commissioner.

If it is believed that over a considerable area an average crop in the particular season—

(*a*) is more than a 4-anna, but less than an 8-anna crop, half may be remitted,

(*b*) is less than a 4-anna crop, the whole may be remitted.

NOTES.—(*a*) Where there are two schedules of occupiers' rates on a canal, this implies that a normal or 16-anna crop in an estate subject to the lower schedule yields a smaller outturn than a normal crop in an estate subject to the higher schedule.

(*b*) A normal crop should be regarded as one giving a yield equal to that adopted by the Settlement Officer for that crop in framing his half net assets estimate.

IV. Claims for remissions of ordinary charges, other than occupiers' rates, payable for the use of the canal water, shall be admitted only on proof of actual loss caused by the stoppage of supply: on proof of such loss, the whole or any portion of the charges may be remitted as hereinbefore provided.

V. If a claim for remission of ordinary charges other than occupiers' rates be rejected by the Divisional Canal Officer, the claimant may prefer an appeal to the Superintending Canal Officer.

20 *A.—Who to be deemed "occupiers—"*

I. For the purposes of section 36 of the said Act, the following persons shall be deemed to be "occupiers," namely:—

(*a*) Where the land-owner is in actual cultivating occupancy, such land-owner.

(*b*) Where the land is in the actual cultivating occupancy of a tenant or sub-tenant, and the rent is not paid through a contractor, the landlord, and such tenant or sub-tenant.

(*c*) Where the land is in the actual cultivating occupancy of a tenant or sub-tenant, but the rent is paid through a contractor, the landlord, the contractor, and such tenant and sub-tenant.

(*d*) Where the land is in the actual cultivating occupancy of a mortgagee holding from a landlord, tenant or sub-tenant, such mortgagee and the mortgagor.

II. In the cases referred to in clauses (*b*), (*c*) and (*d*) of clause I—

(*a*) the landlord and the tenant or sub-tenant, or

(*b*) the landlord, the contractor and the tenant or sub-tenant, or

(*c*) the mortgagee and mortgagor,

as the case may be, shall be jointly and severally liable for the payment of the occupier's rate.

III. The expressions "land-owner," "landlord" and "tenant" in this rule shall have the meanings respectively assigned to them in the Punjab Land Revenue Act, 1887 (XVII of 1887), and the Punjab Tenancy Act, 1887 (XVI of 1887).

## PART V.—OF WATER RATES.

21. *Charges for the use of water.*—The charge for the use of water shall be made on the area irrigated at the rates specified in the schedules for the time being in force, and subject to the following rules:—

Section 36.

22. *Charge leviable for a preliminary watering when no crop is sown.*—When a field receives the first or preliminary watering, and afterwards no crop is sown, the lowest rate of charge for "lift" or "flow," as the case may be, will be imposed.

22 A—

(1) When a field receives the first or preliminary watering, and afterwards a crop is sown, there shall, subject to the provisions of paragraph (2) of this rule, be payable in respect of that watering the full rate specified in the appropriate schedule as the rate to be charged for canal water supplied for the irrigation of the crop.

(2) When provision is made in the schedule for a special rate being charged for a single watering followed by a crop on land irrigated from a channel to which the Local Government has declared the special rate to be applicable, the rate to be charged for watering shall be such special rate, and not the full rate which would otherwise be payable under paragraph (1) of this rule.

23. *Charge for mixed crops.*—If mixed crops be grown in the same field, the occupiers' rate shall ordinarily be calculated on the highest rated crop.

Mixed crops are—

(*i*) Mixtures entered as such under a specific name in the schedule of occupiers' rates—

In order that a mixed crop may be entered as such under its specific name in he schedule of occupiers' rates, it is necessary that the lower rated crop or crops shall occupy not less than ¼th of the whole area of the field.

(*ii*) Mixtures which have no specific name in the schedule of occupiers' rates but are grown one in between the other or others in the same field :—

The whole area of the field shall be regarded as under the highest rated crop. If remission in respect to the higher rated crop has to be given in accordance with the rules and if with such remission the value of the assessment of the higher rated crop is for the field as a whole less than that for the lower rated crop without remission, then the field shall be assessed at the rate for the lower rated crop : no remission being allowed except total remission for cases of total failure of both crops.

24. Different crops not intermixed with each other, but grown on separate plots, whether such plots are or are not within the boundary of the same field, are not mixed crops, and shall be assessed each according to its classification and the area occupied by it.

25. *Charge leviable on fields resown.*—When the original crop sown in a canal-irrigated field fails and is ploughed up, and a fresh crop is sown in the same season, the occupier's rate to be levied is that due on the crop which comes to maturity.

Section 36.

26. *Occupier's rate for fields partly irrigated.*—If only a portion of a field be irrigated, the occupier's rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated by a well-defined ridge.

Section 36.

27. *Charge leviable on fields partly irrigated from canals, partly from wells or other sources.*—Where a portion of a field has been irrigated with canal-water, and a portion with water from a well or any other source, the whole field will be treated as irrigated with canal-water, unless a clearly distinguishable boundary demarcated by a well-defined ridge exists between the two portions. Where such a boundary exists, enquiry will be made whether the use of water from a well or any other source was owing to deficiency in the supply of canal-water, in which case the canal charge on the portion irrigated by canal-water should be reduced to lift rates.

Section 36.

28. *Use of canal water-courses for conveyance of water from a well or any other source.*—If water from a well or any other source is conveyed in the same channel as canal-water in the course of the same season, the whole of the irrigation from that channel during such season is liable to be treated as irrigation from the canal.

Section 36.

29. *Charge leviable for permanent irrigation from escapes.*—Irrigation from escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

30. *Charge leviable for intermittent irrigation from escapes.*—Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Local Government in each case.

31. When a natural drainage channel or reservoir, not being part of the canal, is used as an escape channel, if it is so used at the request of persons desirous of irrigating from it, the same rates shall be chargeable for irrigation from it as for irrigation from an escape channel. Provided that the area, if any, irrigated from it previous to the introduction of canal-water shall not be liable to water-rate, the amount of such area shall be determined by the Deputy Commissioner. In all cases in which water is supplied under this rule, a written contract shall be executed, setting forth the terms on which it is supplied.

32. *Charge leviable for water used without permission or at time prohibited (i. e. during tatils) by proper authority.*—Persons irrigating from a canal without permission, or taking water at times prohibited by proper authority, shall, in addition to the ordinary crop rate which would be leviable, be chargeable with a punitive rate equal to the above ordinary charge for each separate and distinct occasion on which water is used without permission, or at times prohibited by proper authority.

The area shall be measured, and notice shall at once be given on each such occasion to the persons so irrigating that they will be so charged in the demand statement under this rule for the area thus watered.

32 A. *Charge leviable for water used outside the irrigation boundary.*—Persons irrigating or taking water from the canal outside the irrigation boundary shall, in addition to the ordinary crop or *raoni* rate leviable, be chargeable with a punitive rate equal to that rate.

33. *Charge leviable for water used in an unauthorized manner or suffered to run to waste.*—The charges leviable for water used in an unauthorized manner, or suffered to run to waste, shall be—

(1) On cultivated lands, the crop rate which would otherwise be leviable on the area flooded, together with a punitive rate equal to this ordinary charge for each distinct and separate occasion on which water is so used ;

(2) On uncultivated lands, the highest rate prescribed in the rules made by the Local Government under section 36 of Act VIII of 1873, provided that in every such case the Divisional Canal Officer may impose a lower charge if he thinks fit, and provided, further, that this charge may be made for each distinct and separate occasion on which water is so wasted.

The area shall be measured up as soon as possible, and the persons chargeable with this rate having been determined in accordance with the provisions of section 33 of Act VII of 1873, notice shall on each occasion be given to them that they will be charged accordingly in the demand statement.

The special rates mentioned in this and in the preceding rule shall be in addition to such penalties as may be imposed under section 70 of the Act.

33A.* * * * * * *

34. An appeal against any charge made under rule 33 on account of water run to waste may be preferred to the Deputy Commissioner.

34 A. An appeal against any charge made und er r ules ∂2 t 33 inclusive, other than for water run to waste, may be preferred to the Commissioner.

Section 75.

35. *Schedules of rates to be accessible to villagers.*—The patwari of every village irrigated by canal shall be furnished by the Divisional Canal Officer with a statement in Urdu, showing the rates of assessment per ordinary local and canal measurements, which statement shall be suspended in the *Chaupal* or in a conspicuous position in a place of public resort.

36. * * * * * * *
(Not required.)

Section 47.

37. *Lambardars' fees.*—The allowance to lambardars, or other persons collecting from cultivators, shall be three per cent. on the amount collected, on condition that the full amount due has been paid for each estate by the date fixed by the Financial Commissioner, and that the lambardar has performed his duty connected with the assessment, such as personal attendance or deputation of a proper substitute at the time of measurement, and correct report of irrigation.

Provided that it shall be at the discretion of the Deputy Commissioner or Divisional Canal Officer, as the case may be, subject to the appeal allowed by rule 76, to withhold the whole or part of the allowances prescribed in this rule in the event of the conditions not being complied with.

## PART VI.—NAVIGATION.

## PART X.—OF OFFENCES AND PENALTIES.

Section 70.

65. *Offences under Canal Act triable by Magistrates of the 2nd Class.*—The Lieutenant-Governor is pleased, under section 70 of the Act, to direct that charges of offences under that section shall be cognisable by a Magistrate of the 2nd Class.

Section 70—Clause 11.

66. No person, without the permission in writing of the Divisional Canal Officer, shall pass, or shall cause any animal or vehicle to pass on or across any of the roads, works, banks or channels of a canal, or drainage work, after he has been desired to desist therefrom, excepting upon such bridges, fords and ferries and their approaches, as are provided by the Divisional Canal Officer.

66 A. Every person in charge of a vessel navigating the Chenab river, and wishing to pass the vessel across the Canal Works at Merala shall tie up the vessel at a point, if the vessel is proceeding downstream, clear of the protection works above the canal, or, if the vessel is proceeding upstream, at such point within the protection works as the Canal Officer may direct, and shall not permit the vessel to proceed further until he shall have obtained the special permission of the Canal Officer in immediate charge of the canal works at Merala for the vessel to proceed across the canal works. Such permission shall not be given until the person in charge has prepared his vessel for the passage by lowering masts, breaking up rafts, or doing such other things as may, in the opinion of the Canal Officer, be required to put the vessel in a fit state to pass without damage to the canal.

## PART XI.—SUBSIDIARY RULES.

67. *Assessment and realization of occupier's rate.*—The amount demandable for occupier's rate shall be determined and apportioned by the Divisional Canal Officer and the Deputy Commissioner shall realize the sums due.

Section 75.

68. *Khatauni to be accessible to villagers.*—The patwari is responsible that the village copy of the *khatauni* or demand statement is at all times accessible to any person who pays for canal water.

69. *Distribution of parchas.*—As soon as the *khatauni* and *parchas* of a canal patwari's circle are completed, he will inform the lambardars of the dates on which the *parchas* will be distributed in each village. The Lambardars will call upon the irrigators to attend and receive the *parchas* from the canal patwari. Undistributed *parchas* will be entrusted to the lambardars of the village. The canal patwari will in every case endorse the date of distribution on the *parcha*.

Section 75.

70. *Complaints against khasrah entries.*—If a cultivator desires to contest the correctness of the entries made against him in the demand statement, whether as to the fact of the land having been irrigated, or of its being charged "flow" or "lift," or as to the measurement and entries of class or crop, he shall lodge a complaint with the Divisional or Sub-Divisional Canal Officer, or Deputy Collector or Zilladar, within twenty-one days of the date on which the *parchas* were distributed on the completion of the measurements of the village, or, if he has been charged without having done any irrigation from the canal during the harvest under assessment, or, if no *parcha* has been delivered, either to him or to the lambardar, within ten days of the date on which he first became acquainted with the claim against him; and the claim shall be investigated on the spot within fifteen days of receipt and promptly decided.

On a complaint being presented to a Zilladar, he shall immediately make local enquiry and report the circumstances of the case to the Sub-Divisional Officer for orders.

The order of the Divisional or Sub-Divisional Canal Officer, or Deputy Collector, in such cases shall be forthwith communicated to the complainant, and shall be subject to appeal to the Commissioner of the division.

Section 75.

71. *Objections may be made by a lambardar, &c., on behalf of cultivator.*—When a lambardar or other person is responsible, under sections 46 and 47 of the said Act, for the payment of the occupier's rates in a village, or any portion of a village, complaints under these rules may be lodged by such lambardar or contractor instead of by the cultivators, and any refund that may be necessary in consequence of the order passed upon objection so lodged, shall be paid by the Deputy Commissioner to such lambardar or contractor on account of the cultivators concerned.

72. *Method of dealing with alterations in the demand.*—If, after the giving of the *parcha*, any addition is made to the demand, or any reduction is allowed on a claim under rule 20, or appeal under rule 34, or by way of remission under section 32, clause (*b*), of the Act, or otherwise, such addition or reduction shall be communicated to the cultivator by means of suplementary *parchas*. Demands shall be shown in black, and remission in red letters. All such alterations as are made before the despatch of the *khatauni* to the Deputy Commissioner shall be included in that document, and shall also be written on slips similarly printed (black for additions and red for reductions) and attached to the *khatauni*. Alterations made after the despatch of the *khatauni* shall be communicated to the Deputy Commissioner by means of similar slips.

73. Provided for in Rules 81 and 85.

74. *Irrecoverable balances.*—When balances are found to be irrecoverable, owing to want of assets, absconding of defaulters or any other cause, they shall be reported by the Deputy Commissioner to the Commissioner, who if he sees fit will forward each case to the Financial Commissioner for such action as may be necessary under the orders of Government.

75. *Refunds of canal revenue*—

I. Refunds of canal revenue from British treasuries or sub-treasuries shall be taken into consideration by the officer in charge of a treasury or sub-treasury on the application of the claimants or their legal representatives or of his own motion.

II. The officer dealing with any claim for refund shall not admit it until—

(*a*) he has satisfied himself that the remission, on account of which the claim is made, has been granted by a duly authorised person;

(*b*) the Revenue Accountant (*Wasil Baki Nawis*) and the Treasury or Sub-Treasury Officer certifies that the sum was credited to Government on a specified date and in a specified item.

III. If after the investigation indicated in paragraph II (*a*) and (*b*), he is satisfied that the claims should be admitted, he shall pay them forthwith, unless the sums have been credited to Government in the accounts of any year earlier than the last preceding agricultural year, in which case the sanction of the Commissioner to the payment of the refund must be obtained.

Section 75.

76. *Appeal against retrenchment of fees.*—An appeal against retrenchment of fees of lambardars shall lie to the Commissioner of the Division or Deputy Commissioner, according as the retrenchment has been made by the Deputy Commissioner or Divisional Canal Officer.

77. *Receipts for water-rate.*—Receipts shall, when demanded, be given by the lambardar or other person making the collection to each cultivator on payment of occupier's rate.

Section 75.

78. *General prohibition.*—No person employed on a canal shall, without previous sanction obtained from the Divisional Canal Officer, have any interest in the distribution or use of water from the said canal, or purchase, or bid for, any Government property sold thereon, either in his own name, or in the name of another, or jointly, or in shares with others.

87. *Notice of hearing to be given.*—Notice of the date and place fixed for the hearing of the appeal shall be given to the appellant in such manner as the court may direct, and to every other party to the case whose interest is opposed to that of the appellant in the manner hereinafter prescribed.

Provided that the court may presume that notice has been received when a written notice has been served in any of the ways described in rule 89, above. ## QUESTIONS RELATING TO THE INDIAN CIVIL SERVICE.

### INDIAN CIVIL SERVICE.

#### METHODS OF RECRUITMENT.

*(a) General.*

*Question* 1.—What is your experience of the working of the present system of recruitment by open competitive examination for the Indian Civil Service? Do you accept it as generally satisfactory in principle?

*Question* 2.—In what respects, if any, do you find the present system faulty in detail, and what alterations would you suggest?

*Question* 3.—Is the system equally suitable for the admission of "Natives of India"* and of other natural-born subjects of His Majesty? If not, what alteration do you recommend?

*Question* 4.—Further, is any differentiation desirable between other classes of natural-born subjects of His Majesty? If so, what do you propose?

*The term "Natives of India" has been defined in section 6 of the Government of India Act, 1870 (33 Vict. c. 3) as including any persons born and domiciled within the Dominions of His Majesty in India of parents habitually resident in India and not established there for temporary purposes only; and the term has been so used throughout these questions.

*Question* 5.—Do you consider that the combination of the open competitive examination for the Home and Colonial Civil Services with that for the Indian Civil Service is or is not to the advantage of Indian interests? Please give your reasons.

*Question* 6.—If you do not consider the present system of recruitment by an open competitive examination to be satisfactory in principle, please state what alternative you would propose. Do you recommend a system based on any of the following principles :—

(*a*) Selection by headmasters of schools approved or otherwise :

(*b*) Selection by authorities in Universities approved or otherwise :

(*c*) Nomination by headmasters or University authorities and selection under the orders of the Secretary of State :

(*d*) Combined nomination and examination :

(*e*) Any other method.

*Question* 7.—What is your opinion regarding a system of simultaneous examination in India and in England, open in both cases to all natural-born subjects of His Majesty?

*Question* 8.—Are you in favour of holding this examination simultaneously at any other centre or centres within His Majesty's Dominions?

*Question* 9.—What would be your opinion with regard to filling a fixed proportion of the vacancies in the Indian Civil Service Cadre by "Natives of India" recruited by means of a separate examination in India or by means of separate examinations in each province or group of provinces in India? If so, what proportion do you recommend?

*Question* 10.—If you do not approve of simultaneous or separate examinations in India, are you in favour of any system under which "Natives of India" would be selected in India for admission to the Indian Civil Service by means of (*a*) nomination; (*b*) combined nomination and examination; or (*c*) any other method? If so, please describe fully what system you would recommend. In particular, do you consider it desirable that whatever the system, all classes and communities should be represented? If so, how would you give effect to this principle?

*Question* 11.—If you are in favour of a system for the part recruitment of the Indian Civil Service by "Natives of India" in India, do you consider that "Natives of India" should still be eligible for appointment in England, or would you restrict that right to other natural-born subjects of His Majesty?

*Question* 12.—Would you regard any system of selection in India which you may recommend for young men who are "Natives of India," as being in lieu of, or as supplementary to, the present system of promoting to listed posts officers of the Provincial Civil Services. If the former, what alteration, if any, would you recommend in the conditions governing the Provincial Civil Services?

*Question* 13.—Do you recommend any separate method of recruitment for the Judicial Branch of the Indian Civil Service? If so, please describe the system that you would propose.

*Question* 14.—Are you satisfied with the present definition of the term "Natives of India" in Section 6 of the Government of India Act, 1870 (33 Vict. c. 3), as including "any person born and domiciled within the Dominions of His Majesty in India, of parents habitually resident in India, and not established there for temporary purposes only," irrespective of whether such persons are of unmixed Indian descent, or of mixed European and Indian descent, or of unmixed European descent? If not, please state fully any proposals that you wish to make in regard to this matter.

## (*b*) *Age Limits.*

*Question* 15.—If the system of recruitment by open competitive examination in England is retained, please state the age limits that you recommend for candidates at such examination, giving your full reasons. Do you consider that the age limits should be fixed

to attract candidates of the normal school-leaving age in England, or candidates who have completed a University course, or candidates at an intermediate stage of education?*

*The principal changes in the age limits have been as follows:—

| Years | Age limits at Open Competition. | Period of probation in England. | Age of selected candidates at end of year of arrival in India. |
|---|---|---|---|
| 1855—1857 ... | 18—23 years ... ... | No probation in England ... | $18\frac{1}{2}$—$23\frac{1}{2}$ |

| Since 1906 ... | 22—24 years on 1st August ... | Ditto ... ... | $23\frac{1}{3}$—$25\frac{1}{3}$ |

*Question* 16.—What is your experience of the relative merits of the candidates selected under varying age limits, particularly under the systems in force from 1878 to 1891 (age limits 17—19 years, followed by two or three years' probation at an approved University) and since 1891 (age limits 21—23 or 22—24 years, followed by one year's probation)?

*Question* 17.—What is your opinion regarding the suitability of the recent recruits to the Indian Civil Service?

*Question* 18.—What is the most suitable age at which junior civilians should arrive in India?

*Question* 19.—What age limits for the open competitive examination in England would best suit candidates who are "Natives of India," and for what reasons? Do you recommend any differentiation between the age limits for "Natives of India," and for other natural-born subjects of His Majesty?

(c) *Subjects of Examination.*

*Question* 20.—On what principle should the subjects for the open competitive examination be fixed? Do you accept the principle laid down by Lord Macaulay's Committee in 1854 and since followed, that "the examination should be of such a nature that no candidate who may fail shall, to whatever calling he may devote himself, have any reason to regret the time and labour which he had spent in preparing himself to be examined," and that the object should be to secure, not specialists in any particular subject that may be useful in a subsequent Indian career, but the ordinary well educated young man of the period?

*Question* 21.—Please examine the table in Appendix I to these questions, which shows the various phases of the authorised syllabus of the open competitive examination, and state what changes, if any, are, in your opinion, desirable, differentiating between the cases of candidates (*a*) of school-leaving age and (*b*) of University-leaving age?

*Question* 22.—Is any differentiation in the subjects for the examination desirable between candidates who are "Natives of India" and other candidates? If so, please state them and give reasons.

(*d*) *Statutory Regulations.*

*Question* 23.—Do you consider it necessary that certain posts should be reserved by statute for officers recruited to the Indian Civil Service, and, if so, what posts and for what reasons? Please state in detail what alterations (if any) you recommend in the Schedule of the Indian Civil Service Act of 1861 (24 and 25 Vict. c. 54). [Attention is invited to the provisions of the Indian Civil Service Act, 1861 (24 and 25 Vict. c. 54) and of the Government of India Act, 1870 (33 Vict. c. 3), reproduced as Appendices II and III to these questions.]

*Question* 24.—Do you consider that a minimum proportion of European subjects of His Majesty should be employed in the higher posts of the Civil Administration? If so, to what *proportion* of the posts included in the Indian Civil Service Cadre do you consider that "Natives of India" might, under present conditions, properly be admitted?

*Question* 25.—Do you accept as generally satisfactory in principle the present system under which "Natives of India" are recruited partly through the medium of an open competitive examination in England, and partly by special arrangement in India, in accordance

either with rules framed under the provisions of section 6 of the Government of India Act, 1870 (33 Vict. c. 3), or with the provisions of the Indian Civil Service Act, 1861 (24 and 25 Vict. c. 54)? Do you recommend any alterations in this system, and if so, what?

*Question* 26.—Give a list of the "Natives of India" now serving in your Province who were recruited to the Indian Civil Service by means of open competition in England, stating in what year they were admitted, in which posts they are now serving, and their present rate of salary.

*Question* 27.—Have the "Natives of India," recruited by means of open competition in England, proved, on the average, as efficient as the European members of the Indian Civil Service of the same standing and recruited in the same manner? Has it been found possible and expedient to employ them in all branches of the Administration, whether on executive or judicial duties?

*Question* 28.—Do you consider that the old system of appointment of "Statutory Civilians" under the Statute of 1870 should be revived, and, if so, what method of recruitment would you recommend?

*Question* 29.—What experience have you had of military or other officers who have been specially recruited in India to fill Indian Civil Service posts, and how many such officers are employed in your Province? Please distinguish in your reply between (*a*) military officers, and (*b*) others; and give details of the latter.

*Question* 31.—If the system of recruiting military officers in India has been stopped, or has never existed in your Province, would you advise its re-introduction or introduction, as the case may be, and if the system should be introduced or re-introduced, to what extent should it be adopted?

*Question* 32.—Do you consider that such a system should be restricted to the recruitment of military officers or extended to the recruitment of selected officers from other Indian services?

(*f*) *Listed Posts, &c.*

*Question* 33.—Please now refer to the rules, dated 26th August 1910, made in exercise of the powers conferred by section 6 of the Government of India Act, 1870 (33 Vct. c. 3), and reproduced as Appendix IV, and to the statement in Appendix V to these questions, showing the number of offices, places, and appointments, commonly known as listed posts, ordinarily held by members of he Indian Civil Service, to fill which it has been declared that members of the Provincial Civil Service can properly be appointed; and say whether the figures given are correct for your Province.

*Question* 34.—Are all the posts thus listed ordinarily and regularly filled by "Natives of India"? If not, please state for the last five years to what extent there has been any failure to work up to the authorised list, and explain the reasons.

*Question* 35.—To what extent also during the last five years have these listed posts been filled—

(*a*) by members of the Provincial Civil Service;

(*b*) by other "Natives of India"?

Please give the names and positions of the latter, if any.

*Question* 36.—Has the power to fill one-quarter of the listed posts with "Natives of India" other than members of the Provincial Civil Service or Statutory Civilians been ordinarily and regularly exercised? If not, can you give the reasons for this, and do you think it advisable that the power should be utilised, and in what directions?

*Question* 37.—Does the system by which most of the inferior listed posts are merged in the Provincial Civil Service give satisfaction—

(*a*) to the members of the Provincial Civil Service; and

(*b*) to the public interested in this question;

and what advantages, if any, does this arrangement possess?

*Question* 38.—Is the class of posts listed suitable? If not, in what directions would you suggest any changes and why?

*Question* 39.—Have the officers of the Provincial Civil Service, selected to fill listed posts, proved on the average as efficient as members of the Indian Civil Service filling posts of similar responsibility, and has it been found possible and expedient to employ them in all branches of the Administration?

*Question* 40.—Please now turn to the Indian Civil Service Act, 1861 (24 and 25 Vict. cap. 54), which will be found in Appendix II to these questions, and say how many "Natives of India" have been appointed permanently to posts in your province under its provisions during the last five years, giving names and the nature of the posts so filled.

*Question* 41.—Are there any other ways in which "Natives of India" are appointed to your Province to Civil Service posts? If so, please give details of the same.

*Question* 42.—Please add such remarks as you may desire to offer on any points relating to the system of recruitment for Indian Civil Service posts which are not covered by your answers to the foregoing questions.

SYSTEMS OF TRAINING AND PROBATION.

(*a*) *Probation.*

*Question* 43.—What is your experience of the results of the existing system under which successful candidates in the open competitive examination are required to undergo a probationer's course of instruction in England? Do you recommend the continuance or abolition of this system?

*Question* 44.—What should be the duration of the probationer's course in England (*a*) under the present system of the open competitive examination, (*b*) under any modification of that system recommended by you?

*Question* 45.—Do you consider it desirable that probationers should be required to spend their period of probation in England at an approved University?

*Question* 46.—If so, do you advise the selection of one or more Universities for this purpose, and for what reasons?

*Question* 47.—Do you consider that probationers should receive allowances during their period of probation? If so, please give the scale and conditions that you recommend.

*Question* 48.—If you do not advise attendance at an approved University during the period of probation in England, what alternative course of study do you recommend?

*Question* 49.—Would it, in your opinion, be desirable to establish a separate institution in England for this purpose, and, if so, under what conditions?

*Question* 50.—If a probationer's course is continued in England, do you accept the principle laid down by Lord Macaulay's Committee in 1854, that successful candidates in the open competition should be considered as having finished their general education and that their future studies should be such as have a special tendency to fit them for their calling? Does your answer apply equally to candidates who pass the open competitive examination after leaving school and to those who do so after completing a University course?

*Question* 51.—Please examine the statement printed as Appendix VI to these questions, showing the courses of studies prescribed for probationers in 1891 and 1912, and state what alterations (if any) you desire to recommend in the present course (*a*) under the existing system of the open competitive examination, and (*b*) under any modification of that system recommended by you?

*Question* 52.—In particular, please state your opinion as to the desirability during the period of probation of (1) compulsory attendance at Law Courts in England and reporting of cases; (2) the teaching of Indian Law in addition to the general principles of jurisprudence; (3) the teaching of the grammar and text books of Indian languages with or without any attempt at colloquial instruction; (4) the teaching of (*a*) Indian Geography, (*b*) Political Economy, (*c*) Accounts.

*Question* 53.—Do you consider that the probationer's course of instruction can best be spent in England or in India?

*Question* 54.—What is your opinion of a proposal to start at some suitable place in India a college for the training of probationers of the Indian Civil Service and possibly of other Indian services recruited in England?

*Question* 55.—What is your opinion of a proposal that each provincial Government should arrange for the training of probationers by suitable courses of instruction for the whole or portions of the first two years of service at some suitable centre?

*Question* 56.—In the report of the Treasury Committee appointed to consider the organisation of Oriental Studies in London (1909), the view is taken that the preliminary training in Oriental languages and in law required by probationers can be given better in England than in India, because of the difficulties which junior civilians would experience in learning these subjects in India, the lack of good teachers in Indian district headquarters, the difficulty of even good Indian teachers appreciating the European student's point of view, and the difficulty of arduous study in a tropical climate. Do you consider that these objections could be met by a suitable scheme of instruction in India?

*Question* 57.—If you have recommended the introduction of any scheme of direct recruitment in India for "Natives of India," whether in lieu of or supplementary to the system of recruitment in England, please state what system of probation you recommend for such officers.

*Question* 58.—In particular, if a period of probation is recommended for such officers, do you advise that it should be passed in England or in India?

*Question* 59.—Do you consider that any differentiation is necessary during the period of probation between the course of study for probationers who are "Natives of India" and the course prescribed for other natural-born subjects of His Majesty? If so, please state the special arrangements that you recommend.

(*b*) *Training*.

*Question* 60.—Are you satisfied with the present arrangements for the training of junior members of the Indian Civil Service after they have taken up their appointments in India? If not, what change should, in your opinion, be introduced?

*Question* 62.—Do you consider that there has been any deterioration in the knowledge of the Indian languages possessed by members of the Indian Civil Service? If so, what are the causes? Are you satisfied that European members of the Indian Civil Service* attain to an adequate proficiency in the study of the Indian languages, and if not, how could this best be remedied?

*Question* 63.—Do you recommend any changes in the rules for the encouragement of the study of Oriental languages, and if so, what changes?

*Question* 64.—Please give your views as to what steps (if any) are necessary to improve the proficiency in the knowledge of law of members of the Indian Civil Service, distinguishing between recommendations applicable to all officers and to officers selected for the Judicial branch. In particular, do you favour a system of granting study leave to Europe, and if so, what course of study (course for a call to the Bar, reading in barristers' chambers or other), and what conditions do you propose?

*Question* 65.—Do you recommend any special course of study in law in India for officers selected for the Judicial branch?

*Question* 66.—Do you recommend any special training in subordinate judicial posts for officers selected for the Judicial branch? If so, please give details?

*Question* 67.—Do you recommend any system for encouraging the higher study of law analogous to the rules for the encouragement of the study of Oriental languages?

*Question* 69.—If you have recommended the introduction of any scheme of direct recruitment in India for "Natives of India," whether in lieu of, or supplementary to, the system of recruitment in England, please state what system of training you recommend for such officers.

SYSTEM OF TRAINING AND PROBATION.

*Question* 70.—Is any differentiation necessary in regard to the probation and training of members of the Indian Civil Service who are "Natives of India" as between persons of unmixed Indian descent, of mixed European and Indian descent, and of unmixed European descent? If so, please state your proposals.

*Question* 71.—Please add such remarks as you may desire to offer on any points relating to the system of probation and training for the Indian Civil Service which are not covered by your answers to the foregoing questions.

CONDITIONS OF SERVICE.

*Question* 72.—The present theory underlying the conditions of service in the Indian Civil Service is that—

(*a*) the members of the service should have sufficient training in subordinate or inferior appointments before they are called upon to discharge the duties of higher ones; and

(*b*) that they should, throughout the whole period of their service, have sufficient salaries and sufficiently responsible duties.

To secure these objects the number of posts called technically "superior" posts, carrying a salary of over Rs. 1,000 *per mensem* is ascertained, and it is endeavoured to recruit only sufficient officers to make it probable that each officer will find himself officiating with practical permanency in at least the lowest of those appointments after the completion of eight years' service. Do you accept this system? If so, do you consider that the period of eight years is suitable, or do you recommend any change? What alteration (if any) would be necessary if the age of recruitment were lowered?

*Question* 73.—It is also part of the existing system that officers of over two but under eight years' completed service should fill with practical permanency in the ordinary course of promotion charges of minor responsibility, called technically "inferior posts," and should be drawing pay at rates above that of the lowest grade, but not exceeding Rs. 1,000 *per mensem*. Do you accept this as a suitable arrangement? If not, what alteration would you suggest, and for what reasons?

*Question* 74.—Please show in a tabular statement for the last five years, quarter by quarter, with footnotes, giving the names, the total nett number of officers who have failed to obtain promotion in accordance with the principles set out in the preceding questions, and say whether any inconvenience, and, if so what, has been caused thereby to the Administration.

*Question* 75.—Please now see the statement marked AA and the list marked—

*Madras = A,*
*Bombay = B,*
*Bengal = C,*
*United Provinces = D,*
*Punjab = E,*
*Burma = F,*
*Bihar and Orissa = G,*
*Central Provinces and Berar = H,*
*Assam = I,*

which have been reproduced in appendix VII to these questions, and say whether they are correct for your Province. If not, please state what amendments are necessary.

*Question* 76.—Is any difficulty experienced by the Administration in working with the number of superior posts shown in the list for your Province? Do all the posts entered as superior carry a salary of more than Rs. 1,000 *per mensem*, and are they all such as are ordinarily held by officers in the Indian Civil Service? If not, what changes, if any, do you suggest?

*Question* 77.—Does the number of superior posts shown as held directly under the Government of India correspond with the actual experience of the last five years? If not, please give particulars of the discrepancies, and say whether you consider any change of practice in this respect to be desirable. Attention is invited in this connexion to List J, in Appendix VII to these questions.

*Question* 78.—Does the number of superior posts allowed for temporary appointments and deputations correspond with the actual experience of (say) the last five years? If not, please give particulars of the discrepancies and say whether you consider any change of practice in this respect to be desirable?

*Question* 79.—Does the arrangement by which officers, recruited against temporary superior posts, are shown in the lowest grade, work satisfactorily? If not, what change of practice appears to you to be necessary?

*Question* 80.—Does the allowance of 39 per cent. on the number of superior posts give the right number of junior officers for the work of the administration of your Province? If not, please state what excess or deficiency in your opinion exists, giving your reasons in detail.

*Question* 81.—Junior officers are considered to be under training during the first two years of their service. Does this approximate to the actual conditions? If not, what alteration is necessary in the percentage of 15·5 allowed for training?

*Question* 82.—Does the leave allowance of 32·7 per cent. for superior posts, 6·7 per cent. for inferior posts, and ·6 per cent. for training posts, approximate to the actual conditions? If not, please state what alteration is desirable.

*Questian* 83.—Does the annual decremental rate of 4·17 per cent. on the total strength of the Service correspond with the actual experience of the last 20 years? If not, please give the actual facts for this period and suggest a suitable figure, with reasons in support of the same.

*Question* 84.—Does the theoretical strength of the Service correspond ordinarily with its actual strength? If not, please state the facts and, in particular, offer any remarks which may suggest themselves with regard to the existing discrepancy shown in the statement marked BB which is included in Appendix VII to these questions?

*Question* 85.—Do you consider that the present system of a quinquennial examination of the conditions of service is adequate to regulate the rate of recruitment and flow of promotion? If not, what alterations do you recommend?

*Question* 86.—State the principles on which the annual indent for recruitment to the Indian Civil Service is regulated. Do you consider that accurate results are attained thereby? If not, what alterations do you recommend?

*Question* 87.—Are you satisfied that, under the existing system of promotion, the interests of individual officers and of the Administration are duly reconciled, and have you any suggestions to make regarding it, particularly on the subjects of selection for higher appointments and of the compulsory retirement of inefficient officers?

*Question* 88.—To what extent are the functions of the Officers of the Executive and Judicial Branches of the Indian Civil Service differentiated? Is any change desirable, and, if so, in what directions?

*Question* 89.—Have you any other suggestions to make under this head which are not covered by your answers to the above questions and to the questions under the heads relating to salary, leave, and pension?

CONDITIONS OF SALARY.

*Question* 91.—Please give full information regarding the rates of pay and the number of posts in each of the main grades of the service authorised on the 1st April of each of the following years; 1860, 1870, 1880, 1890, 1900 and 1912.

*Question* 92.—Are the present rates of pay and grading suitable? If not, what alterations do you recommend?

*Question* 93.—If any dissatisfaction is felt, does it relate to the pay or grading of the higher or lower posts or to both?

*Question* 94.—Do you consider it desirable that there should be uniformity of payment for similar kinds of work in all the provinces, and does any dissatisfaction on this score exist in your Province, and if so, what?

*Question* 95.—Do you consider that the exchange compensation allowance introduced in 1893, eligibility for which depends on nationality or domicile, should be abolished, and if so, under what conditions? Should such abolition apply to officers already employed or be restricted to future entrants?

*Question* 96.—If abolition is recommended with compensation in the form of increased salaries, what is your opinion regarding the grant of a similar increase of salary to those members of the service who now draw no exchange compensation allowance?

*Question* 98.—How is the system of officiating grade promotions, where there is no change of duties, actually worked? Is the system convenient in the interests both of the Government and of the officers of the service? Have you any recommendations to make for its alteration?

*Question* 99.—What is your opinion regarding the substitution for the existing graded system of promotion of a time scale of salary? If you are in favour of a time-scale, should it be restricted to the lower grades of the service or not?

*Question* 100.—As an alternative do you recommend a system by which each main class of appointment would have a separate time-scale?

*Question* 101.—What is your experience of the practical working of time-scales of pay in other Indian services?

*Question* 102.—If you recommend any system of time-scale of pay, please describe it, and state what conditions should be laid down in regard to the grant of increments, promotion to superior grades, charge allowances, and other matters of importance? How do you propose to apply such time scale in provinces where the scale of pay of the judicial and executive branches of the service is different?

*Question* 103.—If you are in favour of a time scale of pay, how would you secure that the recruitment of junior officers is restricted to the number likely to be promoted in a reasonable time to posts of independent responsibility, and do you or do you not consider it desirable that all members of the Indian Civil Service should have the prospect of rising to such posts within a fixed time?

*Question* 104.—Turning now to the case of the Statutory Civilians and officers of the Provincial Civil Services holding listed posts, do you approve of the arrangement by which they draw salary approximately at the rate of two-thirds of the pay drawn in the same posts by members of the Indian Civil Service? If not, what rate do you suggest for the various grades of the service?

*Question* 105.—Have you any other proposals to make in regard to the conditions of salary not covered by your answers to the above questions?

CONDITIONS OF LEAVE.

*Question* 109.—Do you consider that the rates of furlough allowances are suitable? If not, what changes do you recommend?

*Question* 110—Do you recommend any change in the concession, granted in 1893, under which leave allowances expressed in rupees, other than privilege leave allowances, issued at the Home Treasury, or in a colony with a gold standard of currency, are issued in sterling at the privilege rate of exchange of 1*s.* 6*d.* the rupee? If so, what change?

*Question* 113.—Generally speaking do any of the present leave rules applicable to the Indian Civil Service cause inconvenience to the Administration, and, if so, what, and what remedy do you suggest?

*Question* 114.—In particular are they a contributory cause of excessive transfers of officers of the Indian Civil Service, and if so, how can this difficulty be met?

*Question* 115.—Do any of the present leave rules press hardly in any way on officers of the Indian Civil Service themselves and, if so, in what respects? What is, in your opinion, the appropriate remedy?

*Question* 116.—Do the present leave rules applicable to Statutory Civilians, or to officers of the Provincial Civil Services employed in listed posts, cause any inconvenience to the Administration, or press hardly on the officers themselves, and in what respects? In particular, do you consider that separate sets of rules for such officers and for officers of the Indian Civil Service are desirable?

*Question* 117.—Have you any other proposals to make in regard to the conditions of leave not covered by your answers to the above questions ?

CONDITIONS OF PENSION.

*Question* 118.—Is the present system of equal annuities to all members of the Indian Civil Service generally accepted as satisfactory by the Government and by the members of the Indian Civil Service ?

*Question* 119.—Would a non-contributory system of superannuation pensions, varying in amount with the amount of salary drawn at the time of retirement, be preferable in the interests either of the Government or of the members of the Indian Civil Service.

*Question* 120.—Assuming the maintenance of the annuity system do you suggest any modifications in its detailed working, and, if so, what and for what reasons ?

*Question* 121.—In particular, what is your opinion of the arrangement by which members of the Indian Civil Service, who are appointed Judges of High Courts, obtain special pensions of 1,200*l*. a year after 11½ years' actual service as Judges ? Do you recommend any change in the present conditions ?

*Question* 122.—Do you consider that a similar system should be applied to the cases of high Executive officers, and if so, to which ? Please state the amount of pension and the conditions which you recommend as suitable.

[ 1st August 1861.]

WHEREAS by section fifty-six of an Act of the thirty-third year of King George the Th. l, Chapter fifty-two, it was enacted that all the civil servants of the East India Company in India, under the rank or degree of Members of Council should have and be entitled to precedence in the service of the said Company at their respective stations according to their seniority of appointment, and that no such civil servant should be capable of being advanced or promoted to any higher station, rank, or degree therein than he should be entitled to according to the length of his service; and by section fifty-seven of the same Act it was enacted that all vacancies happening in any of the offices, places, or employments in the civil line of the Company's service in India (being under the degree of Counsellor) should be from time to time filled up and supplied from amongst the civil servants of the said Company belonging to the presidency wherein such vacancies should respectively happen: And whereas by reason of the exigencies of the public service vacancies in certain offices, places and employments in India have been filled up by the appointment of persons not being civil servants, or not being civil servants belonging to the presidency wherein the vacancies have happened, and otherwise not in accordance with the provisions of the said enactments, and it is expedient that such appointments should be rendered valid, and also that the authorities in India should be empowered to make such appointments in like cases in future: 33 G. 3 c. 52.

Be it enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

1. *All appointments made by the authorities in* India *to any such Offices, Places or Employments shall be and be deemed to have been as valid and effectual as if the Act herein-before recited or referred to had not been passed.*—(*Rep. 55 & 56 Vict. c. 19*). Appointments not in accordance with 33 G. 3. c. 52, valid.

Vacancies in offices to be supplied by covenanted civil servants.

3. Where it appears to the authority in India by whom an appointment should be made to any office, place, or employment specified in the said Schedule, that such appointment, under the special circumstances of the case, should be made without regard to the recited qualifications, conditions and restrictions of the said Act, it shall be lawful for such authority to make such appointment accordingly; provided that no person shall be so appointed who has not resided for at least seven years in India, and that every person previously to his being so appointed to any of the offices in the Revenue and Judicial Departments specified in the said Schedule shall pass an examination in the vernacular language of the district in which he is to be employed, where such examination is now required, and shall be subject to all the departmental tests and other qualifications and restrictions which are or may be imposed in the like case on covenanted civil servants. Persons not covenanted civil servants may, under special circumstances, be appointed to such offices subject to certain restrictions.

4. Every such appointment shall be provisional only, and shall forthwith be reported to the Secretary of State in Council of India, together with the special reasons for making the same; and unless the Secretary of State in Council shall approve such appointment, with the concurrence of a majority of Members present at a meeting and shall within twelve months from the date of such appointment notify such approval to the authority by whom the appointment was made, then such appointment shall be cancelled. Such appointment in each case to be reported to the Secretary of State.

5. All vacancies happening in any other offices, places, or employments than those mentioned in the said Schedule, and all other offices than those so mentioned that may hereafter be created in India may be filled up and supplied without regard to the qualifications conditions and restrictions prescribed by the said Act. Certain offices may be filled up without regard to restrictions prescribed by recited Act.

# APPENDIX A.

Nos. 1046-1058.

GOVERNMENT OF INDIA (HOME DEPARTMENT).

ESTABLISHMENTS.

Simla, the 19th August 1910.

## RESOLUTION.

The Governor-General in Council has had under consideration the recommendation made by the Royal Commission on Decentralisation at the end of paragraph 128 of their Report on the subject of framing rules for the recruitment of provincial services. The majority of the Commission consider it unnecessary that rules for the recruitment of those services should, as is now the case, require the sanction of the Government of India, and they express the opinion that the functions of that Government should be limited to laying down a few general principles as to eligibility for appointment, &c., on which detailed provincial rules would be based.

2. In the present Resolution the Governor-General in Council proposes to deal only with the provincial civil services (executive and judicial). The case of other provincial services will be separately considered.

3. The present system, under which the previous sanction of the Government of India is required to making or altering the rules for the recruitment of the provincial civil services, was introduced in 1892, as the result of the Report of the Public Service Commission. The Governor-General in Council has now decided to accept in substance the recommendation of the Decentralisation Commission, and is pleased accordingly to invest Local Governments with the power to make rules for the recruitment of the provincial civil services without the previous sanction of the Government of India, but subject to their general control. The general conditions which should govern such recruitment have been already fully considered in connection with the inquiries made by the Public Service Commission, and the Governor-General in Council, upon a further consideration of the subject, sees no reason to modify the conclusions then arrived at. It will, however, be convenient to re-state them in the present connection, as follows :—

I. The rules must be adapted, on the one hand, to obtain thoroughly efficient candidates, and, on the other, to secure the due representation in the public service of the different classes of the community.

II. Every candidate for appointment by recruitment must furnish satisfactory evidence—

(*a*) that he is not over 25 years of age, except in the case of Barristers, Advocates, or Pleaders appointed to the judicial branch ; these excepted cases will be governed by Article 51 of the Civil Service Regulations ;

(*b*) that he has attained a prescribed preliminary standard of general education to be fixed by Local Governments with reference to local conditions, the object being to secure men qualified by as high a standard of general education as the conditions and requirements of the local administration permit. In particular, qualification in one or more of the vernacular languages of the province in which he is to be employed is to be insisted on. The vernacular standard should be a high one, involving a thorough knowledge of the language and ability to write and read the written character with facility ;

(*c*) that he is of sound health, good physique, and active habits ; and

(*d*) that he is of good character.

III. Every person appointed to the provincial civil service by direct recruitment shall be subject to a period of probation or training, during which time his appointment will be probationary only, unless in special cases the Local Government declares such probation or training to be unnecessary.

IV. The subjects of Native Princes in alliance with His Majesty shall be eligible for appointment, provided they are qualified in other respects.

V. Admission to the provincial civil service should usually be confined to persons who are natives of the province or have definitely settled in it ; in the case of candidates who are not natives of the province, recent residence of at least three years in the province should, as a general rule, be an essential condition of admission. No Barrister, Advocate, or Pleader should be appointed as such, unless he has been at least three years actually practising his profession in India and can speak the provincial vernacular.

VI. Europeans who are not statutory natives of India shall be eligible for appointment, if qualified according to the above conditions, with the sanction of the Government of India.

VII. The local Government should reserve to itself the right to make promotion to the superior grades of the provincial civil service without regard to seniority, and seniority alone should not give a claim to appointment to the grade of Rs. 500 a month and higher grades.

VIII. The Government of India retain power in very special cases to make direct appointments to offices in the higher grades of the provincial civil services, and whenever the Government of India exercise this power in the case of judicial officers, it will be confined to Barristers, Advocates, or Pleaders of the High Courts who have shown distinguished ability in the exercise of their profession for not less than ten years and have a thorough knowledge of the vernacular.

IX. No member of the provincial civil service shall be dismissed otherwise than on the result of a judicial or formal departmental inquiry.

4. The Governor General in Council directs that any change made in the rules from time to time should be forthwith communicated to the Government of India in the Home Department, in order that they may be in a position to exercise effective general control. His Excellency in Council considers it desirable, moreover, that this Resolution should be published by the local Governments and Administrations as part of the respective provincial rules.

ORDER.—Ordered that a copy of this Resolution be forwarded to the local Governments* and Departments of the Government of India† noted on the margin and to the Hon'ble the Chief Commissioner of the Central Provinces for information.

## QUESTIONS RELATING TO THE INDIAN AND PROVINCIAL CIVIL SERVICES.

NOTE.—In replies to these questions, it should be clearly specified whether the reply refers to the whole Provincial Civil Service, or to the Executive Branch or to the Judicial Branch.

### INDIAN CIVIL SERVICE.

*Question* 1.—What is your experience of the working of the present system of recruitment by open competitive examination in England for the Indian Civil Service? Do you accept it as generally satisfactory in principle?

*Question* 2.—In what respects, if any, do you find the present system faulty in detail, and what alterations would you suggest?

*Question* 3.—Is the system equally suitable for the admission of "Natives of India*" and of other natural-born subjects of His Majesty? If not, what alteration do you recommend?

* The term "Natives of India" has been defined in section 6 of the Government of India Act, 1870 (33 Vict. c. 3), as including any person born and domiciled within the Dominions of His Majesty in India, of parents habitually resident in India and not established there for temporary purposes only, and the term is so used throughout these questions.

*Question* 4.—Do you consider that the combination of the open competitive examination for the Home and Colonial Civil Services with that for the Indian Civil Service is or is not to the advantage of Indian interests? Please give your reasons.

*Question* 5.—If you do not consider the present system of recruitment by an open competitive examination to be satisfactory in principle, please state what alternative you would propose.

*Question* 6.—In particular, what would be your opinion regarding a system of simultaneous examinations in India and in England, open in both cases to all natural-born subjects of His Majesty?

*Question* 7.—What would be your opinion with regard to filling a fixed proportion of the vacancies in the Indian Civil Service cadre by Natives of India, recruited by means of a separate examination in India, or by means of separate examinations in each Province or group of Provinces in India? If you favour such a scheme, what proportion do you recommend?

*Question* 8.—If you do not approve of simultaneous or separate examinations in India, are you in favour of any system under which Natives of India would be selected in India for admission to the Indian Civil Service by means of (*a*) nomination, (*b*) combined nomination and examination, or (*c*) any other method? If so, describe fully what system you would recommend. In particular do you consider it desirable that all classes and communities should be represented in the appointments so made? If so, how would you give effect to this principle?

*Question* 9.—If you are in favour of a system for the part recruitment of the Indian Civil Service by Natives of India in India, do you consider that "Natives of India" should still be eligible for appointment in England?

*Question* 10.—Would you regard any system of selection in India which you may recommend for young men who are "Natives of India," as being in lieu of, or as supplementary to, the present system of promoting to listed posts officers of the Provincial Civil Service? If the former, what alteration, if any, would you recommend in the conditions governing the Provincial Civil Service?

*Question* 11.—Do you recommend any separate method of recruitment for the judicial branch of the Indian Civil Service? If so, please describe the system which you would propose.

*Question* 12.—Are you satisfied with the present statutory definition of the term "Natives of India" in section 6 of the Government of India Act, 1870 (33 Vict. c. 3), as including "any person born and domiciled within the Dominions of His Majesty in India, of parents habitually resident in India, and not established there for temporary purposes only," irrespective of whether such persons are of unmixed Indian descent, or of mixed European and Indian descent, or of unmixed European descent? If not, state fully any proposals that you wish to make in regard to this matter.

*Question* 13.—If the system of recruitment by open competitive examination in England is retained, state the age limits that you recommend for candidates at such examination, giving your reasons.

*Question* 14.—What in your opinion is the most suitable age at which junior civilians recruited in England should commence their official duties in India?

*Question* 15.—What age limits for the open competitive examination in England would best suit candidates who are Natives of India, and for what reasons? Do you recommend any differentiation between the age limits for Natives of India, and for other natural-born subjects of His Majesty?

*Question* 16.—What alterations, if any, do you recommend in the authorised syllabus of subjects and marks prescribed for the open competitive examination?

*Question* 17.—Is any differentiation in the subjects for the open competitive examination in England desirable between candidates who are Natives of India and other candidates? If so, state them and give reasons.

*Question* 18.—Do you consider it necessary that certain posts should be reserved by statute for officers recruited to the Indian Civil Service, and if so, what posts and for what reasons?

*Question* 19.—Do you consider that a minimum proportion of European subjects of His Majesty should be employed in the higher posts of the Civil Administration? If so, to what proportion of the posts included in the Indian Civil Service cadre do you consider that Natives of India might under present conditions properly be admitted?

*Question* 20.—Do you accept as generally satisfactory in principle the present system under which Natives of India are recruited for posts in the Indian Civil Service cadre partly through the medium of an open competitive examination in England and partly by special arrangement in India?

*Question* 21.—Do you consider that the old system of appointment of "Statutory Civilians" under the Statute of 1870 should be revived, and if so, what method of recruitment would you recommend?

*Question* 22.—If the system of recruiting military officers in India for posts in the Indian Civil Service cadre has been stopped or has never existed in your Province, would you advise its re-introduction or introduction, as the case may be, and if the system should be introduced or re-introduced, to what extent, in your opinion, should it be adopted?

*Question* 23.—Do you consider that such a system should be restricted to the recruitment of military officers, or extended to the recruitment of selected officers from other Indian services?

*Question* 24.—What is your opinion of the system by which certain posts, ordinarily held by members of the Indian Civil Service, are declared to be posts (ordinarily termed listed posts) to which members of the Provincial Civil Service can properly be appointed?

*Question* 25.—Are you satisfied with the present rule which prescribes that Natives of India, other than members of the Provincial Civil Service or Statutory Civilians, may be appointed to one-quarter of the listed posts?

*Question* 26.—Are you satisfied with the system by which most of the inferior listed posts are merged in the Provincial Civil Service?

*Question* 27.—Is the class of posts listed suitable? If not, in what directions would you suggest any changes, and why?

*Question* 28.—Please add such remarks as you may desire to offer on any points relating to the system of recruitment for Indian Civil Service posts which are not covered by your answers to the foregoing questions.

*Question* 29.—Do you consider that candidates recruited for the Indian Civil Service by open competitive examination should undergo a period of probation before being admitted to the Service?

*Question* 30.—If so, how long, in your opinion, should this period be, and what course of study should be prescribed for the probationers?

*Question* 31.—Do you consider that any differentiation is necessary between the course of study for probationers who are Natives of India and the course prescribed for other natural-born subjects of His Majesty? If so, please state the special arrangements that you recommend.

*Question* 32.—Do you consider that the probationers' course of instruction could best be spent in England or in India? Is your answer equally applicable to the case of Natives of India and of other natural-born subjects of His Majesty?

*Question* 33.—Do you think it desirable to start, at some suitable place in India, a college for the training of probationers of the Indian Civil Service, and possibly of other Indian Services recruited in England?

*Question* 34.—Do you think it desirable that each Provincial Government should arrange for the training of probationers by suitable courses of instruction for the whole or portions of the first two years of service at some suitable centre?

*Question* 35.—Are you satisfied with the present arrangements for the training of junior officers of the Indian Civil Service after they have taken up their appointments in India? If not, what change should, in your opinion, be introduced?

*Question* 36.—Do you consider that there has been any deterioration in the knowledge of the Indian languages possessed by members of the Indian Civil Service? If so, what are the causes? Are you satisfied that European members of the Indian Civil Service attain to an adequate proficiency in the study of the Indian languages, and, if not, how could this best be remedied?

*Question* 37.—Please give your views as to what steps (if any) are necessary to improve the proficiency in the knowledge of law of members of the Indian Civil Service, distinguishing between recommendations applicable to all officers and to officers selected for the Judicial Branch.

*Question* 38.—Do you recommend any special course of study in law in India for officers selected for the Judicial Branch?

*Question* 39.—Do you recommend any special training in subordinate judicial posts in India for officers selected for the Judicial Branch? If so, please give details.

*Question* 40.—Is any differentiation desirable in a system of training after appointment in India between members of the Indian Civil Service who are Natives of India and other natural born subjects of His Majesty? If so, please state the special arrangements that you recommend.

*Question* 41.—If you have recommended the introduction of any scheme of direct recruitment in India for Natives of India, whether in lieu of, or supplementary to, the system of recruitment in England, please state what system of probation and training you recommend for officers so recruited.

*Question* 42.—Is any differentiation necessary in regard to the probation and training of members of the Indian Civil Service who are Natives of India as between persons of

unmixed Indian descent, of mixed European and Indian descent, and of unmixed European descent? If so, please state your proposals.

*Question* 43.—Please add such remarks as you may desire to offer on any points relating to the probation and training of members of the Indian Civil Service which are not covered by your answers to the foregoing questions.

*Question* 44.—Do you consider that the numbers of officers authorised for the various grades of the Indian Civil Service are satisfactory? If not, please state your views.

*Question* 45.—Do you consider that the exchange compensation allowance introduced in 1893, eligibility for which depends on nationality or domicile, should be abolished, and if so, under what conditions? Should such abolition apply to officers already employed or be restricted to future entrants?

*Question* 46.—If abolition is recommended with compensation in the form of increased salaries, what is your opinion regarding the grant of a similar increase of salary to those members of the service who now draw no exchange compensation allowance?

*Question* 47.—Turning now to the case of the Statutory Civilians and officers of the Provincial Civil Services holding listed posts, do you approve of the arrangement by which they draw salary approximately at the rate of two-thirds of the pay drawn in the same posts by members of the Indian Civil Service? If not, what rates do you suggest for the various grades of the Service?

*Question* 48.—Have you any proposals to make in regard to the leave rules applicable to members of the Indian Civil Service?

*Question* 49.—Have you any proposals to make in regard to the leave rules applicable to Statutory Civilians and to members of the Provincial Civil Services holding listed posts? In particular, do you consider that separate sets of rules for such officers and for officers of the Indian Civil Service are desirable?

*Question* 50.—Please add such other remarks as you may desire to offer on any point relating to the conditions of service, salary, leave and pension in the Indian Civil Service.

*Question* 58.—Are you satisfied with the present designation "the Provincial Civil Service?" If not, what would you suggest?

*Question* 59.—Do you accept as suitable the principle recommended by the Public Service Commission of 1886-87, and since followed, that the conditions of the Provincial Civil Services as regards salary should be adjusted by a consideration of the terms necessary to secure locally the desired qualifications in the officers appointed? ## APPENDIX A.

Nos. 1046-1058.

## GOVERNMENT OF INDIA,—HOME DEPARTMENT.

ESTABLISHMENTS.

*Simla, the 19th August* 1910.

## RESOLUTION.

The Governor-General in Council has had under consideration the recommendation made by the Royal Commission on Decentralisation at the end of paragraph 128 of their report on the subject of framing rules for the recruitment of Provincial Services. The majority of the Commission consider it unnecessary that rules for the recruitment of those services should, as is now the case, require the sanction of the Government of India, and they express the opinion that the functions of that Government should be limited to laying down a few general principles as to eligibility for appointment, &c., on which detailed provincial rules would be based.

2. In the present resolution the Governor-General in Council proposes to deal only with the provincial civil services (executive and judicial). The case of other provincial services will be separately considered.

3. The present system, under which the previous sanction of the Government of India is required to making or altering the rules for the recruitment of the provincial civil services, was introduced in 1892, as the result of the report of the Public Service Commission. The Governor-General in Council has now decided to accept in substance the recommendation of the Decentralisation Commission, and is pleased accordingly to invest Local Governments with the power to make rules for the recruitment of the provincial civil services without the previous sanction of the Government of India, but subject to their general control. The general conditions which should govern such recruitment have been already fully considered in connection with the inquiries made by the Public Service Commission, and the Governor-General in Council, upon a further consideration of the subject, sees no reason to modify the conclusions then arrived at. It will, however, be convenient to re-state them in the present connection, as follows :—

I.—The rules must be adapted, on the one hand, to obtain thoroughly efficient candidates, and, on the other, to secure the due representation in the public service of the different classes of the community.

II.—Every candidate for appointment by recruitment must furnish satisfactory evidence—

(*a*) that he is not over 25 years of age, except in the case of Barristers, Advocates, or Pleaders appointed to the judicial branch; these excepted cases will be governed by Article 51 of the Civil Service Regulations;

(b) that he has attained a prescribed preliminary standard of general education to be fixed by Local Governments with reference to local conditions, the object being to secure men qualified by as high a standard of general education as the conditions and requirements of the local administration permit. In particluar, qualification in one or more of the vernacular languages of the province in which he is to be employed is to be insisted on. The vernacular standard should be a high one, involving a thorough knowledge of the language and ability to write and read the written character with facility;

(c) that he is of sound health, good physique, and active habits; and

(d) that he is of good character.

III. Every person appointed to the provincial civil service by direct recruitment shall be subject to a period of probation or training, during which time his appointment will be probationary only, unless in special cases the local Government declares such probation or training to be unnecessary.

IV. The subjects of Native Princes in alliance with His Majesty shall be eligible for appointment, provided they are qualified in other respects.

V. Admission to the provincial civil service should usually be confined to persons who are natives of the province or have definitely settled in it; in the case of candidates who are not natives of the province, recent residence of at least three years in the province should, as a general rule, be an essential condition of admission. No Barrister, Advocate, or Pleader should be appointed as such, unless he has been at least three years actually practising his profession in India and can speak the provincial vernacular.

VI. Europeans who are not statutory natives of India shall be eligible for appointment, if qualified according to the above conditions, with the sanction of the Government of India.

VII. The local Government should reserve to itself the right to make promotion to the superior grades of the provincial civil service without regard to seniority, and seniority alone should not give a claim to appointment to the grade of Rs. 500 a month and higher grades.

VIII. The Government of India retain power in very special cases to make direct appointments to offices in the higher grades of the provincial civil services, and whenever the Government of India exercise this power in the case of judicial officers, it will be confined to Barristers, Advocates, or Pleaders of the High Courts who have shown distinguished ability in the exercise of their profession for not less than ten years and have a thorough knowledge of the vernacular.

IX. No member of the provincial civil service shall be dismissed otherwise than on the result of a judicial or formal departmental inquiry.

4. The Governor-General in Council directs that any change made in the rules from time to time should be forthwith communicated to the Government of India in the Home Department, in order that they may be in a position to exercise effective general control. His Excellency in Council considers it desirable, moreover, that this resolution should be published by the Local Governments and Administrations as part of the respective provincial rules.

*Draft rules.*

1. (*i*) These rules may be called the Punjab Motor Vehicle Registration Rules.

(*ii*) They shall extend to the whole of the Punjab.

2. Every motor vehicle used on a public highway *shall be* registered, and shall be provided with and carry identification marks in the manner prescribed by these rules, but this rule shall not apply to any motor vehicle temporarily brought into the Punjab for a period not exceeding 2 months, provided that such vehicle has been duly registered under rules in force in some other part of British India and bears the identification marks prescribed by such rules.

3. The Inspector-General of Police, Punjab, shall establish and keep a register for the registration of motor vehicles.

The register shall be in the form set out in schedule I to these rules.

4. Application for the registration of a motor vehicle shall be made to the Inspector-General of Police, Lahore, in the form given in schedule II to these rules.

5. On receipt of any such application, the Inspector-General of Police shall assign a separate number to the motor vehicle, and shall register it by making or causing to be made the required entries in the register.

In the case of a motor tricycle or motor bicycle of a weight unladen not exceeding three hundred-weights, the plate fixed on the front of the cycle may, if it is a plate having duplicate faces conforming with the third schedule to these rules, be fixed so that from whichever side the cycle is viewed the letters or figures on one or other face of the plate are easily distinguishable, though they may not be distinguishable from the front of the cycle.

9. When another vehicle is attached to a motor vehicle either in front or behind, the plate required to be fixed on the front or on the back of the motor vehicle, or a duplicate of such plate, shall be fixed on the front or on the back of the vehicle attached, as the case requires, in the same manner as the plate is required to be fixed upon the motor vehicle.

10. The conditions under which the scholarship is tenable and the rules for State technical scholars in England are appended to this notification. The selected candidate will be required to leave India by the middle of August 1913.

2. Applications should be submitted to the Director of Public Instruction, Punjab, through the Commissioner of the division, so as to reach the former not later than the 15th March.

Full particulars as to education, practical experience of the industry, character, physique, etc., should accompany each application. The certificate of physical fitness should be signed by the Civil Surgeon of the district.

### APPENDIX I.

CONDITIONS.

1. The Government of India have decided to allot to the Punjab one State technical scholarship annually to enable Natives of India to pursue a course of study in Great Britain or other Western countries. The object is to qualify them to assist in promoting the improvement of existing native industries and the development of new industries, wherever this may be possible.

2. The value of each scholarship has been fixed at £150 a year in addition to fees and travelling expenses; but if in any particular case this sum is regarded as insufficient, the Government of India will consider proposals for increasing it.

3. The scholarships are tenable in Great Britain, on the Continent of Europe, or in America, and are payable from the date of the scholar's arrival in the country selected for study. Each scholarship will be held for an average period of two years which may be increased or reduced in special cases.

4. The scholarships are tenable by persons who are natives of India within the meaning of section 6 of Statute 33, Victoria, chapter 3. A competent knowledge of English or of the language of the country selected for study will be expected.

5. No age limit has been fixed, but Government may limit the age in particular cases.

6. Candidates will be required to submit certificates of good moral character and physical fitness.

7. The selection of candidates will not be determined by examination; Government will be guided by consideration of the candidate's capacity, intelligence, previous training, practical interest in the industry selected, and the assurance that he will devote himself to it on his return to India.

8. The scholars while in England or elsewhere will be under the control of the Secretary of State. Progress reports will be required from time to time, and when these are unsatisfactory, the scholars may be required to return to India.

9. After training no scholar will be bound on his return to India to take service with Government or a private firm, but he will be expected to avail himself of any suitable opportunity offered for the useful application of the results of his training.

## REVISED RULES.

### RULES FOR INDIAN GOVERNMENT TECHNICAL SCHOLARS IN ENGLAND.

1. The Secretary of State considers it desirable that all Government scholars should avail themselves of the information and advice which the Educational Adviser to Indian Students is in a position to give them, and these rules are framed with that end in view. Government scholars, equally with private students, may consult the Educational Adviser upon any question, and will receive from him all possible assistance, and the Secretary of State hopes that they will communicate with the Educational Adviser, not only on the occasions when they are directed so to do in these rules, but also in any circumstances of difficulty and whenever they desire advice or information. Scholars will be regarded as being under the supervision and charge of the Educational Adviser, to whom they should in all cases address any communication they may have to make, and to whom also all reports or other communications having reference to scholars should be sent. The Educational Adviser will bring to the notice of the Secretary of State on behalf of any scholar any question requiring his decision, and will communicate to the scholar the orders passed by the Secretary of State.

2. Every scholar should, on reaching England, at once call on the Educational Adviser* and report his arrival in writing. He should leave his address with the Educational Adviser and intimate to him from time to time all changes therein.

3. Every scholar should, without unnecessary delay, inform the Educational Adviser to which University, College, or other Institution he is about to proceed, and should at once take steps to enter himself at the Institution finally selected with his approval.

4. Every scholar must, within four weeks of reaching England, submit to the Educational Adviser, for the approval of the Secretary of State, a statement showing the general course of study he proposes to follow to carry out the objects of the scholarship granted to him; and he should, during his first College term, submit a further statement showing as accurately as possible the details of the total cost of such course of study. This latter statement should in every case be prepared in consultation with the Principal of the College or Institution at which the student is entered.

The course approved must not be changed without the sanction of the Secretary of State.

5. Every scholar must give a written undertaking that he will devote himself exclusively, during the tenure of his scholarship, to the study of the subject for which his scholarship was granted, and that he will return to India on its termination, and there continue to devote himself to the industry which he has studied. Any scholar who neglects his studies, or tries to work for any other profession concurrently, will render himself liable to forfeiture of his scholarship.

6. Every scholar will be required to keep a concise daily diary, to be certified by the authority under whom he is working, and to be submitted at the end of each term through that authority to the Educational Adviser and to the Secretary of State for transmission to India. He must also submit, in the same way, from time to time, full notes of the work on which he is employed.

7. Scholars will be expected to continue their studies during the summer vacations of the Institutions where they are working, with the exception of three weeks in each year. Vacation study should, when possible, take the practical work.

8. Applications giving a detailed programme of the vacation work the scholar proposes to do, accompanied with a complete estimate of any extra expenses for fees and travelling, must be sent in through the Principal of the Institution or the Professor under whom the scholar is working before the end of the month of April. Scholars are not entitled to any subsistence allowance in addition to the scholarship allowance during time spent on vacation work but a scholar who receives permission to visit the Continent may, if the Secretary of State for India in Counc considers that the circumstances render it desirable, be granted a subsistence allowance calculated at such rate as the Secretary of State may decide.

9. Every scholar must, at the end of each term of residence at a University or College, submit to the Educational Adviser a certificate from the proper University or College authority, showing that his residence, conduct and progress in study have been satisfactory during the term.

10. Every scholar must at all times obey such instructions as he may receive from the Secretary of State either directly or through the Educational Adviser.

* The Educational Adviser's office is at 21, Cromwell Road, South Kensington, S. W.

11. Subject to a due compliance with the above conditions, the allowance, at the rate of £150 a year for two years, or three years, if so determined, will be paid quarterly, in advance, by the India Office, commencing from the date of the scholar's reporting his arrival in England. The first payment will be £37 10*s*. Three months after the date of reporting arrival the amount to the ensuing official quarter day will be paid. Subsequent payments will be made in advance, on or after each official quarter day. The allowance will be reduced by the amount of any other sum which may become payable to him out of the revenues of India in respect of residence at a University College or Institution during the same period or any part of it, but not in respect of University or College fees, the cost of which will be separately defrayed by the Secretary of State. Fees for private tuition are not defrayed by the Secretary of State unless previously sanctioned by him.

The necessary travelling expenses of scholars, by second class, or by third class, if no second class be available, will also be separately defrayed by the Secretary of State; these should be claimed on forms obtainable from the Educational Adviser.

Deposits and other charges which are part of the regular fees exacted by the authorities of the educational establishment in which a scholar is working will be paid by the Secretary of State; but charges for books, instruments, hotel bills, and medical attendance must be paid by the scholar himself (any refund of a deposit must be repaid to the Secretary of State).

12. No claim can be admitted for the payment or refund of any expenditure unless the scholar has obtained the *previous* sanction of the Secretary of State for India to such expenditure. (This does not apply to necessary travelling expenses referred to above.)

13. Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consiner sufficient, fails to complete the required term of residence in England according to the terms and conditions approved by the Secretary of State under rule 4, or who is guilty of misconduct or disregard of the instructions of the Secretary of State. If a scholarship be forfeited or if it be resigned before completion of its term, or if a scholar on completion of the term of his scholarship declines to return to India in accordance with the undertaking mentioned in rule 5, the scholar will loose his claim to a free return passage to India, and will further become liable to refund the cost of his free passage to England.

14. At the expiration of his scholarship a scholar is provided by the India Office with a free second class passage to India. The scholar is not entitled to make his own passage arrangements and to claim an allowance in lieu from the India Office without the special sanction of the Secretary of State. All communications on the subject are to be made to the Educational Adviser.

15. Should the Secretary of State be advised that the state of a scholar's health is such as to render his return to India desirable, the scholarship may be terminated forthwith and a free return passage granted to the scholar.

These rules will come into force six weeks from the date of the publication of this notification :—

RULES.

Appointment of vaccine station.

I.—The municipal committee shall from time to time appoint one or more vaccine stations for the municipality at such place (or places) as the Civil Surgeon (or other Medical Officer duly appointed for the purpose) may, in consultation with the committee, approve, and shall similarly fix the days and hours at which such station or each station shall be open, and shall cause to be fixed on the outside of such place or places in a conspicuous position a signboard or signboards on which shall be printed in letters easily legible and in English and Vernacular characters the following inscription : —

MUNICIPAL VACCINE STATION.

*Open every day from* *to*

and these stations (when there are more than one) shall be numbered and known as No. 1, No. 2, No. 3, and so on, respectively.

Appointment of public vaccinator. Distinguishing badge to be worn by public vaccinator.

II.—For each public vaccine station the municipal committee shall appoint one public vaccinator. Every such public vaccinator shall ordinarily wear a distinguishing badge consisting of the following words in red on a white ground, and this shall be worn on the breast:—

*"Vaccinator, Kálábágh Municipality."*

Qualifications of public vaccinator.

III.—No person shall be appointed a public vaccinator unless he has obtained a certificate from the Sanitary Commissioner of the Punjab that he is duly qualified to perform vaccination as prescribed by Act XIII of 1880.

Authority to appoint, suspend and dismiss public vaccinators.

IV.—The appointment, suspension and dismissal of every Superintendent of Vaccination and public vaccinator employed within the limits of the municipality shall rest with the municipal committee, but the suspension and dismissal of those officials who are entitled to pension from Government will be effected with the approval of the Sanitary Commissioner, Punjab.

Vaccination season.

V.—The vaccination season shall extend from 1st November to 31st March inclusive.

*Note for vaccinators.*—Although the Vaccination Act does not render liable to punishment the omission to get children under the age of six months vaccinated, yet it is very desirable that children should be vaccinated at an earlier age. As a rule, all healthy unprotected children over one month old presented for vaccination should be vaccinated by the public vaccinators.

Time of attendance of public vaccinators and their residence.

VI.—During the vaccination season the public vaccinator shall be bound to attend at the vaccine station to which he may be attached by the Civil Surgeon (or other Medical Officer duly appointed for the purpose) on the days and hours fixed for such station, and he shall reside in the municipality.

Nature of lymph to be ordinarily used.

VIII.—The lymph to be used in the performance of vaccinations shall be pure lymph obtained on the fifth day, taken from the udder or from the soft skin in the neighbourhood of the udder of a buffalo under the age of one year which is free from contagious disease and has perfect full-sized vesicles, or vaccine paste prepared from buffalo calves at the recognized Provincial Vaccine Depôt.

Vaccination by human lymph.

VIII.—If the parent or guardian of a child produced for vaccination desires that human lymph should be used, the vaccinator shall comply, and the lymph shall be taken from a child, subject to its parents or guardian's consent, that has two perfect vesicles left untouched on the arm to run their regular course.

Number of children to be vaccinated from each vesicle or from each buffalo calf or child used for the supply of lymph.

IX.—Not more than two children shall be vaccinated from each full-sized vesicle opened for the purpose of extraction of lymph, and not more than 60 children from a single buffalo calf, or six children from a single child.

Facility for procuring vaccination of children at private houses and the fee payable to a public vaccinator for an operation (outside his own circle).

X.—Persons desirous of procuring the vaccination of their children at their own houses shall intimate the fact to the public vaccinator or any of the public vaccinators as the case may be who out of the hours of his public duties shall arrange with the applicant to vaccinate the child. A fee of eight annas shall be payable to a public vaccinator who so vaccinates a child elsewhere than in the circle for which such vaccinator is appointed.

Fee chargeable by private vaccinators and the authority to which they are subject.

XI.—Persons licensed by the Local Government to act as private vaccinators shall in no case demand a higher fee than 8 annas for a single operation, and shall perform their duties under the orders and subject to the general control of the Civil Surgeon (or other medical officer duly appointed for the purpose).

Re-vaccination and the age of the child.

XII.—If the result of the first vaccination is a failure the child should be re-vaccinated. If this second operation is also a failure a third attempt should be made. If this also is unsuccessful, it is needless to repeat it again.

Grant and form of certificate of successful vaccination, unfitness for or of insusceptibility of vaccination.

XIII.—Whenever it is ascertained that a child is unfit for vaccination or is insusceptible of successful vaccination a certificate in Form A attached to these rules shall be granted in the former case to the parent or guardian of such child by the vaccinator, and in the latter in the Form B by the Medical or Vaccination Officer duly appointed for the purpose, either the Civil Surgeon, Assistant Surgeon, Sub-

Assistant Surgeon, Superintendent of Vaccination or Head Vaccinator as may in any case be best suited to local circumstances. In like manner, whenever it is ascertained that a child has been successfully vaccinated, a certificate shall be granted by the vaccinator to the parent or guardian of such child in the Form C attached to these rules.

Registers to be kept by the municipal committee.

XIV.—The following registers shall be kept up by the municipal committee :—

(a) A register showing the names of children born within the local area subject to these rules on or after the date of application of Act XIII of 1880 to such area.

(b) A register showing the names of unprotected children born in the area aforesaid previous to the date of the application of Act XIII of 1880, and who were at that date under the age of 14 years, if boys, and of 8 years, if girls.

(c) A register showing the names of unprotected boys and girls, respectively, under these ages brought within the local area aforesaid at any time after the application of Act XIII of 1880 and who had resided there for a month.

(d) A register showing the result of each vaccination or its postponement and the delivery of certificates, if any.

Rules for the preparation of registers.

XV.—The preparation of Register (A) shall be effected from the register of births maintained in the Municipal Office or Police Office; of Registers B and C from the information to be collected under the orders of the Secretary of the municipal committee; of Register D from the reports submitted by the vaccinator as hereinafter prescribed.

*No.* 281.—*Notification.*—The following letter and enclosure received from the President, Haj Committee, Bombay, are published for general information :—

No. 112, dated Bombay, 24th February 1913.

From—S. M. EDWARDES, Esquire, I.C.S., President, Haj Committee, Bombay,

To—The Secretary to Government, Punjab, Home (Medical and Sanitary) Department.

I HAVE the honour to inform you that I am directed by my Committee to forward, for your information, a copy of Government resolution, General Department, No. 5600, dated 23rd August 1912, together with its accompaniment, and to request you to give wide publicity to the contents of the Government Press Note No. 5601, attached thereto, and to be good enough to approach the leading Muhammadans within your jurisdiction with a view to collect subscriptions towards the cost of repatriating indigent Indian pilgrims from the Hedjaz.

2. Copies of the said resolution are also being sent to the various Muhammadan Anjumans and Associations throughout India with a similar request.

*Pilgrims.—*

Representation made by His Majesty's Ambassador at Constantinople as to the necessity for taking steps to ensure the repatriation of indigent Indian pilgrims in the Hedjaz.

No. 5600.

GENERAL DEPARTMENT.

Bombay Castle, 23rd August 1912.

Letter from the Government of India, Department of Education (Sanitary), No. 1403—1413, dated the 5th August 1912 :—

"I am directed to forward, for the information of the Government of Bombay, copies of the marginally noted letters* from the India Office on the subject of indigent Indian pilgrims in the Hedjaz and the representation made by His Majesty's Ambassador at Constantinople as to the necessity for taking steps to ensure their repatriation.

1. No. 1845-R. & S., dated the 21st June 1912, and enclosures.
2. No. 1964-R. & S., dated the 3rd July 1912, and enclosures.

"2. The Government of India desire that effective measures should, if possible, ultimately be adopted to prevent, as far as may be, the annual recurrence of this scandal in regard to destitute Indian pilgrims who are stranded year after year in Jeddah in large numbers, and who cause the British authorities there an amount of trouble out of proportion to their numbers. As an immediate step in this direction I am to refer to the correspondence noted in the margin and to ask that with the permission of His Excellency the Governor in Council, intending pilgrims may be reminded widely and urgently of the extreme desirability in their own interests of either securing return steamer tickets before leaving Bombay or other port of departure or depositing money sufficient to cover the cost of the return journey at the British Consulate in Jeddah on their way to the holy places of Islam, that their attention may be drawn to Nos. 5 and 6 of the instructions for pilgrims to the Hedjaz printed on page 2 of the Pilgrim Traffic Manual, and finally that Muhammadan Anjumans and Associations may be requested to warn pilgrims and to impress upon them the necessity of making sufficient provision for the return journey.

1. Home Department letter Nos. 733—742,† dated the 18th May 1907.
2. Home Department telegram Nos. 1356—54, dated the 22nd July 1910.‡

"3. I am to invite attention in this connection to the correspondence ending with your letter No. 1769,§ dated the 15th March 1912, in which the Government of Bombay suggested that it might be possible to enforce a system of return tickets for pilgrims by giving a monopoly of the pilgrim traffic to one shipping company in a season, but thought that it would be preferable to await the development of events for another season before taking action in this direction, and to forward a copy of a telegram* from the Secretary of State, dated the 1st July 1912, in which His Lordship desires that any unnecessary delay should be avoided in dealing with the question. The Government of India will be glad if, with the permission of His Excellency the Governor in Council, the further consideration of the question is expedited and they are furnished with the views of the Government of Bombay. They consider it especially important, however, that arrangements should be made in order to mitigate so far as possible, during the ensuing pilgrimage, the scandals and miseries referred to in the correspondence received from the India Office, and I am to request that they may be favoured with the early opinion of the Government of Bombay as to what immediate measures can suitably be taken for the purpose, other than those referred to in paragraph 2.

"4. I am, however to suggest that if the Governor in Council sees no objection, the Haj Committee may be asked to approach leading Muhammadan gentlemen (including pilgrims if considered desirable) and Anjumans with a view to collecting sufficient funds for the very laudable object of repatriating pilgrims from the Hedjaz."

RESOLUTION.—The accompanying Press Note should be published.

2. Copies of the Note should be forwarded to the Commissioner of Police, Bombay, and the Commissioner in Sind, who should be requested to impress upon intending pilgrims the directions contained therein.

3. Copies should also be forwarded to all district officers, including political officers, who should be requested to give widest publicity to the contents of the Note.

4. A sufficient number of copies of the Note should be forwarded to the Haj Committee, Bombay, to admit of their distributing it to the various Muhammadan Anjumans and Associations throughout India.

5. The Oriental Translator to Government should be requested to translate the Note into Gujarati, Urdu and Persian and to forward the translations to the Superintendent, Government Central Press, who should print them and supply copies to officers on indent. The Commissioner in Sind should take similar action with regard to a Sindhi translation.

6. The position in which the question of introducing a system of compulsory return tickets for Indian pilgrims stands at present is as indicated* in paragraph 3 of the Government of India's letter. Pending further consideration of that question, the Commissioner of Police, Bombay, and the Commissioner in Sind should be requested to favour Government at a very early date with their views as to what immediate measures can suitably be taken to give effect to the wishes expressed in the last sentence of paragraph 3 of the Government of India's letter.

7. The Haj Committee, Bombay, should be requested to carry out the suggestion made by the Government of India in paragraph 4 of their letter and to report to Government in due course the result of their appeal for funds.

| Sir G. Lowther (Constantinople), No. 109-Commercial, June 8th, 1912. | Indigent Indian pilgrims at Jeddah. |

No. 109-Commercial. Constantinople:

Sir, June 8th, 1912.

I have the honour to report that on April 30th last, I received a notice from the Sublime Porte complaining that His Majesty's Consul at Jeddah had refused this year to repatriate the Indian indigent pilgrims at that port on the ground that no steamers were running to India and requesting that, in view of the precarious situation in which these poor pilgrims were left, instructions might be sent for their repatriation without delay.

I therefore requested the acting British Consul at Jeddah to furnish me with a full report on the subject of this complaint, and have the honour to transmit to you herewith the despatch now received from him embodying his explanation of the situation.

Dr. Abdur Rahman's statements make it abundantly clear that the complaint of the Porte as to the danger and inconvenience caused by the stranding indefinitely at Jeddah of these poor pilgrims is justified not only from the point of view of the local authorities but in the interests of the pilgrims themselves; and in my reply to the Sublime Porte, copy of which I have the honour to enclose herewith, I have accordingly ventured, while exculpating His Majesty's Consul from all blame in the matter, to inform them that I would endeavour to induce His Majesty's Government to take such measures for the future as would ensure no pauper pilgrims arriving in the Hedjaz unprovided with the means of undertaking the return journey.

In your despatch No. 108 of this series of September 25th last, you were good enough to forward to me copy of a letter from the India Office* in which it is stated that the suggestion that the pilgrims should be compelled to provide themselves with return tickets before leaving India had after due consideration had to be abandoned. I trust nevertheless, in view of the very unsatisfactory state of affairs described by Dr. Abdur Rahman in the enclosed despatch and of the urgent need of some effective remedy therefor, that this decision may be reconsidered. As you are no doubt aware, the Duch, Frentch and Egyptian Governments, which with our own are mainly concerned with pilgrim traffic in the Hedjaz, succeed in applying Article 88 of the Paris Sanitary Convention of 1903 in its entirety and in insisting that their pilgrims shall be provided with both return tickets and funds sufficient to cover the expenses of the whole pilgrimage, and the Indian Government themselves in accepting the 1903 Convention did not include in their "reserves" any such having reference to Article 88.

*Sanitary A., November 1911, Nos. 40—43.

I am strongly of opinion that some steps must be taken to remedy the present situation and ensure the repatriation of Indian pilgrims in future years, and I would earnestly beg that the Government of India may be again approached on the subject with a view to inducing them to reconsider the decision taken regarding the provision of return tickets to pilgrims, or to suggest, failing this, some other effective remedy.

I have, etc.,

G. LOWTHER.

No. 24.

British Consulate, Jeddah:

May 15th, 1912.

Sir,

With reference to Your Excellency's cypher telegram No. 6 of the 5th of May 1912, received on the 10th instant, regarding the repatriation of destitute Indian pilgrims, I have the honour to report as follows :—

The question of repatriation of destitute Indian pilgrims is becoming very serious, and every year there is an increasing number of these destitutes who apply for repatriation.

The Government of India refuses to take any responsibility in the matter, and the reiterated representations from this Consulate for the introduction of compulsory return tickets for Indian pilgrims have not met with the approval of the Government at all.

As a warning to pilgrims on passports issued to them from India, it is printed that the British Government does not undertake to bring back pauper pilgrims from the Hedjaz. This warning falls on deaf ears, so to speak, and every year there are 1,000 to 1,500 or even more destitute pilgrims who surround this Consulate every now and then and ask for repatriation, and hundreds of them die here in the hope of getting a free passage to India.

There is an Indian Pilgrims Jubilee Relief Fund in this Consulate the existence of which is mainly due to the unclaimed estate of deceased Indian pilgrims who die here without leaving the address of their relatives or who have no relatives at all. Income from this source is not much. The fund does not receive any regular substantial aid from India or elsewhere and the total amount in the fund will not suffice to procure passage for the destitute pilgrims of one year, and in fact no fund will be enough if all these destitutes were to be shipped every year.

This fund is utilised to provide food for destitute pilgrims on board of the ship when some company gives them free passage or for providing passage to some deserving pilgrims who are stranded here on account of some special unforeseen circumstances.

Every year the agents of the shipping companies in pilgrim traffic here enter into a combine and on the strength of this combine they make the pilgrims pay very high rates in the beginning and then gradually reduce their rates, and in the end charge only nominal fares and even ship destitute pilgrims free of charge and divide the average of collective income according to the capacity of the steamer of each company in the combine. Thus in fact the rich pilgrims or pilgrims of average means pay for the repatriation of the pauper pilgrims.

Sany. A., August 1910, Nos. 86—91.

This year the agents of the companies did not enter into the usual combine, although they agreed among themselves not to reduce the rates lower than Rs. 30 and so the rates for deck-passage varied from Rs. 30 to Rs. 50 according to the reputation of the steamer and the number and means of the pilgrims present in Jeddah at the time.

One steamer of the British India S. N. Company made two trips to Bombay and the Arab line and the Bombay and Hedjaz line sent their steamers till they expected to get full complement of well-paying pilgrims. The Bombay and Persia S. N. Company, which is to a certain extent the regular line between Bombay and the Hedjaz, continued to send its steamers once after every month or one month and a half, only to receive well-paying pilgrims if the steamer were to go back to Bombay. In most of these steamers there were no doctors and so they took only a limited number of pilgrims, *viz.*, one per every 100 gross tonnage of the steamer and in some cases up to Aden only when that particular steamer was bound for Basrah or Calcutta.

Seeing that the pilgrims were in a great fix and to remedy this state of affairs, on the 16th March last a telegram was sent by this Consulate to the Government of Bombay asking for a steamer, and again on the 13th of April in reply to their telegraphic enquiry whether pilgrims will pay for their passage if a steamer were sent, I wired stating that the majority of pilgrims were unable to pay.

Now as a result of this telegraphic correspondence I am informed by the Commissioner of Police at Bombay, in his letter No. 453-4—P.P. of 1912, dated April 24th, that the Bombay and Persia S. N. Company has been prevailed upon to send s.s. *Islami* for the repatriation of the destitute Indian pilgrims stranded in Jeddah. This steamer was to leave Bombay sometime in the second week of the current month and is certified to carry about 800 pilgrims, and it is hoped that all the remaining pilgrims, about 700 or 800, will go by this steamer.

I should mention that on the 29th of March 1912 I received a letter from the Mutessarif of Jeddah requesting me to call upon the agents of the shipping companies to ship the destitute Indian pilgrims as usual which I did, and their replies not being hopeful at all, I communicated to the Mutessarif of Jeddah on the 8th of April 1912, in reply to his letter mentioned above. As far as this Consulate is concerned, I could give no assurance for the repatriation of such a large number of destitute pilgrims

Every year these destitute pilgrims have to wait till the end of the season, and hundreds of them, as I said above, die of disease, want of shelter and for want of means to protect them from the inclemencies of the weather.

This year the service of steamers, after the bulk of pilgrims had gone, was very irregular and even pilgrims who were able to pay had to wait here for a month or so before they could get a steamer.

The Turco-Italian war possibly may be partly responsible for this irregularity of service, as owing to the news of the blockade of the Red Sea ports, the merchants in Bombay hesitated, for some time at least, to ship their goods to this country.

The last steamer with Javanese pilgrims who came with return tickets sailed on the 26th of February 1912, while the bulk of them had gone within one month or so after the Haj. And there is never a question of repatriation of Javanese pauper pilgrims at all.

The above statement holds good in the case of Egyptian pilgrims too who also come with return tickets.

It is a real cause for anxiety every year and especially this year to see a large number of destitute Indian pilgrims waiting for free or cheap passages till so late in the season.

I beg to urge that Your Excellency may be pleased to approach the Indian Government once more for the introduction of a compulsory return tickets system which is the only solution of this question, and I am sure that no sensible Indian Mohammadan will oppose this act of the Government which will ensure an early return home of the pilgrims and at the same time save them from innumerable hardships which are the sure result of their overstay in this foreign land.

I have, etc.,
(Sd.) ABDUR RAHMAN,
Acting British Council.

Note Verbale.

No. 88.

His Britannic Majesty's Embassy has had the honour to receive the notices from the Sublime Porte, Nos. 14940 and 16407 of April 30th and May 26th, last, respectively, regarding the repatriation of destitute Indian pilgrims from Jeddah, but have deferred replying to them pending the receipt of a report from His Majesty's Consul at that city upon this subject.

From the report which has now been received, it would appear that His Majesty's Consul did not, as stated in the first of the above-mentioned notices, refuse to repatriate these pilgrims, but on the contrary he made every effort to ensure their repatriation, and, if he was not immediately successful, the reason of his want of success must be sought in the unusual condition of affairs existing this year in the Red Sea.

For, in consequence probably of the state of war, the service of steamers between the Hedjaz and India has been extremely irregular, so that even pilgrims who were able to pay their way home had in many cases to wait a month or more at Jeddah before they could get steamer to take them on board.

Moreover the agents of the shipping companies concerned did not this year enter into their usual agreement whereby higher rates are charged for the first pilgrims who can afford to pay and gradually lower ones for the more impecunious ones, so that the rich pilgrims in the end pay the passage of the paupers.

Perceiving the difficulties of the situation thus created for the poorer pilgrims His Majesty's Consul on March 16th last telegraphed to the Indian Government asking for a steamer to repatriate those who remained at Jeddah. On March 29th he received a letter from the Mutessarif of Jeddah requesting him to call upon the agents of the shipping companies to convey the destitute pilgrims home as usual, but in view of the very unfavourable answers he received from these agents in response to his appeal, he was unable to give the Mutessarif any specific assurance that the large number of pilgrims still remaining behind could be repatriated.

On April 13th, His Majesty's Consul again telegraphed to the Indian Government for a steamer, informing them in reply to an enquiry from them, that the majority of the pilgrims to be repatriated were destitute ; and he has now received information to the effect that the Bombay and Persia Steamship Navigation Company have been prevailed upon to despatch the s.s. *Islami* which was due to leave Bombay about the 2nd week in May to proceed to Jeddah and take on board the 700—800 pilgrims awaiting reptriation there.

His Britannic Majesty's Embassy take this opportunity of informing the Sublime Porte that they are making renewed representations to His Majesty's Government as to the desirability of applying to Indian pilgrims Article 88 of the Paris Sanitary Convention (1903) if possible in its entirety, or if local circumstances render this impossible at least of applying that portion of the Article which requires that pilgrims should obtain return tickets before leaving Indian ports.

Sir,

In my despatch No. 109 of this series of the 8th instant I had the honour to transmit to you a copy of a note-verbale which I proposed to address to the Sublime Porte in reply to their complaint to me regarding the non-repatriation of British Indian pilgrims from Jeddah. But before this note-verbale had been sent in, I received a telegram from His Majesty's Vice Consul at Jeddah reporting that 1,650 of these pauper pilgrims had been shipped back to their country and that another steamer was expected shortly to convey the few hundreds still remaining at Jeddah to their homes.

As I was thus in a position to inform the Sublime Porte that the greater number of the pilgrims had been already shipped home, it appeared to me no longer necessary to go into such detail in my reply to the Porte regarding the difficulties involved in their repatriation, and I have accordingly decided now to suppress this note-verbale, substituting for it a notice, copy of which is enclosed herewith, embodying the last information received from Dr. Abdur Rahman.

I am, however, still strongly of opinion that it is highly desirable that some means should be found of doing away with an annual nuisance which reflects little credit on ourselves.

Notice.

June 18th, 1912.

Referring to the two notices of the Imperial Ministry of Foreign Affairs, Nos. 14940 and 16407 of April 30th and May 26th, respectively, concerning the accumulation of a large number of destitute Indian pilgrims at Jeddah at the end of the last pilgrimage season, His Britannic Majesty's Embassy has the honour to state that the Consulate of His Britannic Majesty's Embassy at Jeddah did not refuse to repatriate the pilgrims in question. The Consulate is not officially responsible for the repatriation of pilgrims, but in this, as in previous years, it used its good offices towards that object, and did everyting possible to ensure the early return of the pilgrims in question to their own country. The delay in accomplishing this object was due to the fact that after the main body of pilgrims had returned to India, the sailings of such steamers as usually undertake the repatriation of the indigent pilgrims left over in Jeddah were less numerous than usual owing to the abnormal circumstances now prevailing in the Red Sea. His Britannic Majesty's Embassy now learns that on the 11th instant, 1,650 destitute pilgrims were shipped to India and that another steamer is expected to take away the remaining few hundred very shortly.

His Britannic Majesty's Embassy is in correspondence with His Majesty's Government concerning the possibility of adopting permanent measures to deal with the annual accumulation of destitute pilgrims at Jeddah at the end of each pilgrimage season.

To the Imperial Ministry of Foreign Affairs.

Telegram dated London, the 1st July 1912.

From—The Secretary of State for India,

To—The Secretary to the Government of India, Education Department.

Repatriation of indigent pilgrims. With reference to papers forwarded with my Revenue Secretary's letter No. R. and S.-1845, dated 21st June, have you anything to add to your despatch dated 30th May, No. 7-Sanitary? It appears desirable to avoid any unnecessary delay in dealing with question.

PRESS NOTE.

His Majesty's Ambassador at Constantinople, acting on the reports received from the ritish consular authorities at Jeddah, has urgently represented the necessity of taking effective measures to prevent the annual recurrence of the scandal and miseries involved by the stranding at Jeddah, towards the end of the return pilgrim season, of large numbers of destitute Indian pilgrims. The Government of India have accordingly directed that, as an immediate step in this direction, intending pilgrims should be reminded widely and urgently of the extreme desirability in their own interests of either securing return steamer tickets before leaving their port of departure, or of depositing money sufficient to cover the cost of the return journey at the British Consulate at Jeddah on their first arrival there. They also desire that attention should be drawn to Nos. 5 and 6* of the instructions for pilgrims to the Hedjaz and that the Mahomedan Anjumans and Associations should be requested to warn pilgrims of the necessity of making sufficient provision for the return journey.

2. All District and Political Officers have been directed to give the widest publicity to the above directions, and the Governor in Council trusts that the Mahomedan Anjumans and Associations throughout India will co-operate in disseminating the information and in warning their co-religionists.

3. Through the generosity of Mirza Mahomed Shirazi, Agent to the Bombay and Persia Steam Navigation Company, arrangements were made at the conclusion of the last pilgrim season to ship back to India some 800 indigent pilgrims, who were stranded at Jeddah, but sole dependence cannot be placed on individual efforts such as this to meet an annually recurring situation. As a body the Musalmans of India will no doubt realize their moral obligation to save their co-religionists from the hardships and miseries to which, in the absence of any organized measures of relief, they will continue to be exposed; and Government have therefore requested the Haj Committee of Bombay to approach the leaders of the Mahomedan community and the Anjumans throughout India with a view to the collection of a substantial fund to be appropriated to the laudable object of repatriating indigent pilgrims from the Hedjaz. The Governor in Council desires to express his earnest hope that the appeal of the Committee will meet with a wide and liberal response.

4. The proposal to extend to Indian pilgrims the system of compulsory return tickets already in force in other countries which participate extensively in the Haj pilgrimage, which seems to offer the only complete and permanent solution of the present difficulty, has again been brought pressingly to the attention of Government, and they are now considering it afresh in the light of the urgent representations referred to above.

## COMMERCE AND INDUSTRY DEPARTMENT.

*The 21st April* 1913.

*No.* 532.—*Notification.*—In exercise of the powers conferred by section 10 of the Punjab Motor Vehicles Act, II of 1907, and with reference to Punjab Government notification No. 157 Commerce and Industry, dated the 1st February

1913, the Lieutenant-Governor is pleased to make the following rules for the registration of motor vehicles in the Punjab:—

RULES.

1. (*i*) These rules may be called the Punjab Motor Vehicle Registration Rules.

(*ii*) They shall extend to the whole of the Punjab.

2. Every motor vehicle used on a public highway *shall be* registered and shall be provided with and carry identification marks in the manner prescribed by these rules, but this rule shall not apply to any motor vehicle temporarily brought into the Punjab for a period not exceeding 2 months, provided that such vehicle has been duly registered under rules in force in some other part of British India and bears the identification marks prescribed by such rules.

3. The Inspector-General of Police, Punjab, shall establish and keep a register for the registration of motor vehicles.

The register shall be in the form set out in schedule I to these rules.

4. Application for the registration of a motor vehicle shall be made to the Inspector-General of Police, Lahore, in the form given in schedule II to these rules.

5. On receipt of any such application, the Inspector-General of Police shall assign a separate number to the motor vehicle and shall register it by making or causing to be made the required entries in the register.

On the registration of the motor vehicle, the Inspector-General of Police shall intimate the number assigned to the motor vehicle to the owner.

6. If the ownership of a registered motor vehicle is changed, notice of the change shall be given either by the new or the old owner to the Inspector-General of Police, and an application shall also be made *either* to cancel the registration of the car or to continue the existing registration under the new ownership. In the latter case the new owner shall furnish the particulars required by rule 3.

7. The identification marks to be carried by a motor vehicle under rule I shall consist of 2 plates which must conform as to lettering, numbering and otherwise with the provisions set out in schedule III to these rules.

8. The plates forming the identification mark shall be fixed, one on the front of, and the other on the back of, the motor vehicle, in an upright position, so that every letter or figure on the plate is upright and easily distinguishable, in the case of the plate placed on the front of the motor vehicle from the front of the vehicle and in the case of the plate placed on the back of the vehicle, from behind the vehicle.

In the case of a motor tricycle or motor bicycle of a weight unladen not exceeding three hundred weights, the plate fixed on the front of the cycle may, if it is a plate having duplicate faces conforming with the third schedule to these rules, be fixed so that from whichever side the cycle is viewed the letters or figures on one or other face of the plate are easily distinguishable, though they may not be distinguishable from the front of the cycle.

9. When another vehicle is attached to a motor vehicle either in front or behind, the plate required to be fixed on the front or on the back of the motor vehicle, or a duplicate of such plate shall be fixed on the front or on the back of the vehicle attached, as the case requires, in the same manner as the plate is required to be fixed upon the motor vehicle.

10. Whenever during the period between half an hour after sunset and half an hour before sunrise a motor vehicle is used on a public highway, a lamp shall be kept burning on the vehicle, so contrived as to illuminate by means of reflection, transparency, or otherwise, and render easily distinguishable every letter or figure on the identification plate fixed on the back of the motor vehicle or of any vehicle attached to the back of the motor vehicle, as the case may be.

In the application of this article to a motor tricycle or motor bicycle of a weight unladen not exceeding three hundred weights, the plate fixed on the front of the motor

vehicle may, if desired, be substituted for the plate fixed on the back of the motor vehicle.

Section 32 (*b*)

20. *Claims for remissions.*—In cases of remissions of occupiers' rates for failed crops —

I.—(1) In case of some estates or defined parts of estates for which the Deputy Commissioner and Executive Engineer agree that the water-supply is precarious and unsatisfactory, the Zilladar is required to grant remissions on the following scale :—

(*a*) No remission shall be given—

(*i*) in respect of crops which have been cut or grazed prior to inspection ;

(*ii*) when a light rate is charged for crops grown on the *wadh* of a previous crop ;

(*iii*) when a special rate has been fixed on a kharif distributary for a first watering to start a rabi crop ;

(*iv*) when a crop is equal to or better than an 8-anna one.

(*b*) When a crop is equal to or better than a 4-anna one but worse than an 8-anna one, half remission shall be granted.

(*c*) When a crop is worse than a 4-anna one, full remission shall be granted.

(*d*) In the case of mixed crops not specially classified the remission will be dealt with in accordance with rules 23 and 24.

(2) Any cultivator not satisfied with remission granted by the Zilladar may prefer an appeal within 10 days of the communication to him of the Zilladar's order. No appeal shall be allowed in respect of a crop which has been cut or grazed.

(3) Appeals against the decisions of the Zilladar may be presented to the Deputy Collector, Sub-Divisional Canal Officer or Divisional Canal Officer and should be promptly enquired into and decided. The decision given on appeal by the Divisional or Sub-Divisional Canal Officer or Deputy Collector, as the case may be, shall be final.

II.—In the case of estates not specified above, claims for remissions which may arise from failure or stoppage of supply or from other calamities of a special and isolated character, shall be presented to the Divisional, Sub-Divisional Canal Officer or Deputy Collector before the crop is cut and within 10 days of the occurrence of the calamity. The unit of remission in such cases will be the field number. If the claim is admitted the Divisional Canal Officer may remit to the limit of Rs. 100 in each individual case provided that the aggregate remissions for any village do not exceed Rs. 1,000. If the Divisional Canal Officer considers that higher remissions should be granted than those above specified, the sanction of the Superintending Engineer shall be required. Pending the decision the collection shall be suspended.

Remissions are only admissible if there has been a complete failure or destruction of a crop due to causes beyond the control of the cultivator. If the failure is so nearly complete that the cultivator recovers nothing beyond the seed and the bare cost of cultivation it shall be treated as complete.

III.—In the case of a widespread recognized calamity affecting large areas where the total remissions of occupiers' rates are not likely to amount to more than Rs 25,000 in any Canal Division no further sanction is required where the Deputy Commissioner and Executive Engineer concerned are in agreement; where remissions are likely to exceed that sum or where the Deputy Commissioner and the Executive Engineer are not in agreement the case will be reported to Superintending Engineer who has power, in consultation with Commissioner, to sanction up to one lakh of rupees in any division. Proposals for remissions in excess of the sum agreed to by Superintending Engineer and Commissioner and cases in which these officers are not in agreement will be reported to Chief Engineer for decision by him in consultation with the Financial Commissioner.

If it is believed that over a considerable area an average crop in the particular season—

(*a*) is more than a 4-anna but less than an 8-anna crop, half may be remitted ;

(*b*) is less than a 4-anna crop, the whole may be remitted.

NOTES—

(*a*) Where there are two schedules of occupiers' rates on a canal, this implies that a normal or 16-anna crop in an estate subject to the lower schedule yields a smaller outturn than a normal crop in an estate subject to the higher schedule.

(*b*) A normal crop should be regarded as one giving a yield equal to that adopted by the Settlement Officer for that crop in framing his half net assets estimate.

IV.—Claims for remissions of ordinary charges, other than occupiers' rates, payable for the use of the canal water, shall be admitted only on proof of actual loss caused by the stoppage of supply; on proof of such loss, the whole or any portion of the charges may be remitted as hereinbefore provided.

V.—If a claim for remission of ordinary charges other than occupiers' rates be rejected by the Divisional Canal Officer the claimant may prefer an appeal to the Superintending Canal Officer.

*No.* 592 *R. I.—Notification.*—In exercise of the powers conferred by section 75 of the Northern India Canal and Drainage Act, 1873 (Act VIII of 1873), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor of the Punjab is pleased to direct the substitution of the following rule for rule 20 of the rules applicable to the following canals published in the notifications noted against each :—

Grant and form of certificate of successful vaccination; unfitness for, or insusceptibility of, vaccination.

12. Whenever it is ascertained that a child is unfit for vaccination or is insusceptible of successful vaccination, a certificate in form A attached to these rules shall be granted in the former case to the parent or guardian of such child by the vaccinator, and in the latter, in form B by the medical or vaccination officer duly appointed for the purpose, who may be the Civil Surgeon, Assistant Surgeon, Sub-Assistant Surgeon, Superintendent of Vaccination or head vaccinator as may in any case be best to local circumstances. *The 20th May* 1913.

*No.* 06 *R. I.—Notification.*—In exercise of the powers conferred by the Northern India Canal and Drainage Act, 1873 (VIII of 1873), and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following rules for the Lower Bari Doab Canal :—

**Rules under Act VIII of 1873, applicable to the Lower Bari Doab Canal.**

### PART III.—ON CONSTRUCTION AND MAINTENANCE OF WORKS.

Section 18.

1. *Orders for construction of works.*—The order which a Divisional Canal Officer may issue under section 18 shall be in writing, and shall be served on the persons concerned or their representatives in the manner prescribed in rules 79-A to 79-I, inclusive.

Section 20.

2. *Proceedings of Superintending Canal Officers on reference.*—The Superintending Canal Officer, before confirming or modifying a decision passed by the Divisional Canal Officer under section 20, shall hear and record any objections made to such decision by the parties interested or their representatives, to whom at least fifteen days' notiçe of the date and of the place at which Superintending Canal Officer will consider the Divisional Canal Officer's decision shall be given.

Section 24.

3. *Proceedings of Deputy Commissioner.*—The notice which the Deputy Commissioner is bound to give to the Canal Officer under section 24 shall not be less than 14 days.

Section 29.

4. *Opening of new water-courses.*—Water shall not be admitted into any new water-course until all works necessary for the passage across such water-course, or water-courses existing previous to its construction, and of the drainage intercepted by it, and for affording proper communications across it, for the convenience of the neighbouring lands, are completed to the satisfaction of the Divisional Canal Officer.

Rule 5 is omitted, and the following Note stands in its place :—

*" Water will be given to a village, and not to individual applicants."*

### PART IV.—ON THE SUPPLY OF WATER.

Section 31.

6. *Limit of length of water-courses.*—Water shall not ordinarily be granted to lands where the length of the water-course from its head to its point of contact with the fields exceeds two miles.

Section 16.

7. *Apprehended wastage.*—A supply of water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur. From his decision an appeal may be preferred to the Superintending Canal Officer.

7 A. A new supply of water shall not ordinarily be granted in respect of lands where the available supply of water in the canal, distributary or water-course is already fully utilized.

Section 31.

8. *Sanitary reasons.*—The Divisional Canal Officer shall not engage to grant water in the following cases, *viz.*:

(*a*) For the irrigation of any kharif crops upon lands within one mile from the outermost houses of any town, if such irrigation be objected to by the municipal committee (or, if there be no municipal committee, by the Deputy Commissioner), and the objection is approved by the Superintending Canal Officer and the Commissioner of the division. Should these officers differ in opinion, the question will be referred to Government in the Irrigation Department, whose decision shall be final.

(*b*) When the Local Government has, by a notification in the official Gazette, declared that the irrigation of certain crops within a specified distance from the boundary of a cantonment ought not, on sanitary grounds, to be permitted, no engagement for a supply of water shall be made against the terms of such prohibition.

8 A. * * * * *

8 B. Every supply of water shall be deemed to be given subject to the condition that the water shall not be used for the cultivation of any particular kind of crop in any particular locality in which the use of canal water for that kind of crop has been prohibited by the Local Government on sanitary grounds by a notification in the official gazette. When, however, the right to impose this prohibition is exercised in regard to existing cultivation, the occupiers shall be entitled to such compensation, if any, as the Local Government may think just.

9. *Preparation of fields.*—A Divisional Canal Officer may withhold or postpone the issue of water to any cultivator whose field he may have ascertained by personal inspection (by himself, one of his Assistants, or the Canal Deputy Collector) to be unprepared for irrigation by division into *kiaris* or compartments, not greater in area than one "*kanal,*" and by the addition of small water channels, as is customary in irrigation from wells.

Section 31.

(*a*) When a field is irrigated which has not been so prepared, an additional charge may be imposed not exceeding half the amount of occupier's rate leviable upon the field.

(*b*) Rice fields and gardens are exempted from the operation of this rule.

(*c*) In each case the Divisional Canal Officer, the Sub-Divisional Canal Officer, or Canal Deputy Collector must certify that he personally examined the field, and that it was not properly prepared for irrigation according to the terms of the rule.

(*d*) An appeal against the order of the Divisional Canal Officer may be preferred to the Superintending Canal Officer.

10. *Filling of tanks for watering cattle.*—Tanks may, subject to the following provisions, be filled with canal water without charge and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal :—

Section 31.

I.—Except as provided in rules 12 and 12 (*a*), no tank shall be so filled unless exclusively used for domestic purposes, for watering cattle, or for the manufacture of bricks not subsequently burnt in a kiln, or for *pisé* wall building.

II.—The lambardars of a village, in which there are one or more tanks for which a supply of canal water is desired, shall submit an application to that effect to the Divisional or Sub-Divisional Canal Officer, in which the number, names and approximate general dimensions of the tanks for which water is desired shall be stated. The Sub-Divisional Canal Officer, on receipt of the application, and after any further enquiries that he may deem necessary, shall pass an order stating the number and names of the tanks to which canal water may be supplied, whenever it can be made available without injury to the cultivation dependent on the canal, and subject to the following provisions. A written license in the terms of this order shall be given to the applicant, and shall remain in force until revoked by a written order of the Divisional Canal Officer.

III.—Tanks shall be filled at such times as may be directed by the Divisional or Sub-Divisional Canal Officer either by a general or by a special order. If it is desired to fill a tank at any other time, a written application shall be made to that effect. The filling of tanks shall be permitted only at such times and to such extent as the Divisional or Sub-Divisional Canal Officer may approve.

IV.—No tank shall be so filled which by intercepting any line of drainage is liable to overflow from an accumulation of water derived from natural sources.

V.—No tank shall be so filled when the water-course used to fill it is, in the opinion of the Sub-Divisional Canal Officer, in an unsound or unfit condition to carry the supply.

VI.—The privilege afforded by clause II of this rule may, in addition to any penalty which may be incurred under the Act, be suspended for twelve months for breach of any of the foregoing provisions under a written order of the Divisional Canal Officer passed on a regular proceeding and enquiry in each case. From such order an appeal shall lie to the Superintending Canal Officer.

VII.—In cases in which tanks have been filled without the license prescribed in clause II, or during the suspension under clause VI of the privilege afforded by such license, or in which tanks for which licenses have been granted have been filled at times other than those prescribed by the Divisional or Sub-Divisional Canal Officer under clause III, the water so admitted into such tanks may be charged for at such rate, not exceeding the rate for the time being in force for water supplied in bulk as the Divisional Canal Officer may in each case direct. Against such charges an appeal shall lie to the Superintending Canal Officer.

11. *Contracts.*—The Divisional Canal Officer, with the previous sanction of the Superintending Canal Officer, is empowered to make contracts for the supply of canal-water for purposes other than irrigation, not specified in schedule of rates, for any term not exceeding one year. For terms exceeding one year the previous sanction of the Local Government shall be necessary.

12. *Charges for water used for purposes other than irrigation.*—Tanks may be filled with canal-water for purposes other than those stated in clause I of rule 10 : such water will be charged for at rates and subject to conditions to be determined by the Local Government in each case.

12-A. Irrigation may also be carried on from tanks, provided the previous sanction of the Sub-Divisional Canal Officer be obtained. The usual rates will be charged for such irrigation.

13. *Water supplied to cantonments, towns, &c.*—When water is supplied to forts or other military buildings, cantonments, civil stations, cities, towns, railways, public gardens or other places of public resort, either by filling of tanks or by direct flow, contracts, at special rates, may be accepted by the Divisional Canal Officer with the previous sanction of the Local Government.

14. *Water power.*—The use of water power may be granted by the Divisional Canal Officer at such rates and under such conditions as may be sanctioned by the Local Government in each case.

Section 32 (*a*).

15. *Tatils.*—Divisional Canal Officers are empowered, for purposes of administration, repairs and maintenance, to order the closure of any water-course for periods which shall not extend beyond 12 consecutive days. For longer closures the authority of the Superintending Canal Officer is required.

16. Orders for closures under rule 15 must be notified either—

Section 32 (*a*)

(*a*) by a notification,
(*b*) by a special order.

Such notification or order shall be in writing under the hand of the Divisional Canal Officer, and a copy shall be conveyed by the Canal establishment with due expedition to each village concerned, and delivered to the patwari, or, in his absence, to any lambardar. The receipt of each person to whom a copy of the notification or order is delivered shall be affixed to a schedule prepared for the purpose, which shall be recorded in the Divisional Canal Office.

It shall be the duty of the patwari or lambardar who receives the notification or order above described to affix it at once in a conspicuous position in the village and to make its purport generally known.

Section 32 (*a*).

17. *Stoppage of supply in improperly maintained water-courses.*—Stoppage of supply of water to any water-course under section 32 (*a*) (2) may be enforced when the Canal Officer ordering the stoppage has satisfied himself, by personal inspection, that the water-course is not maintained in proper repair. The order for such stoppage shall be in writing under the hand of the Divisional Canal Officer, and an immediate report shall be made to the Superintending Canal Officer, and the special grounds for stoppage explained. The Superintending Canal Officer's order shall be final.

Section 32 (*a*).

18. *Report of closures.*—Immediate report shall be made to Superintending Canal Officer of all closures under case (1), section 32 (*a*).

19. Nothing in the foregoing rules shall be taken to affect the power of a Canal Officer to close any water-course or stop any supply of water on his own authority in cases which he deems to be of pressing emergency.

20. *Claims for remissions.*—In cases of remissions of occupier's rates for failed crops—

Section 32 (*b*).

I.—(1) In case of some estates or defined parts of estates for which the Deputy Commissioner and Executive Engineer agree that the water-supply is precarious and unsatisfactory, the Zilladar is required to grant remissions on the following scale:—

(*a*) No remission shall be given—

(*i*) in respect of crops which have been cut or grazed prior to inspection,

(*ii*) when a light rate is charged for crops grown on the *Wadh* of a previous crop,

(*iii*) when a special rate has been fixed on a kharif distributary for a first watering to start a rabi crop,

(*iv*) when a crop is equal to or better than an 8-anna one.

(*b*) When a crop is equal to or better than a 4-anna one, but worse than an 8-anna one, half remission shall be granted.

(*c*) When a crop is worse than a 4-anna one, full remission shall be granted.

(*d*) In the case of mixed crops not specially classified the remission will be dealt with in accordance with rule 23 (*ii*).

(2) Any cultivator not satisfied with remission granted by the Zilladar may prefer an appeal within 10 days of the communication to him of the Zilladar's order. No appeal shall be allowed in respect of a crop which has been cut or grazed.

(3) Appeals against the decisions of the Zilladar may be presented to the Deputy Collector, Sub-Divisional Officer or Divisional Officer, and should be promptly enquired into and decided. The decision given on appeal by the Divisional or Sub-Divisional Officer or Deputy Collector, as the case may be, shall be final.

II.—In the case of estates not specified above claims for remissions which may arise from failure or stoppage of supply, or from other calamities of a special and isolated character, shall be presented to the Divisional, Sub-Divisional Officer or Deputy Collector before the crop is cut and within 10 days of the occurrence of the calamity. The unit of remission in such cases will be the field number. If the claim is admitted the Divisional Officer may remit to the limit of Rs. 100 in each individual case, provided that the aggregate remissions for any village do not exceed Rs. 1,000. If the Divisional Canal Officer consider that higher remissions should be granted than those above specified the sanction of the Superintending Canal Officer shall be required. Pending the decision, the collection shall be suspended.

Remissions are only admissible if there has been a complete failure or destruction of a crop due to causes beyond the control of the cultivator. If the failure is so nearly complete that the cultivator recovers nothing beyond the seed and the bare cost of cultivation it shall be treated as complete.

III. In case of a widespread recognised calamity affecting large areas where the total remissions of occupiers' rates are not likely to amount to more than Rs. 25,000 in any Canal Division no further sanction is required where the Deputy Commissioner and Executive Engineer concerned are in agreement; where remissions are likely to exceed that sum or where the Deputy Commissioner and the Executive Engineer are not in agreement the case will be reported to Superintending Canal Officer who has power, in consultation with Commissioner, to sanction up to one lakh of rupees in any division. Proposals for remissions in excess of the sum agreed to by Superintending Canal Officer and Commissioner and cases in which these officers are not in agreement will be reported to Chief Engineer for decision by him in consultation with the Financial Commissioner.

If it is believed that over a considerable area an average crop in the particular season—

(*a*) is more than a 4-anna, but less than an 8-anna crop, half may be remitted.

(*b*) is less than a 4-anna crop, the whole may be remitted.

NOTES.—(*a*) Where there are two schedules of occupiers' rates on a canal, this implies that a normal or 16-anna crop in an estate subject to the lower schedule yields a smaller outturn than a normal crop in an estate subject to the higher schedule.

(*b*) A normal crop should be regarded as one giving a yield equal to that adopted by the Settlement Officer for that crop in framing his half-net assets estimate.

IV. Claims for remissions of ordinary charges, other than occupiers' rates, payable for the use of the canal water, shall be admitted only on proof of actual loss caused by the stoppage of supply: on proof of such loss, the whole or any portion of the charges may be remitted as hereinbefore provided.

V. If a claim for remission of ordinary charges other than occupiers' rates be rejected by the Divisional Canal Officer, the claimant may prefer an appeal to the Superintending Canal Officer.

20-A.—*Who to be deemed "occupiers"*—

I. For the purposes of section 36 of the said Act, the following persons shall be deemed to be "occupiers," namely :—

(*a*) Where the land-owner is in actual cultivating occupancy, such land-owner.

(*b*) Where the land is in the actual cultivating occupancy of a tenant or sub-tenant, and the rent is not paid through a contractor, the landlord, and such tenant or sub-tenant.

(*c*) Where the land is in the actual cultivating occupancy of a tenant or sub-tenant, but the rent is paid through a contractor, the landlord, the contractor, and such tenant and sub-tenant.

(*d*) Where the land is in the actual cultivating occupancy of a mortgagee holding from a landlord, tenant or sub-tenant, such mortgagee and the mortgagor.

II. In the cases referred to in clauses (*b*), (*c*) and (*d*) of clause I—

(*a*) the landlord and the tenant or sub-tenant, or

(*b*) the landlord, the contractor and the tenant or sub-tenant, or

(*c*) the mortgagee and mortgagor,

as the case may be, shall be jointly and severally liable for the payment of the occupier's rate.

III. The expressions "land-owner," "landlord" and "tenant" in this rule shall have the meanings respectively assigned to them in the Punjab Land Revenue Act, 1887 (XVII of 1887), and the Punjab Tenancy Act, 1887 (XVI of 1887).

## PART V.—OF WATER RATES.

Section 36.

21. *Charges for the use of water.*—The charge for the use of water shall be made on the area irrigated at the rates specified in the schedules for the time being in force, and subject to the following rules.

22. *Charge leviable for a preliminary watering when no crop is sown.*—When a field receives the first or preliminary watering, and afterwards no crop is sown, the lowest rate of charge for "lift" or "flow," as the case may be, will be imposed.

22-A. (1) When a field receives the first or preliminary watering, and afterwards a crop is sown, there shall, subject to the provisions of paragraph (2) of this rule, be payable in respect of that watering the full rate specified in the appropriate schedule as the rate to be charged for canal water supplied for the irrigation of the crop.

(2) When provision is made in the schedule for a special rate being charged for a single watering followed by a crop on land irrigated from a channel to which the Local Government has declared the special rate to be applicable, the rate to be charged for watering shall be such special rate, and not the full rate which would otherwise be payable under paragraph (1) of this rule.

23. *Charge for mixed crops.*—Mixed crops which have no specific name in the schedule of occupiers' rates shall be assessed at the highest rate leviable on any one of them.

24. *Charge for crops grown separately in the same field.*—Crops grown separately in the same field shall be treated as mixed crops unless the division between them has been clearly marked by a well-defined ridge.

25. *Charge leviable on fields re-sown.*—When the original crop sown in a canal-irrigated field fails and is ploughed up, and a fresh crop is sown in the same season, the occupier's rate to be levied is that due on the crop which comes to maturity.

26. *Occupier's rate for fields partly irrigated.*—If only a portion of a field be irrigated, the occupier's rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated by a well-defined ridge.

Section 36.

27. *Charge leviable on fields partly irrigated from canals, partly from wells or other sources.*—Where a portion of a field has been irrigated with canal water, and a portion with water from a well or any other source, the while field will be treated as irrigated with canal water, unless a clearly distinguishable boundary demarcated by a well-defined ridge exists between the two portions. Where such a boundary exists, enquiry will be made whether the use of water from a well or any other source was owing to deficiency in the supply of canal water, in which case the canal charge on the portion irrigated by canal water should be educed to lift rates.

Section 36.

28. *Use of canal water-courses for conveyance of water from a well or any other source.*—If water from a well or any other source is conveyed in the same channel as canal water in the course of the same season, the whole of the irrigation from that channel during such season is liable to be treated as irrigation from the canal.

Section 36.

29. *Charge leviable for permanent irrigation from escapes.*—Irrigation from escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

Section 36.

30. *Charge leviable for intermittent irrigation from escapes.*—Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Local Government in each case.

31. When a natural drainage channel or reservoir, not being part of the canal, is used as an escape channel, if it is so used at the request of persons desirous of irrigating from it, the same rates shall be chargeable for irrigation from it as for irrigation from an escape channel: Provided that the area, if any, irrigated from it previous to the introduction of canal water shall not be liable to water-rate, the amount of such area shall be determined by the Deputy Commissioner. In all cases in which water is supplied under this rule, a written contract shall be executed, setting forth the terms on which it is supplied.

32. *Charge leviable for water used without permission or at time prohibited (i.e., during tatils) by proper authority*—Persons irrigating from a canal without permission, or taking water at times prohibited by proper authority, shall, in addition to the ordinary crop rate which would be leviable, be chargeable with a punitive rate equal to the above ordinary charge for each separate and distinct occasion on which water is used without permission, or at times prohibited by proper authority.

The area shall be measured, and notice shall at once be given on each such occasion to the persons so irrigating that they will be so charged in the demand statement under this rule for the area thus watered.

33-A. ***Charge leviable for water used outside the irrigation boundary.***—Persons irrigating or taking water from the canal outside the irrigation boundary shall, in addition to the ordinary crop or *raoni* rate leviable, be chargeable with a punitive rate equal to that rate.

33. *Charge leviable for water used in an unauthorised manner or suffered to run to waste.*—The charges leviable for water used in an unauthorized manner, or suffered to run to waste, shall be—

(1) on cultivated lands, the crop rate which would otherwise be leviable on the area flooded, together with a punitive rate equal to this ordinary charge for each distinct and separate occasion on which water is so used;

(2) on uncultivated lands, the highest rate prescribed in the rules made by the Local Government under section 36 of Act VIII of 1873, provided that in every such case the Divisional Canal Officer may impose a lower charge if he thinks fit, and provided, further, that this charge may be made for each distinct and separate occasion on which water is so wasted.

The area shall be measured up as soon as possible, and the persons chargeable with this rate having been determined in accordance with the provisions of section 33 of Act VIII of 1873, notice shall on each occasion be given to them that they will be charged accordingly in the demand statement.

The special rates mentioned in this and in the preceding rule shall be in addition to such penalties as may be imposed under section 70 of the Act.

33-A. * * * * * *

34. An appeal against any charge made under rule 33 on account of water run to waste may be preferred to the Deputy Commissioner.

34-A. An appeal against any charge made under rules 22 to 33 inclusive, other than for water run to waste, may be preferred to the Commissioner.

Section 75.

35. *Schedules of rates to be accessible to villagers.*—The patwari of every village irrigated by canal shall be furnished by the Divisional Canal Officer with a statement in Urdu, showing the rates of assessment per ordinary local and canal measurements, which statement shall be suspended in the *chaupal* or in a conspicuous position in a place of public resort.

36. * * * * * * *

Section 47.

37. *Lambardars' fees.*—The allowance to lambardars, or other persons collecting from cultivators, shall be three per cent. on the amount collected, on condition that the full amount due has been paid for each estate by the date fixed by the Financial Commissioner, and that the lambardar has performed his duty connected with the assessment, such as personal attendance or deputation of a proper substitute at the time of measurement, and correct report of irrigation :

Provided that it shall be at the discretion of the Deputy Commissioner or Divisional Canal Officer, as the case may be, subject to the appeal allowed by rule 76, to withhold the whole or part of the allowances prescribed in this rule in the event of the conditions not being complied with.

Section 70—Clause 11.

66. No person, without the permission in writing of the Divisional Canal Officer shall pass, or shall cause any animal or vehicle to pass, on or across any of the roads, works, banks or channels of a canal, or drainage work, after he has been desired to desist therefrom, excepting upon such bridges, fords and ferries and their approaches, as are provided by the Divisional Canal Officer.

66-A. Every person in charge of a vessel navigating the Ravi river and wishing to pass the vessel across the canal works at Balloki shall tie up the vessel at a point, if the vessel is proceeding downstream, clear of the protection works above the canal, or, if the

vessel is proceeding upstream, at such point within the protection works as the Canal Officer may direct, and shall not permit the vessel to proceed further until he shall have obtained the special permission of the Canal Officer in immediate charge of the canal works at Balloki for the vessel to proceed across the canal works. Such permission shall not be given un til the person in charge has prepared his vessel for the passage by lowering masts, breaking up rafts, or doing such other things as may, in the opinion of the Canal Officer, be required to put the vessel in a fit state to pass without damage to the canal.

## PART XI.—SUBSIDIARY RULES.

67. *Assessment and realization of occupier's rate.*—The amount demandable for occupier's rate shall be determined and apportioned by the Divisional Canal Officer, and the Deputy Commissioner shall realize the sums due.

68. *Khatauni to be accessible to villagers.*—The patwari is responsible that the village copy of the *khatauni* or demand statement is at all times accessible to any person who pays for canal water.

Section 75.

69. *Distribution of parchas.*—As soon as the *khatauni* and *parchas* of a canal patwari's circle are completed, he will inform the lambardars of the dates on which the *parchas* will be distributed in each village. The lambardars will call upon the irrigators to attend and receive the *parchas* from the canal patwari. Undistributed *parchas* will be entrusted to the lambardars of the village. The canal patwari will in every case endorse the date of distribution on the *parcha*.

70. *Complaints against khasrah entries.*—If a cultivator desires to contest the correctness of the entries made against him in the demand statement, whether as to the fact of the land having been irrigated, or of its being charged "flow" or "lift," or as to the measurement and entries of class or crop, he shall lodge a complaint with the Divisional or Sub-Divisional Canal Officer, or Deputy Collector or Zilladar, within twenty-one days of the date on which the *parchas* were distributed on the completion of the measurements of the village, or, if he has been charged without having done any irrigation from the canal during the harvest under assessment, or, if no *parcha* has been delivered, either to him or to the lambardar, within ten days of the date on which he first became acquainted with the claim against him; and the claim shall be investigated on the spot within fifteen days of receipt and promptly decided.

Section 75.

On a complaint being presented to a Zilladar, he shall immediately make local enquiry and report the circumstances of the case to the Sub-Divisional Officer for orders.

The order of the Divisional or Sub-Divisional Canal Officer, or Deputy Collector, in such cases shall be forthwith communicated to the complainant, and shall be subject to appeal to the Commissioner of the division.

71. *Objections may be made by a lambardar, &c., on behalf of cultivator.*—When a lambardar or other person is responsible, under sections 46 and 47 of the said Act, for the payment of the occupiers' rates in a village, or any portion of a village, complaints under these rules may be lodged by such lambardar or contractor instead of by the cultivators, and any refund that may be necessary in consequence of the order passed upon objection so lodged, shall be paid by the Deputy Commissioner to such lambardar or contractor on account of the cultivators concerned.

Section 75.

72. *Method of dealing with alterations in the demand.*—If, after the giving of the *parcha*, any addition is made to the demand, or any reduction is allowed on a claim under rule 20, or appeal under rule 31, or by way of remission under section 32, clause (*b*), of the Act, or otherwise, such addition or reduction shall be communicated to the cultivator by means of supplementary *parchas*. Demands shall be shown in black, and remission in red letters. All such alterations as are made before the despatch of the *khatauni* to the Deputy Commissioner shall be included in that document, and shall also be written on slips similarly printed (black for additions and red for reductions) and attached to the *khatauni*. Alterations made after the despatch of the *khatauni* shall be communicated to the Deputy Commissioner by means of similar slips.

73. Provided for in rules 81 and 85.

74. *Irrecoverable balances.*—When balances are found to be irrecoverable, owing to want of assets, absconding of defaulters or any other cause, they shall be reported by the Deputy Commissioner to the Commissioner, who if he sees fit will forward each case to the Financial Commissioner for such action as may be necessary under the orders of Government.

75. *Refunds of canal revenue—*

I. Refunds of canal revenue from British treasuries or sub-treasuries shall be taken into consideration by the officer in charge of a treasury or sub-treasury on the application of the claimants or their legal representatives or of his own motion.

II. The officer dealing with any claim for refund shall not admit it until—

(*a*) he has satisfied himself that the remission, on account of which the claim is made, has been granted by a duly authorised person;

(*b*) the Revenue Accountant (*Wasil Baki Nawis*) and the Treasury or Sub-Treasury Officer certifies that the sum was credited to Government on a specified date and in a specified item.

III. If after the investigation indicated in paragraph II (*a*) and (*b*), he is satisfied that the claims should be admitted, he shall pay them forthwith, unless the sums have been credited to Government in the accounts of any year earlier than the last preceding agricultural year, in which case the sanction of the Commissioner to the payment of the refund must be obtained.

76. *Appeal against retrenchment of fees.*—An appeal against retrenchment of fees of lambardars shall lie to the Commissioner of the Division or Deputy Commissioner, according as the retrenchment has been made by the Deputy Commissioner or Divisional Canal Officer.

Section 75.

77. *Receipts for water-rate.*—Receipts shall, when demanded, be given by the lambardar or other person making the collection to each cultivator on payment of occupiers' rate.

78. *General prohibition.*—No person employed on a canal shall, without previous sanction obtained from the Divisional Canal Officer, have any interest in the distribution or use of water from the said canal, or purchase, or bid for, any Government property sold thereon, either in his own name, or in the name of another, or jointly, or in shares with others.

#### NATIVE STATES.

*The 20th May* 1913.

*No.* 327.—*Notification.*—The following ceremonial observed at Mandi on the occasion of the announcement of the arrangements made for the succession to the Mandi State on the 28th April 1913 is published for general information :—

On Monday, the 28th April 1913, at 10-30 A. M., His Honour the Lieutenant-Governor held a public Darbar at Mandi for the purposes of reading the Proclamation of the Government of India, and of formally installing Mian Jogindar Singh as Raja of Mandi.

The Darbar was attended by the Civil and Military Officers of Government present at Mandi and by the other guests and officials of the Mandi State. The entrance to the Darbar Hall was lined by troops, and a Guard of Honour, with band, was drawn up outside.

Two high officials waited on the Lieutenant-Governor at his residence at 10-15 A. M., and conducted His Honour to the Darbar. His Honour was accompanied by his personal staff, the Commissioner of the Jullundur division, and the Chief Secretary to the Government of the Punjab.

The Mian, accompanied by the Settlement Officer of Mandi, met the Lieutenant-Governor as he alighted at the entrance to the Darbar Hall.

On the arrival of His Honour at the Darbar Hall the troops presented arms, the band played the refrain of "Rule Britannia," and a salute of 15 guns was fired. The Mian conducted His Honour to his seat in the Darbar Hall, and all present rose.

On the right of the Lieutenant-Governor sat the Mian, the Commissioner of Jullundur, the Settlement Officer of Mandi and the Ahlkars of the State in the order of their precedence. On the left of the Lieutenant-Governor sat the Chief Secretary to the Punjab Government and the other officers in attendance on His Honour.

Behind the seats first occupied by the Lieutenant-Governor and the Mian there was a raised dais on which were placed two chairs of State, one of which represented a Masnad.

When all had resumed their seats, the Chief Secretary to Government, with His Honour's permission, declared the Darbar open, and then read the following Proclamation of the Government of India :—

PROCLAMATION.

The Governor-General of India in Council announces to the people of the Mandi State that, in consequence of the regrettable death of His Highness Raja Bhawani Sen without leaving any heirs male of his body or any adopted son, the Governor-General in Council has, with the approval of His Majesty's Secretary of State, been pleased to select his nearest natural male relative, Mian Jogindar Singh, at present a minor, as Chief of the Mandi State. Mian Jogindar Singh is hereby acknowledged by the Government of India as Chief of the Mandi State, in succession to His Highness Raja Bhawani Sen, under the title of Raja Jogindar Sen.

During the minority of His Highness, the said State will be administered in His Highness' name by the British Government.

When His Highness shall attain to the period of majority, that is, the age of 21 years and if His Highness shall then be found qualified for the discharge of the duties of his responsible position, the administration of the State will be entrusted to him, subject to such conditions as may be determined at that time.

By order of the Governor-General of India in Council,

A. H. McMAHON,

*Secretary to the Government of India, Foreign Department.*

---

A translation of the Proclamation in Urdu was then read by the acting Mir Munshi to the Punjab Government.

After the installation Khillat had been brought in, the Lieutenant-Governor addressed the Darbar in Urdu, the English version of the address being as follows :—

SIRDARS and GENTLEMEN,—I need not refer at length to the lamented death of His Highness Raja Bhawani Sen, which occurred on 9th February 1912, or a little more than a year ago. Mandi has been unfortunate in losing within so short a period, first my old friend Raja Bijai Sen and now his adopted son, a young man whose rule we had hoped would be long and prosperous. The loss is all the more severe as Raja Bhawani Sen left no heirs and had not exercised his powers of adoption. There were, owing to the history of the family

since the time of Raja Balbir Sen, no heirs who were entitled to succeed, and the State was practically an escheat to the Paramount Power. The British Government, being anxious to perpetuate the State as a separate entity, has decided to select a relative as heir and to recognise him as Chief of Mandi. The question of his powers and position will be determined in due course when the time comes for his investiture. The claims of all relatives were fully considered, and after much thought the British Government have decided to select Mian Jogindar Singh, who is the nearest male relative of the late Chief, and for whom he had a special affection. The Mian Sahib is a strong, healthy and intelligent boy, and, with the special education and upbringing which we can now provide for him, should grow up to be a great and good Chief. It is understood that his selection is accepted generally as suitable, and it will, I trust, be a source of comfort to the bereaved family. At any rate it is the selection of the British Government, and that Government will accord full support to His Highness and his administration. It is incumbent upon all subjects of the Mandi State loyally to co-operate in securing the success of that administration, so to show their gratitude for the maintenance of the Mandi Raj. Their prosperity will be secured by the settlement now in progress, and trade and commerce will be developed by good roads and possibly eventually by the railway now under survey, and the establishment of good and suitable courts and offices will ensure that the administration will be conducted upon those principles which have been approved from of old.

Now it is my pleasant duty on behalf of the British Government to instal Mian Jogindar Singh as Chief of the Mandi State, and I now so instal him under the title of Raja Jogindar Sen, and wish him a long and prosperous rule over a peaceful and contented State.

On the conclusion of His Honour's address all present rose, and His Honour, after placing a necklace round the Raja's neck and attaching to his turban a *Sarpech* as the insignia of Chiefship, seated the Raja on the Masnad declaring him to be the Raja of Mandi.

The Chief Secretary to the Punjab Government then recited the Raja's full title.* The band in attendance played the State March, and a salute of 11 guns was fired in honour of His Highness the Raja.

*His Highness Raja Jogindar Sen, Chief of Mandi.

The officials of the State were then presented to His Honour by the Commissioner of the Jullundur division and offered the usual nazars, which were touched and remitted. Khillats were then presented by the Punjab Government to the following officials and notables of the Mandi State :—

| | Rs. |
|---|---|
| (1) Mian Ganga Singh ... ... ... | 250 |
| (2) Munshi Amar Singh, Wazir ... ... | 250 |
| (3) Mehta Ganda Mal, Extra Assistant Settlement Officer ... ... ... ... | 150 |
| (4) Lala Sri Gopal, Vakil ... ... ... | 150 |
| (5) Munshi Hardeo Singh, Tahsildar ... ... | 150 |
| (6) Dr. Thakur Das ... ... ... | 150 |

After *atar* and *pan* had been given to the Raja by His Honour, and to his Ahlkars by the acting Mir Munshi of the Punjab Government, the Chief Secretary to Government, Punjab, with His Honour's permission, declared the Darbar closed.

His Honour then left the Darbar under the ceremonies observed on his arrival.

(*ii*) Training in one or more branches of domestic science

(*iii*) Training as teachers of modern European languages.

(*iv*) Training as music mistresses.

(*v*) Training as art teachers.

3. The scholarship will be tenable in the United Kingdom or, with special sanction, in foreign countries, for a period of three years in the first instance, with the possibility of extension in special circumstances and in particular in the case of medical students to four and five years.

4. The scholarship will carry with it no conditions as to any subsequent career or service under Government and no expectations of such employment will be held out.

5. Candidates must have passed the B.A. examination of an Indian University or, in the case of medical candidates, must possess an Indian degree in Medicine.

6. The candidate to whom the scholarship is awarded will be required to proceed to England within a reasonable time from the date of her selection and to reside there for a period of three to five years, as the case may be, unless compelled to return sooner by ill health. The scholarship will be payable from the date of her reporting her arrival in England. She will be provided with a free second class passage to England and also with a free return passage if she completes the full period of residence or is compelled by sickness to return within that period.

7. The scholar will, on arrival in England, be required to bind herself by a written engagement to submit to the following rules and to such other regulations as may from time to time be framed by His Majesty's Secretary of State for India for the guidance of scholars in England :—

(a) Every scholar shall, on reaching England, at once call upon the Secretary for Indian students and report her arrival in writing. She shall leave her address with the Secretary for Indian students and intimate to him from time to time all changes therein.

(b) Every scholar shall, without unnecessary delay, inform the Secretary for Indian students to which university she intends to proceed, and shall at once take steps to enter herself at the college she has finally selected with his approval.

(c) Every scholar shall, within four weeks of reaching England, submit to the Secretary for Indian students, for the approval of the Secretary of State, a statement showing the general course of study she proposes to follow, with a view to carrying out the objects of the scholarship granted to her; and the course approved must not be changed without the sanction of Secretary of State.

(d) Every scholar shall, at the end of each term of residence at a university, submit to the Secretary for Indian students a certificate from the proper college or university authority, showing that her residence, conduct and progress in study have been satisfactory during the term.

(e) Every scholar shall at all times obey such instructions as she may receive from the Secretary of State either directly or through the Secretary for Indian students.

(f) Subject to a due compliance with the above conditions, the allowance, at the rate of £200 a year for three, four or five years, will be paid quarterly, in advance, by the India Office, commencing from the date of the scholar's reporting her arrival in England. The first payment will be £50. Three months after the date of reporting arrival the amount to the ensuing official quarter day will be paid. Subsequent payments will be made in advance, on or after each official quarter day. The allowance will be reduced by the amount of any other sum which may become payable to her out of the revenues of India in respect of residence at a university during the same period or any part of it, and also by the amount of any university or college bills, of which payment is made by the India Office.

(g) Travelling expenses, hotel bills, and charges for medical attendance are not defrayed by the Secretary of State.

(h) Every scholar will forfeit her scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete a residence in England for the prescribed number of years of the scholarship according to the terms and conditions approved by the Secretary of State under (c) above, or who is guilty of misconduct or disregard of the instructions of the Secretary of State. If a scholarship be forfeited, or if it be resigned before completion of its term, or if a scholar on completion of the term of her scholarship declines to return to India when instructed to do so, the scholar will lose her claim to a free return passage to India, and will further become liable, at the discretion of the Secretary of State, to refund the cost of her free passage to England.

(i) At the expiration of her scholarship a scholar is provided by the India Office with a free second class passage to India. The scholar is not entitled to make her own passage arrangements and to claim an allowance in lieu thereof from the India Office without the special sanction of the Secretary of State. All communications on this subject shall be made to the Secretary for Indian students.

(j) Should the Secretary of State be advised that the state of a scholar's health is such as to render her return to India desirable, the scholarship may be terminated forthwith and a free return passage granted to the scholar.

8. Applications should be submitted to the Director of Public Instruction, Punjab, by the 1st August 1913, accompanied by full particulars as to education and other qualifications and certificates of physical fitness to undergo abroad the course of study proposed. *No.* 0179 *R. I.—Notification.*—In exercise of the powers conferred by the Northern India Canal and Drainage Act, No. VIII of 1873, and with the previous sanction of the Governor-General in Council, the Lieutenant-Governor is pleased to make the following rules for the Ghaggar Inundation Canals:—

**Rules under Act VIII of 1873, applicable to the Ghaggar Inundation Canals.**

PART III.

ON CONSTRUCTION AND MAINTENANCE OF WORKS.

Section 18.

1. *Orders for construction of works.*—The order which a Divisional Canal Officer may issue under section 18 shall be in writing, and shall be served on each person concerned or his representative as a civil process through the Deputy Commissioner.

Section 20.

2. *Proceedings of Superintending Canal Officers on reference.*—The Superintending Canal Officer, before confirming or modifying a decision passed by the Divisional Canal Officer under section 20, shall hear and record any objections made to such decision by the parties interested or their representatives to whom at least fifteen days' notice of the date and of the place at which Superintending Canal Officer will consider the Divisional Canal Officer's decision shall be given.

Section 24.

3. *Proceedings of Deputy Commissioner.*—The notice which the Deputy Commissioner is bound to give to the Canal Officer under section 24 shall not be less than fourteen days.

Section 29.

4. *Opening of new water-courses.*—Water shall not be admitted into any new water-course until all works necessary for the passage across such water-course, of water-courses existing previous to its construction, and of the drainage intercepted by it, and for affording proper communications across it, for the convenience of the neighbouring lands are completed to the satisfaction of the Divisional Canal Officer.

5. *Application for water.*—All applications for water or for the construction or improvement of water-courses under Part III of the Act shall be in the form prescribed in Appendix No. 1.

PART IV.

ON THE SUPPLY OF WATER.

Section 31.

6. *Limit of length of water-courses.*—Water shall not ordinarily be granted to lands where the length of the water-course from its head to its point of contact with the fields exceeds two miles.

Section 16.

7. *Apprehended wastage.*—Applications under section 16 of the said Act shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur. From his decision an appeal may be preferred to the Superintending Canal Officer.

7*A*. Such applications shall not ordinarily be granted in respect of lands where the available supply of water in the canal, distributary, or water-course is already fully utilized.

8. *Sanitary reasons.*—The Divisional Canal Officer shall not engage to grant water for the irrigation of any kharif crops upon lands within one mile from the outermost houses of any town if such irrigation be objected to by the Municipal Committee (or, if there be no Municipal Committee, by the Deputy Commissioner), and the objection is approved by the Superintending Canal Officer and the Commissioner of the division. Should these officers differ in opinion, the question will be referred to Government, in the Irrigation Department, whose decision shall be final.

Section 31.

8-A. *Prohibition of irrigation in the vicinity of cantonments.*—When the Local Government has, by a notification in the official Gazette, declared that the irrigation of certain crops within a specified distance from the boundary of a cantonment ought not, on sanitary grounds, to be permitted, no engagement for a supply of water shall be made against the terms of such prohibition.

Section 31.

8-B. Every supply of water shall be deemed to be given subject to the condition that the water shall not be used for the cultivation of any particular kind of crop in any particular locality in which the use of canal water for that kind of crop has been prohibited by the Local Government on sanitary grounds by a notification in the official Gazette. When, however, the right to impose this prohibition is exercised in regard to existing cultivation, the occupiers shall be entitled to such compensation, if any, as the Local Government may think just.

9. (Not required.)

10. *Filling of tanks for watering cattle.*—Tanks may, subject to the following provisions, be filled with canal water without charge and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal:—

Section 31.

(*i*) Except as provided in rules 12 and 12 A, no tank shall be so filled unless exclusively used for domestic purposes, for watering cattle, or for the manufacture of bricks not subsequently burnt in a kiln, or for *pisé* wall building.

(*ii*) The Lambardars of a village, in which there are one or more tanks for which a supply of canal water is desired, shall submit an application to that effect to the Divisional or Sub-Divisional Canal Officer, in which the number, names and approximate general dimensions of the tanks for which water is desired shall be stated. The Sub-Divisional Canal Officer on receipt of the application, and after any further enquiries that he may deem necessary, shall pass an order stating the number and names of the tanks to which canal water may be supplied, whenever it can be made available without injury to the cultivation dependent on the canal, and subject to the following provisions. A written license in the terms of this order shall be given to the applicant, and shall remain in force until revoked by a written order of the Divisional Canal Officer.

(*iii*) Tanks shall be filled at such times as may be directed by the Divisional or Sub-Divisional Canal Officer either by a general or by a special order. If it is desired to fill a tank at any other time, a written application shall be made to that effect. The filling of tanks shall be permitted only at such times and to such extent as the Divisional or Sub-Divisional Canal Officer may approve.

(*iv*) No tank shall be so filled which by intercepting any line of drainage is liable to overflow from an accumulation of water derived from natural sources.

(*v*) No tank shall be so filled when the water-course used to fill it is, in the opinion of the Sub-Divisional Canal Officer, in an unsound or unfit condition to carry the supply.

(*vi*) The privilege afforded by clause (*ii*) of this rule may, in addition to any penalty which may be incurred under the Act, be suspended for twelve months for breach of any of the foregoing provisions under a written order of the Divisional Canal Officer passed on a regular proceeding and enquiry in each case. From such order an appeal shall lie to the Superintending Canal Officer.

(*vii*) In cases in which tanks have been filled without the license prescribed in clause (*ii*), or during the suspension under clause (*vi*) of the privilege afforded by such license, or in which tanks for which licenses have been granted have been filled at times other than those prescribed by the Divisional or Sub-Divisional Canal Officer under clause (*iii*), the water so admitted into such tanks may be charged for at such rate, not exceeding the rate for the

time being in force for water supplied in bulk, as the Divisional Canal Officer may in each case direct. Against such charges an appeal shall lie to the Superintending Canal Officer.

11. *Contracts.*—The Divisional Canal Officer, with the previous sanction of Superintending Canal Officer, is empowered to make contracts for the supply of canal water for purposes other than irrigation, not specified in schedule of rates, for any term not exceeding one year. For terms exceeding one year the previous sanction of the Local Government shall be necessary.

12. *Charges for water used for purposes other than irrigation.*—Tanks may be filled with canal water for purposes other than those stated in clause (*i*) of rule 10* : such water will be charged for at rates and subject to conditions to be determined by the Local Government in each case.

*In notification No. 3725-I., dated 17th August 1878, rule 12 has been quoted by an obvious oversight in place of rule 10.

12-A. Irrigation may also be carried on from tanks, provided the previous sanction of the Sub-Divisional Canal Officer be obtained. The usual rates will be charged for such irrigation.

13. *Water supplied to cantonments, towns, etc.*—When water is supplied to forts or other military buildings, cantonments, civil stations, cities, towns, railways, public gardens or other places of public resort, either by filling of tanks or by direct flow, contracts at special rates may be accepted by the Divisional Canal Officer with the previous sanction of the Local Government.

14. *Water power.*—The use of water power may be granted by the Divisional Canal Officer at such rates and under such conditions as may be sanctioned by the Local Government in each case.

Section 32 (*a*).

15. *Tatils.*—Divisional Canal Officers are empowered, for purposes of administration, repairs and maintenance, to order the closure of any water-course for periods which shall not extend beyond twelve consecutive days. For longer closures the authority of the Superintending Canal Officer is required.

Section 32 (*a*).

16. Orders for closures under rule 15 must be notified either—

(*a*) by a notification;
(*b*) by a special order.

Such notification or order shall be in writing under the hand of the Divisional Canal Officer, and a copy shall be conveyed by the canal establishment with due expedition to each village concerned, and delivered to the Patwari, or, in his absence, to any Lambardar. The receipt of each person to whom a copy of the notification or order is delivered shall be affixed to a schedule prepared for the purpose, which shall be recorded in the Divisional Canal Office.

It shall be the duty of the Patwari or Lambardar who receives the notification or order above described to affix it at once in a conspicuous position in the village and to make its purport generally known.

Section 32 (*a*).

17. *Stoppage of supply in improperly maintained water-courses.*—Stoppage of supply of water to any water-course under section 32 (*a*) (2) may be enforced when the Canal Officer ordering the stoppage has satisfied himself, by personal inspection, that the water-course is not maintained in proper repair. The order for such stoppage shall be in writing under the hand of the Divisional Canal Officer, and an immediate report shall be made to the Superintending Canal Officer, and the special grounds for stoppage explained. The Superintending Canal Officer's order shall be final.

Section 32 (*a*).

18. *Report of closures.*—Immediate report shall be made to Superintending Canal Officer of all closures under case (1), section 32 (*a*).

19. Nothing in the foregoing rules shall be taken to affect the power of a Canal Officer to close any water-course or stop any supply of water on his own authority in cases which he deems to be pressing emergency.

Section 32 (*b*).

20. *Claims for remissions.*—In cases of remissions of occupiers' rates for failed crops :—

(*i*) Claims for remissions which may arise from failure or stoppage of supply or from other calamities of a special and isolated character shall be presented to the Divisional or Sub-Divisional Canal Officer or Deputy Collector before the crop is cut and within ten days of the occurrence of the calamity. The unit of remission in such cases will be the field number. If the claim is admitted the Divisional Canal Officer may remit to the limit of Rs. 100 in each

individual case, provided that the aggregate remissions for any village do not exceed Rs. 1,000. If the Divisional Canal Officer considers that higher remissions should be granted than those above specified, the sanction of the Superintending Engineer shall be required. Pending the decision the collection should be suspended.

Remissions are only admissible if there has been a complete failure or destruction of a crop due to causes beyond the control of the cultivator. If the failure is so nearly complete that the cultivator recovers nothing beyond the seed and the bare cost of cultivation, it shall be treated as complete.

(*ii*) In case of a widespread recognized calamity affecting large areas where the total remissions of occupiers' rates are not likely to amount to more than Rs. 25,000 in any Canal Division, no further sanction is required where the Deputy Commissioner and Executive Engineer concerned are in agreement; where remissions are likely to exceed that sum or where the Deputy Commissioner and the Executive Engineer are not in agreement, the case will be reported to Superintending Engineer who has power, in consultation with Commissioner, to sanction up to one lakh of rupees in any division. Proposals for remissions in excess of the sum agreed to by Superintending Engineer and Commissioner and cases in which these officers are not in agreement will be reported to Chief Engineer for decision by him in consultation with the Financial Commissioner.

If it is believed that over a considerable area an average crop in the particular season—

(*a*) is more than a 4-anna, but less than an 8-anna, crop half may be remitted;

(*b*) is less than a 4-anna crop, the whole may be remitted.

NOTES.—(*a*) Where there are two schedules of occupiers' rates on a canal, this implies that a normal or 16-anna crop in an estate subject to the lower schedule yields a smaller outturn than a normal crop in an estate subject to the higher schedule.

(*b*) A normal crop should be regarded as one giving a yield equal to that adopted by the Settlement Officer for that crop in framing his half not assets estimate.

(*iii*) Claims for remissions of ordinary charges other than occupiers' rates payable for the use of the canal water shall be admitted only on proof of actual loss caused by the stoppage of supply; on proof of such loss the whole or any portion of the charges may be remitted as hereinbefore provided.

(*iv*) If a claim for remission of ordinary charges other than occupiers' rates be rejected by the Divisional Canal Officer, the claimant may prefer an appeal to the Superintending Canal Officer.

20-A. *Who to be deemed "occupiers."*—(*i*) For the purposes of section 36 of the said Act, the following persons shall be deemed to be "occupiers," namely:—

(*a*) Where the land-owner is in actual cultivating occupancy, such land-owner.

(*b*) Where the land is in the actual cultivating occupancy of a tenant or sub-tenant, and the rent is not paid through a contractor, the landlord, and such tenant or sub-tenant.

(*c*) Where the land is in the actual cultivating occupancy of a tenant or sub-tenant, but the tent is paid through a contractor, the landlord, the contractor, and such tenant and sub-tenant.

(*d*) Where the land is in the actual cultivating occupancy of a mortgagee, holding from a landlord, tenant or sub-tenant, such mortgagee and the mortgagor.

(*ii*) In the cases referred to in clauses (*b*), (*c*) and (*d*) of clause (*i*)—

(*a*) the landlord and the tenant or sub-tenant, or

(*b*) the landlord, the contractor and the tenant or sub-tenant, or

(*c*) the mortgagee and mortgagor,

as the case may be, shall be jointly and severally liable for the payment of the occupiers' rate.

(*iii*) The expressions "land-owner," "landlord" and "tenant" in this rule shall have the meaning respectively assigned to them in the Punjab Land Revenue Act, 1887 (XVII of 1887), and the Punjab Tenancy Act, 1887 (XVI of 1887).

## PART V.

### OF WATER-RATES.

21. *Charges for the use of water.*—The charge for the use of water shall be made on the area irrigated at the rates specified in the schedules for the time being in force, and subject to the following rules.

Section 36.

22. (Not required.)

22-A. (1) When a field receives the first or preliminary watering, and afterwards a crop is sown, there shall, subject to the provisions of paragraph (2) of this rule, be payable in respect of that watering the full rate specified in the appropriate schedule as the rate to be charged for canal water supplied for the irrigation of the crop.

(2) When provision is made in the schedule for a special rate being charged for a single watering followed by a crop on land irrigated from a channel to which the Local Government has declared the special rate to be applicable, the rate to be charged for the watering shall be such special rate, and not the full rate which would otherwise be payable under paragraph (2) of this rule.

23. *Charge for mixed crops.*—Mixed crops which have no specific name in the schedule of occupiers' rates shall be assessed at the highest rate leviable on any one of them.

24. *Charge for crops grown separately in the same field.*—Crops grown separately in the same field shall be treated as mixed crops unless the division between them has been clearly marked by a well defined ridge.

25. *Charge leviable on fields re-sown.*—When the original crop sown in a canal-irrigated field fails, and is ploughed up, and a fresh crop sown in the same season, the occupiers' rate to be levied is that due on the crop which comes to maturity.

Section 36.

26. *Occupiers' rate for fields partly irrigated.*—If only a portion of a field be irrigated, the occupiers' rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated by a ridge not less than half a foot high.

Section 36.

27. *Charge leviable on fields partly irrigated from canals, partly from wells or other sources.*—Where a portion of a field has been irrigated with canal water, and a portion with water from a well or any other source, the whole field will be treated as irrigated with canal water, unless a clearly distinguishable boundary demarcated by a ridge not less than half a foot high exists between the two portions. Where such a boundary exists, enquiry will be made whether the use of water from a well or any other source was owing to deficiency in the supply of canal water, in which case the canal charge on the portion irrigated by canal water should be reduced to lift rates.

Section 36.

28. *Use of canal water-courses for conveyance of water from a well or any other source.*—If water from a well or any other source is conveyed in the same channel as canal water in the course of the same season, the whole of the irrigation from that channel during such season is liable to be treated as irrigation from the canal.

Section 36.

29. *Charge leviable for permanent irrigation from escapes.*—Irrigation from escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

30. *Charge leviable for intermittent irrigation from escapes.*—Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Local Government in each case.

31. When a natural drainage channel or reservoir, not being part of the canal, is used as an escape channel, if it is so used at the request of persons desirous of irrigation from it, the same rates shall be chargeable for irrigation from it as for irrigating from an escape channel: Provided that the area, if any, irrigated from it previous to the introduction of canal water shall not be liable to water-rate, the amount of such area shall be determined by the Deputy Commissioner. In all cases in which water is supplied under this rule, a written contract shall be executed, setting forth the terms on which it is supplied.

32. *Charge leviable for water used without permission or at times prohibited, (i.e., during tatils) by proper authority.*—Persons irrigating from a canal without permission or taking water at times prohibited by proper authority, shall, in addition to the ordinary crop rate which would be leviable, be chargeable with a punitive rate equal to the above ordinary charge for each separate and distinct occasion on which water is used without permission, or at times prohibited by proper authority.

The area shall be measured, and notice shall at once be given on each such occasion to the persons so irrigating that they will be so charged in the demand statement under this rule for the area thus watered.

This rule is applicable also to areas exempted from occupiers' rates, the punitive rate in such case being equal to the occupiers' rate which would otherwise be assessable.

33. *Charge leviable for water used in an unauthorised manner or suffered to run to waste.*—The charges leviable for water used in an unauthorised manner, or suffered to run to waste, shall be :—

(1) On cultivated lands, the crop rate which would otherwise be leviable on the area flooded, together with a punitive rate equal to this ordinary charge for each distinct and separate occasion on which water is so used. This rule is applicable also to areas exempted from occupiers' rates, the punitive rate in such case being equal to the occupiers' rate which would otherwise be assessable.

(2) On cultivated lands, the highest rate prescribed in the rules made by the Local Government under section 33 of Act VIII of 1873, provided that in every such case the Divisional Canal Officers may impose a lower charge if he thinks fit, and provided further that this charge may be made for each distinct and separate occasion on which water is so wasted.

The area shall be measured up as soon as possible, and the persons chargeable with this rate having been determined in accordance with the provisions of section 33 of Act VIII of 1873, notice shall on each occasion be given to them that they will be charged accordingly in the demand statement.

The special rates mentioned in this and in the preceding rule shall be in addition to such penalties as may be imposed under section 70 of the Act.

33-A. (Not required).

34. An appeal against any charges made under rules 22 to 33 inclusive may be preferred to the Commissioner.

Section 75.

35. *Schedules of rates to be accessible to villagers.*—The Patwari of every village irrigated by canal shall be furnished by the Divisional Canal Officer with a statement in Hindi or the current written language of the district, showing the rates of assessment of each class of produce per ordinary local and canal measurements, which statement shall be suspended in the *chaupal* or other place of public resort.

36. *Patwari's fees.*—(This rule has been cancelled.)

Section 47.

37. *Lambardar's fees.*—The allowance to Lambardars, or other persons collecting from cultivators, shall be 3 per cent. on the amount collected, on condition that the full amount due has been paid for each estate by the date fixed by the Financial Commissioner, and that the Lambardar has performed his duty connected with the assessment, such as personal attendance or deputation of a proper substitute at the time of measurement, and correct report of irrigation :

Provided that it shall be at the discretion of the Deputy Commissioner or Divisional Canal Officer, as the case may be, subject to the appeal allowed by rule 76, to withhold the whole or part of the allowances prescribed in rule 87* in the event of the conditions not being complied with.

*"Rules 33 and 37" in original notification.

79-E.—If service, delivery or communication cannot be so effected, or if acceptance of service, delivery or communication is refused, the summons, notice, order or requisition may be served, delivered or communicated by posting a copy thereof at the usual or last known place of residence of the person whom it is addressed, or if that cannot be done, then in such other manner as the officer authorised to issue or make the same may specially direct.

79-F.—If the summons, notice, order or requisition relates to a case in which persons having the same interest are so numerous that personal service on each one of them is not reasonably practicable, it may be served, delivered or communicated by delivery of a copy hereof to such of those persons as the officer authorised to issue or make the same specially nominates in this behalf, and by proclamation of the contents thereof for the information of the other persons interested.

79-G.—A summons, notice, order, or requisition may be served on or delivered or communicated to the person named therein, either in addition to, or in substitution for, any other mode of service by forwarding the summons, notice, order or requisition by post, in a registered letter addressed to that person.

79-H.—When a summons, notice, order or requisition is so forwarded in a letter, and it is proved that the letter was properly addressed and duly posted and registered, the officer authorized to issue or make the same may presume that the summons was served at the time when the letter would be delivered in the ordinary course of post.

79-I.—In every case in which service of any process is not effected personally, the officer authorised to issue the same shall satisfy himself, by examining the process-server or otherwise, that such service has been duly effected in the manner required by these rules.

OF APPEALS AND REFERENCES, AND THE PROCEDURE THEREIN.

80. *Interpretation.*—In the following rules the expression "the court" denotes the officer to whom in the particular case an appeal may be preferred under the provisions of the Act, or the rules made thereunder for the time being in force.

82. *Period for appealing* —The period for presenting an appeal shall be thirty days, unless any other period is expressly prescribed, and in the latter case the period so prescribed.

Extension of time.

But any appeal may be admitted after the period prescribed when the appellant satisfies the Court that he had sufficient cause for not presenting the appeal within such period.

If the period prescribed expires on a day when the Court is closed, the appeal may be presented on the day that the Court re-opens.

83. *Calculation of period.*—The period prescribed shall be calculated from the date of the decision or order appealed from, and in computing such period, the day when the decision or order was made, and the time requisite for obtaining a copy of the decision or order appealed against shall be excluded.

84. *Form of appeal.*—The application for admission of an appeal shall be stamped in accordance with the law in force relating to court fees, and shall be accompanied by a copy of the decision or order appealed against, and shall state concisely the grounds upon which the appeal is preferred.

85. *When appeal may be summarily rejected* —The application may be rejected if, upon a perusal of the grounds of appeal and the copy of the decision or order appealed against, it appears to the Court unnecessary to call for the proceedings.

86. *Procedure on admission of appeal.*—If the application be granted, an entry thereof shall be made in a register of appeals numbered consecutively, and a day shall be fixed for the hearing of the appeal.

87. *Notice of hearing to be given.*—Notice of the date and place fixed for the hearing of the appeal shall be given to the appellant in such manner as the Court may direct, and to every other party to the case whose interest is opposed to that of the appellant in the manner hereinafter prescribed.

88. *Contents of notice.*—A written notice containing the title of the Court, the names of the parties, the date and place fixed for the hearing of the appeal, and such other particulars as the Court may, by general or special order, direct, shall be issued in duplicate under the hand and seal of the Court.

91. *Memorandum by serving officer.*—The serving officer shall in every case endorse on the duplicate copy a memo signed by him of the date and mode of service, and return such copy to the Court which issued it.

92. *Cost of service.*—The cost of serving any notice shall be borne in the first instance by the party appellant, and shall be paid to the proper officer of the Court before such notice is issued. The charge made for service shall be in accordance with the lowest civil process scale for the time being in force.

93. *Hearing may be postponed or adjourned.*—The hearing of an appeal may be postponed or adjourned from time to time as the Court may see fit by written order to direct, to any subsequent date, and notice of such date shall be given to the parties in such manner as the Court may direct.

94. *Attendance or representation of parties not essential.*—The attendance of the parties, in person or by representative, shall not be necessary at the hearing of any petition of appeal, or of any appeal, but any party so attending shall be entitled to be heard.

95. *Court to be satisfied before hearing that notice has been received by parties.*—The Court shall not proceed to the hearing of any appeal unless and until it is satisfied that notice of the date and place fixed for such hearing has been received by the parties concerned in sufficient time to permit them to appear or to be represented at such hearing. Provided that the Court may presume that notice has been received when a written notice has been served in any of the ways described in Rule 89, above. Provided also that an appeal may be heard and decided, notwithstanding the absence of any party who is shown to the satisfaction of the Court to be wilfully evading service of notice.

96. *Procedure on hearing*—(*a*) The Court, before passing its order or decision on the appeal, shall record in writing which (if any) of the parties to the appeal are present, in person or by representative, at the hearing thereof.

What parties present.

(*c*) When the hearing of the appeal is concluded, the decision or order of the Court shall, when practicable, be pronounced forthwith, and shall be recorded in writing signed by the Court, and the substance thereof thall be explained to such of the parties or their representatives as are present when the decision or order is passed or given.

98. *Copies to be granted to parties.*—A copy of the decision or order of the Court, in English or Urdu, shall be granted to any person concerned or interested therein, who shall apply for the same, upon payment of the proper court-fees and copying charges.

99. *Of re-hearing in certain events.*—If any party against whom an order or decision is made or given upon an appeal heard in his absence shall, within thirty days from the date of such order or decision, satisfy the Court that he had received no notice of the time and place fixed for the hearing thereof, or had not received such notice in sufficient time to permit him to appear, and that he did not wilfully evade service thereof, the Court may pass an order, if it think such order requisite for the ends of justice (and not otherwise), upon such terms as appear just, setting aside its previous decision or order, and grant a re-hearing, which shall be subject to the same rules as the hearing of an appeal.

100. *Power of revision by Financial Commissioner and Chief Engineer.*—The Financial Commissioner may at any time call for any case which has come before a Commissioner otherwise than under section 19 of the Act, or before a Deputy Commissioner, and the Chief Engineer may at any time call for any case which has come before a Superintending or Divisional Canal Officer, and pass such orders thereon consistent with the Act and the rules made thereunder as may seem proper.

101. *Power of revision by Local Government.*—Orders passed by the Financial Commissioner shall be subject to review by the Local Government in the Revenue Department and orders passed by the Chief Engineer to review by the Local Government in the Irrigation Branch, Public Works Department.

104. *Procedure upon reference under section 27.*—Upon a reference to the Commissioner under section 27 of the Act, the procedure shall, so far as may be, be the same as is prescribed in rule 2 upon a reference under section 20 of the Act.

105. Except, as provided in rule 2 and in the last preceding rule, no person shall be entitled to be heard in person or by representative before the Superintending Canal Officer, Commissioner, or other higher authority to whom, under the provisions of the Act or the foregoing rules, any matter is submitted or referred for sanction, approval or decision. XI.—There are two standards of examination—Higher and Lower—with one set of papers. A candidate who passes at an examination by the Lower Standard only must go up at each succeeding examination till he shall have passed by the Higher Standard in all subjects which he is required to take up. He may present himself for examination in any or all of the groups of subjects.

XII.—A candidate will be held to have passed in a group by the Higher Standard if he obtains two-thirds of the maximum of marks allotted to that group, and when a group contains more than one subject, one-half of the maximum of marks allotted to each of its subjects in addition to the two-thirds for the group as a whole. He will be held to have passed by the Lower Standard if he obtains one-half of the maximum of marks allotted to a group, and when a group contains more than one subject, one-third of the maximum of marks allotted to each of its subjects, in addition to the one-half for the group as a whole. **For the purposes of this rule the two papers in Group C on "Treasury" and "Local Funds" will count as one subject.**

XIII.—No Assistant Commissioner or Probationary Extra Assistant Commissioner acquainted with English shall be held to have passed the examination in "Treasury" and "Local Funds" by either standard until the Deputy Commissioner of the district to which he is attached shall have furnished a certificate that he has duly attended to and satisfactorily discharged the duties of Treasury Officer for a period of not less than six weeks, continuously, within one year of the date of the examination. If he has passed by the Lower Standard only, a second certificate will be required before he can be considered to have passed by the Higher Standard, unless at the time of the examination at which he presents himself for the Higher Standard less than a year has elapsed since he was last in charge of a treasury.

The required **certificate in the annexed* form** should accompany the notice of his intention to appear at the Departmental Examination. It will be forwarded to the Accountant-General with the answer papers. Candidates for the post of Extra Assistant Commissioner will be required to procure the certificate within a year from the date of their appointment as Extra Assistant Commissioners.

*Certified that———————has duly attended to and satisfactorily discharged the duties of Treasury Officer at————for the period from————to————19—

(3) Group D;

if they obtain three-quarters of the maximum of marks allotted to the group or groups, and when the group contains more than one subject, two-thirds of the maximum of marks allotted to each of its subjects in addition to the three-quarters for the group as a whole. Indian candidates, who are exempt from examination in Group C, will be passed "with credit" if they obtain three-quarters of the maximum of marks allotted to Group B alone.

XV.—In making the calculation under Rules XII and XIV, the marks allotted to any question which a candidate is not required to answer, and to any paper or subject in which he is not required to be examined shall first be deducted from the maximum of marks allotted to the paper, subject or group, as the case may be.

XVI.—No Assistant Commissioner, Extra Assistant Commissioner, or Probationary Extra Assistant Commissioner will be invested with the powers of a Magistrate or Munsif of the 2nd class until he has been six months in public employ and has passed or been exempted from passing the examination by the Lower Standard in Law and where necessary in Urdu, or be invested with the powers of a Magistrate or Munsif of the 1st class until he

has exercised 2nd class powers for six months and has passed or been exempted from passing by the Higher Standard in the same subjects.

XVII.—(*i*) The Departmental Examination of Tahsildars and Munsifs and of candidates for the post of Tahsildar and Munsif is held at the same time, and, subject to what is said in clause (*iii*) of this rule, in the same subjects (other than the Patwaris' Mensuration Manual) as are prescribed for the examination of Assistant Commissioners and Extra Assistant Commissioners.

(*ii*) Any candidate for the Departmental Examination of Tahsildars and Munsifs and of candidates for the post of Tahsildar and Munsif, who has given notice of his intention to be examined by the Extra Assistant Commissioners' or Higher Standard, will, subject to what is said in clause (*iii*) of this rule, be credited with a pass by that standard if he obtains the marks required by Rule XII or XIV.

(*iii*) No candidate for the Tahsildars' standard in this examination will be allowed to answer in Jails or Treasury unless he is an accepted candidate for the post of Extra Assistant Commissioner.

XVIII.—The papers of Tahsildar and Munsif examinees, who under Rule XVII elect to answer the questions prescribed for Assistant and Extra Assistant Commissioners, will be examined and marks awarded by examiners nominated by the Financial Commissioner and the Judges of the Chief Court, respectively, and approved by Government, and the final decision as to the passing of such candidates will rest with the Financial Commissioner in the case of Tahsildar examinees and with the Judges in that of Munsif examinees.

(2) The paper in Group C shall be answered without reference to books.

V.—Candidates will be held to have passed if they obtain one-third of the maximum of marks allotted to each subject, and in addition one-half of the maximum of marks allotted to each group. In Group C the pass marks will be 50. The examination cannot be passed in groups, but must be passed in its entirety.

VII.—Candidates who may be appointed to act as Cantonment Magistrates or as Assistant Cantonment Magistrates without having passed the Preliminary Examination will be required to pass the Departmental Examination by the Lower Standard as hereinafter prescribed. Candidates who pass the Preliminary Examination previous to appointment will not be required to pass the Lower Standard Examination, but will, for purposes of pay, be held to have passed that standard.

VIII.—In addition to the preliminary test prescribed above, candidates appointed to officiate as Cantonment Magistrates or as Assistant Cantonment Magistrates will be required to pass a Departmental Examination by the Higher Standard unless they have, while serving in another Province, passed an examination of an equivalent standard.

IX.—The Departmental Examination of Cantonment Magistrates and Assistant Cantonment Magistrates will be held half-yearly about the third week in April and first week in November at the same time as the Departmental Examination of Assistant Commissioners, by the same Examiners, and, as far as practicable, under the same arrangements and conditions. (3) Only the first papers in Criminal and Civil Law and the paper in Local Funds will be answered with the aid of books supplied by Government at the time of the examination, Rule IV being observed with regard to them.

(4) The Language Examination is only intended for those candidates who have not, in qualifying for the Indian Army, passed by the Higher Standard in the vernacular of the Province. Cantonment Magistrates who have passed a Language Examination in another Province will, on transfer to the Punjab, be required to pass in the language of the Punjab prescribed by these rules, unless they have already passed a similar examination by the Higher Standard either in the Province from which they have been transferred or in qualifying for the Indian Army.

(5) The Colloquial Examination in Language will be confined to pure Urdu, and will consist of conversation between the candidates and a Munshi, or with the Examiner in polished Hindustani. Should Cantonment Magistrates or Assistant Cantonment Magistrates who are required to pass the Language Examination fail to pass within 18 months of their appointment to the Punjab, they will be entitled to no increase of salary until they do pass.

XII.—There are two standards of examination—Higher and Lower—with one set of question papers for both standards. The Lower Standard is only intended for those candidates who are required by Rule VII to pass by that standard. Candidates may pass by the Higher or Lower Standard in any or all of the groups of subjects. Candidates will be held to have passed in a group by the Higher Standard if they obtain two thirds of the

maximum of marks allotted to that group and when a group contains more than one subject, one-half of the maximum of marks allotted to each of its subjects, in addition to the two-thirds for the group as a whole. They will be held to have passed by the Lower Standard if they obtain one-half of the maximum of marks allotted to a group, and when a group contains more than one subject, one-third of the maximum of marks allotted to each of its subjects in addition to the one-half for the group as a whole.

XIII.—After each examination the names of those candidates who have passed by either standard will be published in the Gazette. Candidates will be noticed as having passed "with credit" in a group if they obtain three-quarters of the maximum of marks allotted to the group, and when the group contains more than one subject, two-thirds of the maximum of marks allotted to each of its subjects in addition to the three-quarters for the group as a whole.

XIV.—In making the calculation under Rules XII and XIII, the marks allotted to any question which Cantonment Magistrates and Assistant Cantonment Magistrates are not required to answer shall first be deducted from the maximum of marks allotted to the paper, subject or group, as the case may be.

XV.—Cantonment Magistrates and Assistant Cantonment Magistrates will not be invested with full powers until they have exercised 2nd class powers for six months and have passed the Departmental Examination by the Higher Standard.

The questions in these papers shall not be such as can be answered by copying a passage from a book, but shall be designed to test the practical knowledge of the candidates, and shall be confined as much as possible to cases arising in ordinary practice, facts of probable occurrence being stated, and the candidate being required to find and apply the law bearing on them. The second paper in (*a*) Criminal Law, (*b*) Civil Law and (*c*) Revenue will be answered without reference to books.

VIII.—Indian candidates will not be required to pass in Group C unless certified by the Deputy Commissioner of the district from which they come to have a good knowledge of English, nor will they be examined in any of the books, &c., entered in the Schedule, of which there does not exist a translation approved by Government.

A candidate who passes at an examination by the Lower Standard only must go up at each succeeding examination till he shall have passed by the Higher Standard in all subjects which he is required to take up. He may present himself for examination in any or all of the groups of subjects.

XII.—A candidate will be held to have passed in a group by the Higher Standard if he obtains two-thirds of the maximum of marks allotted to that group, and when a group contains more than one subject, one-half of the maximum of marks allotted to each of its subjects in addition to the two-thirds for the group as a whole. He will be held to have passed by the Lower Standard if he obtains one-half of the maximum of marks allotted to a group, and when a group contains more than one subject, one-third of the maximum of marks allotted to each of its subjects, in addition to the one-half for the group as a whole. **For the purposes of this rule the two papers in Group C on " Treasury " and " Local Funds " will count as one subject.**

XIII.—No Assistant Commissioner or Probationary Extra Assistant Commissioner acquainted with English shall be held to have passed the examination in " Treasury " and " Local Funds " by either standard until the Deputy Commissioner of the district to which he is attached shall have furnished a certificate that he has duly attended to and satisfactorily discharged the duties of Treasury Officer for a period of not less than six weeks, continuously, within one year of the date of the examination. If he has passed by the Lower Standard only, a second certificate will be required before he can be considered to have passed by the Higher Standard, unless at the time of the examination at which he presents himself for the Higher Standard less than a year has elapsed since he was last in charge of a treasury.

The required certificate in the annexed* form should accompany the notice of his intention to appear at the Departmental Examination. It will be forwarded to the Accountant-General with the answer papers. Candidates for the post of Extra Assistant Commissioner will be required to procure the certificate within a year from the date of their appointment as Extra Assistant Commissioners.

(3) Group D ;

if they obtain three-quarters of the maximum of marks allotted to the group or groups, and when the group contains more than one subject, two-thirds of the maximum of marks allotted to each of its subjects in addition to the three-quarters for the group as a whole. Indian candidates, who are exempt from examination in Group C, will be passed " with credit " if they obtain three-quarters of the maximum of marks allotted to Group B alone.

XV.—In making the calculation under Rules XII and XIV, the marks allotted to any question which a candidate is not required to answer, and to any paper or subject in which he is not required to be examined shall first be deducted from the maximum of marks allotted to the paper, subject or group, as the case may be.

XVI.—No Assistant Commissioner, Extra Assistant Commissioner, or Probationary Extra Assistant Commissioner will be invested with the powers of a Magistrate or Munsif of the 2nd class until he has been six months in public employ and has passed or been exempted from passing the examination by the Lower Standard in Law and where necessary in Urdu, or be invested with the powers of a Magistrate or Munsif of the 1st class until he

has exercised 2nd class powers for six months and has passed or been exempted from passing by the Higher Standard in the same subjects.

XVII.—(*i*) The Departmental Examination of Tahsildars and Munsifs and of candidates for the post of Tahsildar and Munsif is held at the same time, and, subject to what is said in clause (*iii*) of this rule, in the same subjects (other than the Patwaris' Mensuration Manual) as are prescribed for the examination of Assistant Commissioners and Extra Assistant Commissioners.

XVIII.—The papers of Tahsildar and Munsif examinees, who under Rule XVII elect to answer the questions prescribed for Assistant and Extra Assistant Commissioners, will be examined and marks awarded by examiners nominated by the Financial Commissioner and the Judges of the Chief Court, respectively, and approved by Government, and the final decision as to the passing of such candidates will rest with the Financial Commissioner in the case of Tahsildar examinees and with the Judges in that of Munsif examinees.

(2) The maxima of marks shown in the 2nd column are those allotted for the Assistant Commissioners' Examination. As Cantonment Magistrates and Assistant Cantonment Magistrates are given the same papers as those set for Assistant Commissioners, but are not required to answer all the questions prescribed for those officers, the maxima will be computed in accordance with Rule XIV.

(3) Only the first papers in Criminal and Civil Law and the paper in Local Funds will be answered with the aid of books supplied by Government at the time of the examination, Rule IV being observed with regard to them.

(4) The Language Examination is only intended for those candidates who have not, in qualifying for the Indian Army, passed by the Higher Standard in the vernacular of the Province. Cantonment Magistrates who have passed a Language Examination in another Province will, on transfer to the Punjab, be required to pass in the language of the Punjab prescribed by these rules, unless they have already passed a similar examination by the Higher Standard either in the Province from which they have been transferred or in qualifying for the Indian Army.

(5) The Colloquial Examination in Language will be confined to pure Urdu, and will consist of conversation between the candidates and a Munshi, or with the Examiner in polished Hindustani. Should Cantonment Magistrates or Assistant Cantonment Magistrates who are required to pass the Language Examination fail to pass within 18 months of their appointment to the Punjab, they will be entitled to no increase of salary until they do pass.

XII.—There are two standards of examination—Higher and Lower—with one set of question papers for both standards. The Lower Standard is only intended for those candidates who are required by Rule VII to pass by that standard. Candidates may pass by the Higher or Lower Standard in any or all of the groups of subjects. Candidates will be held to have passed in a group by the Higher Standard if they obtain two-thirds of the

maximum of marks allotted to that group and when a group contains more than one subject, one-half of the maximum of marks allotted to each of its subjects, in addition to the two-thirds for the group as a whole. They will be held to have passed by the Lower Standard if they obtain one-half of the maximum of marks allotted to a group, and when a group contains more than one subject, one-third of the maximum of marks allotted to each of its subjects in addition to the one-half for the group as a whole.

XIII.—After each examination the names of those candidates who have passed by either standard will be published in the Gazette. Candidates will be noticed as having passed "with credit" in a group if they obtain three-quarters of the maximum of marks allotted to the group, and when the group contains more than one subject, two-thirds of the maximum of marks allotted to each of its subjects in addition to the three-quarters for the group as a whole.

XIV.—In making the calculation under Rules XII and XIII, the marks allotted to any question which Cantonment Magistrates and Assistant Cantonment Magistrates are not required to answer shall first be deducted from the maximum of marks allotted to the paper, subject or group, as the case may be.

XV.—Cantonment Magistrates and Assistant Cantonment Magistrates will not be invested with full powers until they have exercised 2nd class powers for six months and have passed the Departmental Examination by the Higher Standard.

Additions and alterations made since the last publication are shown in antique type :—

I.—Accepted candidates serving either temporarily as Cantonment Magistrates or Assistant Cantonment Magistrates or with troops in the Punjab at the time of the examination will be expected to pass a Preliminary Examination in the subjects detailed in part I of the annexed schedule which will be modified and republished as occasion requires.

II.—The Preliminary Examination will be held half-yearly about the third week in April and the first week in November, the exact time and place being notified beforehand in the *Punjab Government Gazette.*

III.—Papers will be set and marks assigned in each subject of the Preliminary Examination as follows:—

| Subjects. | Maximum of marks. | Examiner who will set questions, examine the answers and award marks. |
|---|---|---|

IV.—(1) The papers in Groups A and B will be answered with the aid of books which will be supplied by Government at the time of the examination. The questions in these subjects shall not be such as can be answered by copying a passage from a book, but shall be designed to test the practical knowledge of the candidates, and shall be confined as much as possible to cases arising in ordinary practice, facts of probable occurrence being stated, the candidates being required to find and apply the law bearing on them.

(2) The paper in Group C shall be answered without reference to books.

V.—Candidates will be held to have passed if they obtain one-third of the maximum of marks allotted to each subject, and in addition one-half of the maximum of marks allotted to each group. In Group C the pass marks will be 50. The examination cannot be passed in groups, but must be passed in its entirety.

VI.—Candidates who have not passed the Preliminary Examination will not, except in exceptional circumstances, be appointed to act as Contonment Magistrates or as Assistant Cantonment Magistrates for a period of more than three months.

VII.—Candidates who may be appointed to act as Cantonment Magistrates or as Assistant Cantonment Magistrates without having passed the Preliminary Examination will be required to pass the Departmental Examination by the Lower Standard as hereinafter prescribed. Candidates who pass the Preliminary Examination previous to appointment will not be required to pass the Lower Standard Examination, but will, for purposes of pay, be held to have passed that standard.

VIII.—In addition to the preliminary test prescribed above, candidates appointed to officiate as Cantonment Magistrates or as Assistant Cantonment Magistrates will be required to pass a Departmental Examination by the Higher Standard unless they have, while serving in another Province, passed an examination of an equivalent standard.

IX.—The Departmental Examination of Cantonment Magistrates and Assistant Cantonment Magistrates will be held half-yearly about the third week in April and first week in November at the same time as the Departmental Examination of Assistant Commissioners, by the same Examiners, and, as far as practicable, under the same arrangements and conditions. (2) The maxima of marks shown in the 2nd column are those allotted for the Assistant Commissioners' Examination. As Cantonment Magistrates and Assistant Cantonment Magistrates are given the same papers as those set for Assistant Commissioners, but are not required to answer all the questions prescribed for those officers, the maxima will be computed in accordance with Rule XIV.

(3) Only the first papers in Criminal and Civil Law and the paper in Local Funds will be answered with the aid of books supplied by Government at the time of the examination, Rule IV being observed with regard to them.

(4) The Language Examination is only intended for those candidates who have not, in qualifying for the Indian Army, passed by the Higher Standard in the vernacular of the Province. Cantonment Magistrates who have passed a Language Examination in another Province will, on transfer to the Punjab, be required to pass in the language of the Punjab prescribed by these rules, unless they have already passed a similar examination by the Higher Standard either in the Province from which they have been transferred or in qualifying for the Indian Army.

(5) The Colloquial Examination in Language will be confined to pure Urdu, and will consist of conversation between the candidates and a Munshi, or with the Examiner in polished Hindustani. Should Cantonment Magistrates or Assistant Cantonment Magistrates who are required to pass the Language Examination fail to pass within 18 months of their appointment to the Punjab, they will be entitled to no increase of salary until they do pass.

XII.—There are two standards of examination—Higher and Lower—with one set of question papers for both standards. The Lower Standard is only intended for those candidates who are required by Rule VII to pass by that standard. Candidates may pass by the Higher or Lower Standard in any or all of the groups of subjects. Candidates will be held to have passed in a group by the Higher Standard if they obtain two-thirds of the

maximum of marks allotted to that group and when a group contains more than one subject, one-half of the maximum of marks allotted to each of its subjects, in addition to the two-thirds for the group as a whole. They will be held to have passed by the Lower Standard if they obtain one-half of the maximum of marks allotted to a group, and when a group contains more than one subject, one-third of the maximum of marks allotted to each of its subjects in addition to the one-half for the group as a whole.

XIII.—After each examination the names of those candidates who have passed by either standard will be published in the Gazette. Candidates will be noticed as having passed "with credit" in a group if they obtain three-quarters of the maximum of marks lotted to the group, and when the group contains more than one subject, two-thirds of the maximum of marks allotted to each of its subjects in addition to the three-quarters for the group as a whole.

XIV.—In making the calculation under Rules XII and XIII, the marks allotted to any question which Cantonment Magistrates and Assistant Cantonment Magistrates are not required to answer shall first be deducted from the maximum of marks allotted to the paper, subject or group, as the case may be.

XV.—Cantonment Magistrates and Assistant Cantonment Magistrates will not be invested with full powers until they have exercised 2nd class powers for six months and have passed the Departmental Examination by the Higher Standard.

## MEDICAL AND SANITARY.

No. 607 of 1913.

GOVERNMENT OF THE PUNJAB.

### HOME—MEDICAL AND SANITARY DEPARTMENT.

*Lahore, the 20th October 1913.*

### RESOLUTION.

THE Lieutenant-Governor has read with deep interest the report of the Deputy Sanitary Commissioner on the recent epidemic of cholera at Siálkot, which was one of the most serious that the province has known in recent years. His Honour trusts that the report which is published with this resolution will be widely read, and he commends it especially to the notice of those who are interested in sanitary progress. It will, he thinks, bring home to all who read it the difficulties which sanitary reformers have to face in the prejudice, apathy and even opposition of the people for whose good they are working.

2. The estimates for the new water-works have been finally sanctioned. The special staff is already at work, and it is hoped that the scheme will be fully carried out by the end of next year.

3. The thanks of Government are due to Captain Wells and to the staff that worked under him and to Lieutenant-Colonel P. St. C. More, I.M.S., the Civil Surgeon. The Lieutenant-Governor desires to make special mention of Mr. R. D. Thomson, the Deputy Commissioner, whose personal efforts regardless of risk did much to prevent panic and encourage the people to take precautionary measures to prevent the spread of the epidemic.

---

ORDER.—Ordered that a copy of the above resolution and enclosures be forwarded to the Inspector-General of Civil Hospitals, Punjab, and the Sanitary Commissioner, Punjab, for information.

Ordered also that the resolution and enclosures be published in the *Punjab Gazette* (English and Urdu editions).

By order,

J. P. THOMPSON,

*Revenue Secretary to Government, Punjab.*

---

No. 251-C., dated Sima, 24th September 1913.

From—Lieutenant-Colonel S. BROWNING SMITH, I.M.S., Offg. Sanitary Commissioner, Punjab,

To—The Revenue Secretary to Government, Punjab.

I HAVE the honour to forward, for the information of Government and subsequent return, a report on the recent epidemic of cholera in Siálkot town, by Captain R. T. Wells, I.M.S., officiating Deputy Sanitary Commissioner, Punjab.

2. The report is a very interesting one, and shows clearly, what is a very well-known fact, the close relation between the personal habits of the people and epidemic cholera; it is on this account that our efforts in preventing the spread of cholera have so little effect.

3. The provision of a pure water-supply will do something to modify epidemic severity, but will not prevent epidemics; these will continue to spread by means of flies, food, and contact of the infected with the healthy; cholera prevention is a matter of proper conservancy and scavenging and the immediate disinfection of all excreta of the infected. Until the people are educated to appreciate this we shall not be able to do very much.

The services of Captain Wells are worthy of commendation.

No. 2168, dated 17th September 1913.

From—Captain R. T. WELLS, I.M.S., Deputy Sanitary Commissioner, Punjab, Murree,

To—The Sanitary Commissioner, Punjab.

IN continuation of my letter No. 100-C., dated Siálkot, the 10th September 1913, I have the honour to forward the accompanying report on a cholera epidemic in Siálkot city during August and September 1913.

## Report on a cholera epidemic in Sialkot city during August and September 1913, by Captain R. T. Wells, I. M. S., Offg. Deputy Sanitary Commissioner, Punjab.

I.—History of the epidemic.

THE epidemic apparently started with the case of a Musalman who became ill on 30th July about a week after his return from a visit to Lahore, and died on the same day.

Two apparently disconnected cases had occurred in June.

As the population of each individual mohalla is not recorded, it is impossible to state case incidence *per mille* for each such area. However, any proportion calculated on the normal population would have been misleading, as the epidemic caused a very marked efflux of population, concerning Hindus chiefly.

Thus, between 1st and 22nd August 1913, 32,698 third and intermediate class passengers left Siálkot by rail as compared with 26,799 during the corresponding period of 1912.

This excess of 5,899 may be put down largely to cholera scare. Also, numbers left the town by road; altogether the population probably shrunk for the time being in this way by more than 10,000.

The Musalman inhabitants seem to have suffered most heavily as shown in the following table :—

| MUSALMANS. | | | HINDUS INCLUDING SIKHS AND JAINS. | | | ANGLO-INDIAN AND INDIAN CHRISTIANS. | | |
|---|---|---|---|---|---|---|---|---|
| Population. | Total cases up to 4th September 1913. | Cases *per mille*. | Population. | Total cases up to 4th September 1913. | Case *per mille*. | Population. | Total cases up to 4th September 1913 | Cases *per mille*. |
| 35,152 | 1,259 | 25·82 | 12,844 | 198 | 15·42 | 599 | 8 | 13·36 |

This disproportion is partly due (*i*) to the fact that infection happened to be heaviest in mohallas chiefly inhabited by Musalmans, (*ii*) their prejudice against leaving their homes during an epidemic, and also (*iii*) the fasting incidental to the "Roza" which was held between 4th August and 2nd September 1913.

II.—Special cholera staff.

From 1st August one Sub-Assistant Surgeon, 4 district staff vaccinators, 1 chaprasi, 2 bhishtis and 2 sweepers were employed on special cholera duty. By 22nd August the following staff was at work:—

4 Sub-Assistant Surgeons.

8 Vaccinators (2 to each Sub-Assistant Surgeon).

4 Chaprasis (1 " " " " " ).

8 Bhishtis (2 " " " " " ).

8 Sweepers (2 " " " " " ).

For purposes of cholera administration the town was then divided into four areas, one area being assigned to each Sub-Assistant Surgeon.

On 29th August one Assistant Surgeon also joined the special staff. The sanitary daroghas with the menial establishment of the municipal committee co-operated with the special staff, and extra men were employed for such work as the distribution of quick-lime.

III.—Preventive measures.

1. *Disinfection af wells.*—The procedure was to put permanganate of potash ($1\frac{1}{2}$—3 oz.) in each well in rotation at intervals of not more than seven days—no light undertaking as there are some 270 wells in the city.

This rendered the water distinctly pink for 24 hours or more after treatment.

A good deal of opposition was encountered, particularly by the Sub-Assistant Surgeons, all of whom were Hindus, when unsupported by the presence of a superior officer. The people, particularly the women, objected to the inconvenience of having their own particular well put out of use for 24 hours once a week and often declined to use the water for some days after treatment. Latterly it was arranged that 100 buckets should be drawn off from each well by the municipal water-carriers 24 hours after disinfection and before the water was brought into use.

Galvanised iron buckets were issued for drawing water instead of the usual leather buckets (*bhokas*).

Great difficulty was met with in preventing buckets and ropes from being removed. In many cases the rope was the private property of some fakir who was in the habit of removing it nightly to his own house.

Neither were the galvanised iron buckets a success. Whether by accident or design, they were constantly being put out of action by breakage or loss. Latterly some country-made buckets of sheet-iron (*dols*) were introduced with better results.

Hindus generally prefer to use their own individual vessels (brass *gagars*) for drawing water; these arec eremonially cleansed with earth or ashes before lowering them into the well—a possible source of gross contamination.

An inventory of the different wells is being made with a view to the municipal committee's acquiring rights over all well-gear. This would be a more satisfactory arrangement at all times, particularly so in the case of epidemics.

The disposal of the numerous existing wells on the introduction of the proposed pipe water-supply will form a difficult problem.

2. The two soda-water factories in the town were kept under close supervision, attention being specially directed to the immersion of all bottles in sulphuric acid (two ounces to the gallon) before filling and to keeping the bottles protected from flies; the two ice factories also were kept under observation.

The conditions in these places are generally satisfactory, and the proprietors, particularly in the case of one soda-water factory, showed great readiness in complying with all orders and suggestions.

3. Unripe and unwholesome fruits and vegetables were excluded from the market, and the wares on sweet and fruit-stalls were more or less effectively protected from flies by muslin covers.

4. *General sanitation.*—The standard of street cleanliness in Siálkot appears to be far above the average for the Punjab. The municipal scavengers show exceptional activity, and as the streets are, as a rule, brick-paved and have a good fall, their task is the easier.

Even so, the side-streets are commonly used as latrines, household refuse, including night-soil, is thrown out into the streets, to be collected once or twice daily in donkey-loads by the contractor, and cattle are habitually picketed in the narrow bye-ways of the city, so that the conditions are far from ideal.

The fly nuisance was much in evidence; the protection of food stuffs and the free use of quicklime in the drains and in corners perhaps did something to mitigate it; but of course ample feeding and breeding grounds for flies remain.

5. *Immediate disinfection of dejecta, etc.*—Through the continuous efforts of the Special Staff and by means of pamphlets posted and read out in public places and distributed broadcast, an endeavour was made to impress upon the people the essentially infectious nature of the disease and the consequent necessity for extreme care in the treatment of all articles liable to contamination with the discharges of the sick.

The efforts, unfortunately, produced little good effect, and the fact was forcibly brought home to us that measures depending for their success on the intelligent co-operation of the people are of very limited application.

Looking upon our account of the bacterial origin and the mode of spread of cholera as fairy tales, people made little of our directions for its prevention.

One phase of the popular attitude is well represented in a remark made to one Sub-Assistant Surgeon. As he was washing his hands in phenyle lotion after touching a cholera case, one of the sick man's friends waxed indignant at the sight, exclaiming "you have been touching a man and not a reptile; why do you then wash your hands?"

Nor was it only the least educated who failed to act on our advice. I was told that one of the medical practitioners in the town, a retired Hospital Assistant, when his wife was sick of cholera, took no precautions as regards disinfection of the patient's surroundings and on her death sent the clothes direct to the dhobi.

People made no attempt at any sort of isolation of the patient; indeed sickness in the house is generally an occasion for a concourse of all the patient's friends and relations.

The lack of any home sanitary arrangements in case of sickness was distressingly obvious, the use of gumlahs or other receptacles being exceptional.

The stools were generally passed on the floor or into the clothes and then, perhaps after admixture with earth, ashes or quicklime, collected by the sweeper in the household latrine, from which the refuse was finally thrown out into the street to await the coming of the *kura* contractor's donkeys.

Others, less particular, casually mopped up any *dejecta* or vomited matter which they happened to notice, or left them to soak into the ground.

Although, on the whole, quite good-natured, the people were often inclined to resent any attempt at interference in their more intimate household arrangements.

Thus we were powerless to stop the infection at its source.

6. *Cost of measures.*—Apart from the pay of the menial establishment employed, the following expenditure was incurred by the municipality on anti-cholera measures :—

| | | | | Rs. | A. | P. |
|---|---|---|---|---|---|---|
| 1. | Quicklime ... | 301 mds. and 16 seers ... | | 291 | 12 | 6 |

IV—Medical treatment of the sick.

Free treatment was offered on all hands by the Special Staff; but most people preferred the ministrations of hakims.

Even in cases where our treatment was accepted there was often a hakim in attendance.

The following line of treatment was adopted :—

(1) Potassium permanganate pills (keratin coated) of 2 grains each as recommended by Major L. Rogers.

(2) Calcium permanganate solution. Each Sub-Assistant Surgeon was provided with (*i*) a stock solution of calcium permanganate containing 4 grains to an ounce ; (*ii*) a bottle of adrenalin.

2—4 drachms or more of No. (*i*) were mixed with water and the total bulk was made up to one pint giving a solution of 1—2 grains or more to the pint, 10 minims of adrenalin being added when indicated.

(3) Hypodermic injections of pituitarin.

In many cases no satisfactory record of cases could be made, as patients did not follow the directions given, but the results of 66 cases which were under observation during the course of the epidemic have been collected.

These results, though dealing with small numbers and perhaps not to be taken as strictly representative, are, on the whole, very encouraging.

Hypodermic injections were generally looked upon with suspicion and often absolutely refused.

Under these conditions of home treatment, no opportunity was found for the use of hypertonic saline infusion, a method which has given such good results in hospital treatment under Major Rogers and others.

V—Conclusions.

1. The usual practices as regards household sanitation are such as to provide the most favourable conditions for the epidemic spread of cholera.

2. Only secondary measures such as disinfection of wells and protection of food stuffs can, with the most constant supervision, be carried out.

3. The provision of a satisfactory pipe-water-supply with closure of the existing wells would largely eliminate danger of infection through drinking water.

Short of this change, all the well-gear should be under municipal control.

4. The measures undertaken, costly and laborious as they were, cannot be shown to have had any effect on the main course of the epidemic.

5. The treatment of cholera on the lines indicated in section IV appears to have a favourable effect on the course of the disease.

6. It would seem advisable that, at such times, the medical subordinates on special duty should, as far as possible, be co-religionists of those people with whom they have to deal.

7. The only hope of success in combating such an epidemic seems to be in the growth of an enlightened public opinion which will accept, or rather demand, better sanitary conditions with the isolation of those suffering from infectious diseases.

This brings us face to face with large questions, economic and other, which the future alone can answer.

The Special Staff worked well under trying circumstances. The work was particularly strenuous, involving a very real risk to health and life.

*The 10th December* 1913.

*No.* 573.—*Notification.*—It is hereby notified for general information that the Government of India will award two State scholarships in 1914 to encourage natives of India to undertake the scientific study of Sanskrit and Arabic in Europe.

2. Each scholarship will be of the value of £150 a year, and will be tenable for two years.

3. The scholarships will be open to well-qualified students with a genuine taste for Oriental studies and to gentlemen already employed as Professors of Sanskrit or Arabic in India. Some knowledge of English or another European language is essential.

4. The Secretary of State will decide the courses of study of each scholarship-holder and the special conditions to be observed, if necessary, by students who elect to study in continental Europe rather than in England.

5. Scholarship-holders will be provided with a second class passage to Europe, and also with a return passage if they complete the full period of residence or are compelled by sickness to return within that period. They will be required for disciplinary purposes to conform to such rules as the Secretary of State may make in this behalf.

6. Applications should be submitted to the Director of Public Instruction, Punjab, by the 1st February 1914, accompanied by full particulars as to education and other qualifications and certificates of physical fitness from the Civil Surgeon of the district.

7. A copy of the rules for the guidance of Indian Government scholars in England is appended.

### RULES FOR INDIAN GOVERNMENT SANSKRIT AND ARABIC SCHOLARS IN EUROPE.

1. The Secretary of State considers it desirable that all Government scholars should avail themselves of the information and advice which the Educational Adviser to Indian students is in a position to give them, and these rules are framed with that end in view. Government scholars, equally with private students, may consult the Educational Adviser upon any question, and will receive from him all possible assistance, and the Secretary of State hopes that they will communicate with the Educational Adviser not only on the occasions when they are directed so to do in these rules, but also in any circumstances of difficulty, and whenever they desire advice or information. Scholars will be regarded as being under the supervision and charge of the Educational Adviser, to whom they should, in all cases, address any communication they may have to make, and to whom also all reports or other communications having reference to scholars should be sent. The Educational Adviser will bring to the notice of the Secretary of State on behalf of any scholar any question requiring his decision, and will communicate to the scholar the orders passed by the Secretary of State.

2. Every scholar should, on reaching England, at once call upon the Educational Adviser* and report his arrival in writing. He should leave his address with the Educational Adviser and intimate to him from time to time all changes therein.

3. Every scholar should, without unnecessary delay, inform the Educational Adviser to which University he intends to proceed, and should at once take steps to enter himself at the College he has finally selected with his approval.

4. Every scholar must, within four weeks of reaching England, submit to the Educational Adviser, for the approval of the Secretary of State, a statement showing the general course of study he proposes to follow; and the course approved must not be changed without the sanction of the Secretary of State.

5. Every scholar must, at the end of each term of residence at a University, submit to the Educational Adviser a certificate from the proper College or University authority, showing that his residence, conduct, and progress in study have been satisfactory during the term.

6. Every scholar must at all times obey such instructions as he may receive from the Secretary of State, either directly or through the Educational Adviser.

*The Educational Adviser's office is at 21, Cromwell Road, South Kensington, S. W.

7. Subject to a due compliance with the above conditions, the allowance at the rate of £150 a year for two years will be paid quarterly, in advance, by the India Office, commencing from the date of the scholar's reporting his arrival in England. The first payment will be £37 10*s*. Three months after the date of reporting arrival the amount to the ensuing official quarter day will be paid. Subsequent payments will be made in advance, on or after each official quarter day. The allowance will be reduced by the amount of any other sum which may become payable to him out of the revenues of India in respect of residence at a University or College, during the same period or any part of it, and also by the amount of any University or College bills, of which payment is made by the India Office.

The necessary travelling expenses of scholars by second class, or by third class if no second class be available, will be separately defrayed by the Secretary of State; these should be claimed on forms obtainable from the Educational Adviser.

8. No claim can be admitted for the payment or refund of any expenditure unless the scholar has obtained the *previous* sanction of the Secretary of State for India to such expenditure. (This does not apply to necessary travelling expenses referred to above.)

9. Every scholar will forfeit his scholarship who, not being disabled by illness or prevented by any other cause which the Secretary of State may consider sufficient, fails to complete a residence of two years in England according to the terms and conditions approved by the Secretary of State under Rule 4, or who is guilty of misconduct or disregard of the orders of the Secretary of State. If a scholarship be forfeited, or if it be resigned before completion of its term, or if a scholar on completion of the term of his scholarship declines to return to India when instructed to do so, the scholar will lose his claim to a free return passage to India, and will further become liable, at the discretion of the Secretary of State, to refund the cost of his free passage to England.

10. At the expiration of his scholarship a scholar is provided by the India Office with a free second class passage to India. The scholar is not entitled to make his own passage arrangements and to claim an allowance in lieu from the India Office without the special sanction of the Secretary of State. All communications on this subject are to be made to the Educational Adviser.

11. Should the Secretary of State be advised that the state of a scholar's health is such as to render his return to India desirable, the scholarship may be terminated forthwith and a free return passage granted to the scholar.

## No. 1511 R. I.

GOVERNMENT OF THE PUNJAB.

# PUBLIC WORKS DEPARTMENT.

## IRRIGATION BRANCH.

*Resolution by His Honour the Lieutenant-Governor of the Punjab and its Dependencies.*

*Dated Lahore, the 23rd December* 1913.

READ—

Administrative Report by the Chief Engineer, Irrigation Works, Punjab, of the Canals in the Punjab for the year 1912-13.

RESOLUTION.

*Capital Outlay.*

THE Capital Outlay, Direct and Indirect, on those Productive or Major Works, which were in operation at the end of the year 1912-13, was Rs 16,15,94,136. Of this Rs. 1,52,94,375 represent contributions from the Native States.

2. The Imperial expenditure incurred during 1912-13 was Rs. 28,60,171. Of this Rs. 23,14,579 were expended on the construction of the Upper Chenab Canal which commenced irrigation during the year.

3. On Minor Canals for which Capital accounts are kept the expenditure incurred during the year was Rs. 17,489 raising the amount expended to end of the year on these canals to Rs. 8,77,466, of which Rs. 2,85,442 represent contributions from the Bikaner State towards the cost of the Ghaggar Canals.

*Nature of seasons.*

4. Practically no rain fell during the early months of both kharif and rabi crops. The canal supplies were adequate during the kharif, but the absence of rainfall combined with the very low river supplies from October to February resulted in a smaller area being irrigated on several canals during the rabi than in the previous year. There was, however, satisfactory rainfall during the later months of each season, and this was of considerable benefit to the crops. The absence of insect pests, frost, flooding and other adverse conditions during the year was marked, and enabled a very large proportion of the crop sown to be satisfactorily matured.

*Area irrigated, etc.*

5. The area irrigated by works of all kinds and the area matured compare as follows with the corresponding figures for the previous triennium and for the year 1911-12 :—

| —— | Average of 3 years ending 1911-12. | During 1911-12. | During 1912-13. |
|---|---|---|---|
| *Imperial and Provincial.* | Acres. | Acres. | Acres. |
| Area irrigated ... ... ... ... | 7,109,356 | 7,702,914 | 7,843,879 |
| Area matured ... ... ... ... | 6,539,876 | 7,104,589 | 7,469,862 |
| *Native States.* | | | |
| Area irrigated ... ... ... ... | 439,159 | 628,978 | 585,502 |
| Area matured ... ... ... ... | 431,677 | 623,821 | 583,048 |

Under Imperial and Provincial the area irrigated and area matured show, therefore, an increase of 140,965 acres and 365,273 acres, respectively, over the figures of 1911-12 and of 734,523 acres and 929,986 acres over those of the previous triennium. The increase in the area irrigated is due mainly to the extra area brought under irrigation by the Upper Chenab Canal and to sufficient volumes being available in the rivers for the Inundation Canals during the hot weather. The results are very satisfactory, and the area irrigated would have been even larger had not the very low river supplies during the early months of the rabi resulted in a reduced area being sown in that harvest.

*Financial results.*

6. The gross receipts from works of all kinds during the year under review compare as follows with the figures for the year 1911-12 and the two previous triennial periods ending 1908-09 and 1911-12 :—

| —— | Average for the 3 years ending | | During 1911-12. | During 1912-13. |
|---|---|---|---|---|
| | 1908-09. | 1911-12. | | |
| | Rs. | Rs. | Rs. | Rs. |
| *Imperial and Provincial.* | | | | |
| Major Works ... ... ... | 2,11,85,169 | 2,43,09,364 | 2,71,10,441 | 3,27,93,359 |
| Minor Works ... ... ... | 15,84,544 | 17,47,219 | 16,57,029 | 17,28,636 |
| Total ... | 2,27,69,713 | 2,60,56,583 | 2,87,67,470 | 3,45,21,995 |
| *Native States* | | | | |
| Major Works ... ... ... | 21,40,609 | 17,17,265 | 19,18,572 | 27,12,156 |
| Minor Works ... ... ... | 76 | 23 | 28 | 19 |
| Total ... | 21,40,685 | 17,17,288 | 19,18,600 | 27,12,175 |

The gross receipts from the Major Works, therefore, show an increase of nearly Rs. 57 lakhs over the previous year and of nearly 85 and 116 lakhs, respectively, over the two previous triennia.

Under Minor Works the gross receipts were Rs. 71,607 more than during the previous year and Rs. 18,583 less than during the previous triennium.

The Working Expenses for the year under review compare as below with the similar figures of the annual averages of the two previous triennia and of the year 1911-12 :—

| | TRIENNIAL PERIOD ENDING | | During 1911-12. | During 1912-13. |
|---|---|---|---|---|
| | 1908-09. | 1911-12. | | |
| | Rs. | Rs. | Rs. | Rs. |
| *Imperial and Provincial.* | | | | |
| Major Works ... ... ... | 71,43,073 | 80,25,998 | 83,56,458 | 86,81,929 |
| Minor Work ... ... ... | 10,39,225 | 10,43,544 | 10,13,039 | 9,24,912 |
| Total ... | 81,82,298 | 90.69,542 | 93.69,497 | 96,06,841 |
| *Native States.* | | | | |
| Major Works ... ... ... | 8,06,789 | 7,38,757 | 7,53,810 | 9,77,735 |
| Minor Work ... ... ... | 3,111 | 4,064 | 3.311 | 2,926 |
| Total ... | 8,09,900 | 7,42,821 | 7,57,121 | 9,80,661 |

The net revenue for the year compares as follows : —

| | TRIENNIAL PERIOD ENDING | | During 1911-12. | During 1912-13. |
|---|---|---|---|---|
| | 1908-09. | 1911-12. | | |

| Minor Works ... ... ... | 5 45,319 | 7,03,675 | 6,43,990 | 8,03,724 |
| Total ... | 1,45,87,415 | 1,69,87,041 | 1,93,97,973 | 2,49,15,154 |

| Total ... | 13,20,785 | 9,74,467 | 11,61,480 | 17,31,514 |

The above table exhibits a very satisfactory result. Excluding the Upper Chenab Canal, which was not completed, but which was opened for irrigation during the year, the return on Capital Outlay was nearly 21 per cent.

The percentages of net revenue on Capital Outlay on the various larger Canals were as follows :—

| Canal. | Excluding interest charges. | Including interest charges. |
|---|---|---|
| Western Jumna Canal ... ... ... ... ... | 10·31 | 6·98 |
| Sirhind Canal ... ... ... ... ... | 14·00 | 10·67 |
| Upper Bari Doab Canal ... ... ... ... | 13·58 | 10·18 |
| Upper Chenab Canal ... ... ... ... ... | 0·02 | —3·30 |
| Lower Chenab Canal ... ... ... ... ... | 39·18 | 35·80 |
| Lower Jhelum Canal ... ... ... ... ... | 20·09 | 16·66 |
| Upper Sutlej Inundation Canals ... ... ... ... | 5·65 | 2·38 |
| Sidhnai Canals ... ... ... ... ... | 28·60 | 25·21 |
| Indus Inundation Canals ... ... ... ... | 3·12 | —0·27 |

*General remarks.*

7. The estimated value of the crops raised on all canals for the year under review is Rs. 30,70,86,310 as against Rs. 25,83,37,457 for the previous year. This gives an average of Rs. 38 per matured acre.

The length of channels in operation at the end of March 1913 was 16,935 miles, *viz.*, 4,120 miles of Canals and Branches and 12,815 of distributaries. Of these 66 miles Canals and Branches and 176 miles of distributaries were opened during the year.

8. During the year very good progress was made with the Triple Project. The Upper Chenab Canal which was opened at the beginning of the year gave most satisfactory results during the first year of its working—the area irrigated being 116,162 acres against 40,000 anticipated in the project forecast. The Lower Bari Doab Canal was opened just after the close of the year—a year earlier than originally anticipated in the Project. Neither the Upper Chenab Canal nor the Lower Bari Doab Canal can work to full advantage until the Upper Jhelum Canal has been completed, as they cannot get a cold weather supply until the surplus water of the Jhelum river can be made available for the Lower Chenab Canal. Every effort is therefore being made to complete the Upper Jhelum Canal as soon as possible, and it is hoped that it will be ready for opening during October 1914.

The total expenditure on these three canals to end of 1912-13 was Rs. 7,59,18,242 as below :—

| | Rs. |
|---|---|
| Upper Jhelum Canal ... ... ... | 3,08,10,171 |
| Upper Chenab Canal ... ... .. | 2,87,82,373 |
| Lower Bari Doab Canal ... ... ... | 1,63,25,698 |

9. Further surveys in connection with the Sutlej Valley Project for utilisation of the surplus water of the Sutlej river were found necessary and were nearly completed during the year.

10. It is hoped that the Hydro-Electric Scheme for the relief of water-logging near Amritsar will be sanctioned and works connected therewith will be started during 1913-14. This scheme provides for replacing canal irrigation by well irrigation in the water-logged area. Power for pumping water from tube-wells will be obtained from a fall on the Canal about three miles from Amritsar.

11. The necessity for waterproofing the sections of those channels which are held to be partially or wholly responsible for the water-logging of certain tracts was not lost sight of during the year under review, though the dry weather and the scanty supplies in the rivers rendered long winter closures of canals impracticable, and greatly limited the progress of this work. Nevertheless, on the Lower Chenab Canal, Sirhind Canal, and Upper Bari Doab Canal both experiments and actual linings of channels on a small scale were effected, the results of which will prove of great value when more extended operations can be undertaken. So far as is yet known, the progress made has been in the right direction and promises good results.

12. The posts of Chief Engineer were held during the year under review by :—

The Lieutenant-Governor is glad to be able to congratulate the Chief Engineer and the officers of the Department on the excellent results of the year's working as regards both maintenance and construction. The figures of areas irrigated and of revenue for the year exceeded all previous records, and in a year which in the absence of canal irrigation would have been very unfavourable to agriculture, they bear eloquent testimony to the great benefits derived from the canals all over the Province both by the people and the Government.

By order of His Honour the Lieutenant-Governor,

F. E. GWYTHER,

*Secretary to Government, Punjab.*

RULES.

1. (*a*) No election shall be valid if any corrupt practice is committed in connection therewith by the candidate elected.

(*b*) A person shall be deemed to commit a corrupt practice within the meaning of these Regulations—

(*i*) who, with a view to inducing any voter to give or to refrain from giving a vote in favour of any candidate, offers or gives any money or valuable consideration, or holds out any promise of individual profit, or holds out any threat of injury, to any person, or

(*ii*) who gives, procures or abets the giving of a vote in the name of a voter who is not the person giving such vote.

And a corrupt practice shall be deemed to be committed by a candidate if it is committed with his knowledge and consent, or by a person who is acting under the general or special authority of such candidate with reference to the election.

*Explanation.*—A "promise of individual profit" includes a promise for the benefit of the person himself, or of any one in whom he is interested.

2. Every petition against the return of any candidate at a municipal election on the ground of corrupt practice shall be made in writing, signed by a person who was a candidate at the election or by not less than five electors, and the petition shall be presented to the Deputy Commissioner within one week after the day on which the result of the election was declared. The petition shall specify the acts which the objector or objectors allege to amount to corrupt practice as affecting the result of the election, and which he or they are prepared to establish, and shall on presentation be supported by a statement made on oath by each objector:

Provided that on sufficient cause being shown the limit of one week prescribed by this rule may be extended by the Deputy Commissioner.

3. (1) At the time of presenting an election petition or within three days afterwards the objector shall give security for all costs, charges, and expenses which may become payable by him to any witness summoned on his behalf, or to any respondent.

(2) The security shall be to such amount, not exceeding Rs. 2,000, as the Deputy Commissioner may direct, and shall be given, either by a deposit of money or by recognizance entered into by not more than three sureties, or partly in one way and partly in the other.

4. The Deputy Commissioner may either immediately or after a summary enquiry reject the application, after recording his reasons in writing for so doing, if he is not satisfied that there are grounds for further action on the petition.

5. If the Deputy Commissioner believes, after examining the objectors and making such enquiry as he deems fit, that any corrupt practice has been committed in connection with the election of the respondent, he, or in the case of 2nd class municipalities such officer not below the rank of a Magistrate, 1st class, as he may appoint on this behalf, shall serve on the respondent a notice of the presentation of the petition, together with a copy of the petition, and shall summon him and in his presence make an enquiry regarding the charges brought against him.

6. (1) The enquiry shall be held in a place to which the public have free access, and notice of the time and place of enquiry shall be given to the parties not less than 7 days before the first day of the enquiry.

(2) The place of enquiry shall be within the municipality, except that the officer holding the enquiry may, on being satisfied that special circumstances exist rendering it desirable that the enquiry should be held elsewhere, appoint some other convenient place for the enquiry.

7. Where the respondent does not appear when the enquiry is instituted, then—

(1) if it is proved that the summons was duly served, the officer holding the enquiry may proceed with the enquiry *ex parte*;

(2) if it is not proved that the summons was duly served, the officer holding the enquiry shall direct a second summons to be issued and served on the respondent.

8. For the purpose of compelling the appearance of witnesses or the production of documents or other moveable property and of recording evidence, the officer holding the enquiry shall exercise the same powers as are exercisable by a District Magistrate under Chapters VI and VII of the Criminal Procedure Code of 1898.

9. The officer holding the enquiry shall make a record of all relevant evidence tendered, and shall, at the conclusion of the proceedings, draw up a report of what he believes to be the facts of the case, supported by the recorded evidence, and state his opinion whether the alleged corrupt practice has been committed in connection with the election of the respondent. If the officer holding the enquiry be satisfied that no case has been established against the return of the candidate whose election has been the subject of inquiry, he shall record an order to this effect and declare his election valid. If, on the other hand, he believes that the allegation of corrupt practice has been established, he shall forward the proceedings with his report to the Commissioner.

10. All costs, charges, and expenses of, and incidental to, the presentation of the petition, and the subsequent enquiry, shall be defrayed, by the parties concerned, in such manner and proportions as the Deputy Commissioner determines; and in particular any costs, charges or expenses which, in the opinion of the Deputy Commissioner, have been caused by vexatious conduct, unfounded allegations, or unfounded objections on the part either of any objector or of the respondent, and any needless expenses incurred or caused on the part of any objector or the respondent, may be ordered to be defrayed by the parties by whom they have been incurred or caused.

11. Any costs awarded under these rules may be recovered on aplication to a magistrate having jnrisdiction within the limits of the municipality, or in any other place where the person from whom the money is claimable may for the time being be resident, by the distress and sale of any moveable property within the limits of his juirisdiction belonging to such person.

12. If the Commissioner, after a perusal of the proceedings, is of opinion that the charge of corrupt practice has not been established, he may pass an order declaring the candidate duly elected. If, on the other hand, he finds that the charge of corrupt practice has been established, he shall (*i*) in the case of a municipality of the 2nd class declare the election void, and may further order that the candidate shall be incapable of holding a municipal office for a period which may extend to 10 years ; or (*ii*) in the case of a municipality of the 1st class, forward the proceedings to the Local Government with an expression of his opinion. On receipt of the proceedings the Local Government may pass such order as might, in the case of a municipality of the 2nd class, be passed by the Commissioner.

13. Either the Commissioner or the Local Government may remand the proceedings to the officer holding the enquiry for further enquiry, if this be thought necessary, before passing a final order. No party to the proceedings may claim, as a right, to be present in person or by counsel before the Commissioner, or the Local Government.

14. The Deputy Commissioner may, of his own motion, make an enquiry regarding the conduct of any candidate whom he has reason to suspect of having committed any corrupt practice, in connection with his election, and the case shall be investigated and disposed of in the manner prescribed in these rules.

15. When under rule 11 the election of a candidate is declared void, the Commissioner or the Local Government as the municipality may be of the 2nd or 1st class, shall direct either that the unsuccessful candidate next following on the list be declared duly elected, or that a new election be held.

Provided that if the voter so wishes, he may request the polling officer to mark the (×) for him.

A voter claiming to vote after another has voted in his name will vote on a green paper known as a "tendered" paper. The tendered vote will not be put in the ballot box, but will be kept apart and its acceptance or non-acceptance will be decided by the Deputy Commissioner, whose decision will be final.

**Exception to general mode of election.**

16. (1) The Deputy Commissioner may, if he thinks fit, vary the above method of recording votes by permitting all voters in receipt of a monthly income of Rs. 100 or over to send their votes by hand or post to the Deputy Commissioner or such other officer as may be appointed by him for the purpose, by such date and within such time as may be fixed.

(2) Voters who are thus exempted from personal attendance will be supplied with a ballot paper in the prescribed form and will be required to score out the name or names of such candidate or candidates as they do not wish to vote for, place their initials against

(2) The polling officer shall examine into the matter and then decide as to whether the vote should be recorded or not and such decision shall be final and subject to no appeal.

Announcement of result.

18. (1) As soon after the close of the poll as possible the result of the voting shall be published under the authority of the Deputy Commissioner.

(2) The candidates who have the largest number of votes in the ward or class for which they stand shall be declared as being the duly elected members for that ward or class.

(3) In the case of two candidates for a single vacancy or for the last of several vacancies polling an equal number of votes, the senior in years shall be deemed to be elected.

Mode of filling up casual vacancies.

19. When a vacancy occurs among the elected members of the committee by death, resignation or removal, and a new member has to be elected to fill the vacancy in accordance with section 17, sub-section (1), of the Punjab Municipal Act, III of 1911, such election shall be conducted in the following manner:—

The election shall be made at a special meeting of the committee held under the rules, and shall be decided in accordance with the majority of votes of members present who by clause (*a*) or (*b*) of this rule are entitled to be electors.

(3) The result of such election will be intimated to the Deputy Commissioner who will submit the same to Government for notification in the Gazette.

20. The President of the committee shall hold office for three years.

21. Members of the committee, other than those appointed *ex-officio*, shall hold office for three years.
